

## FLORIDA DEPARTMENT OF TRANSPORTATION

### 95 Express Lanes Phase 3C

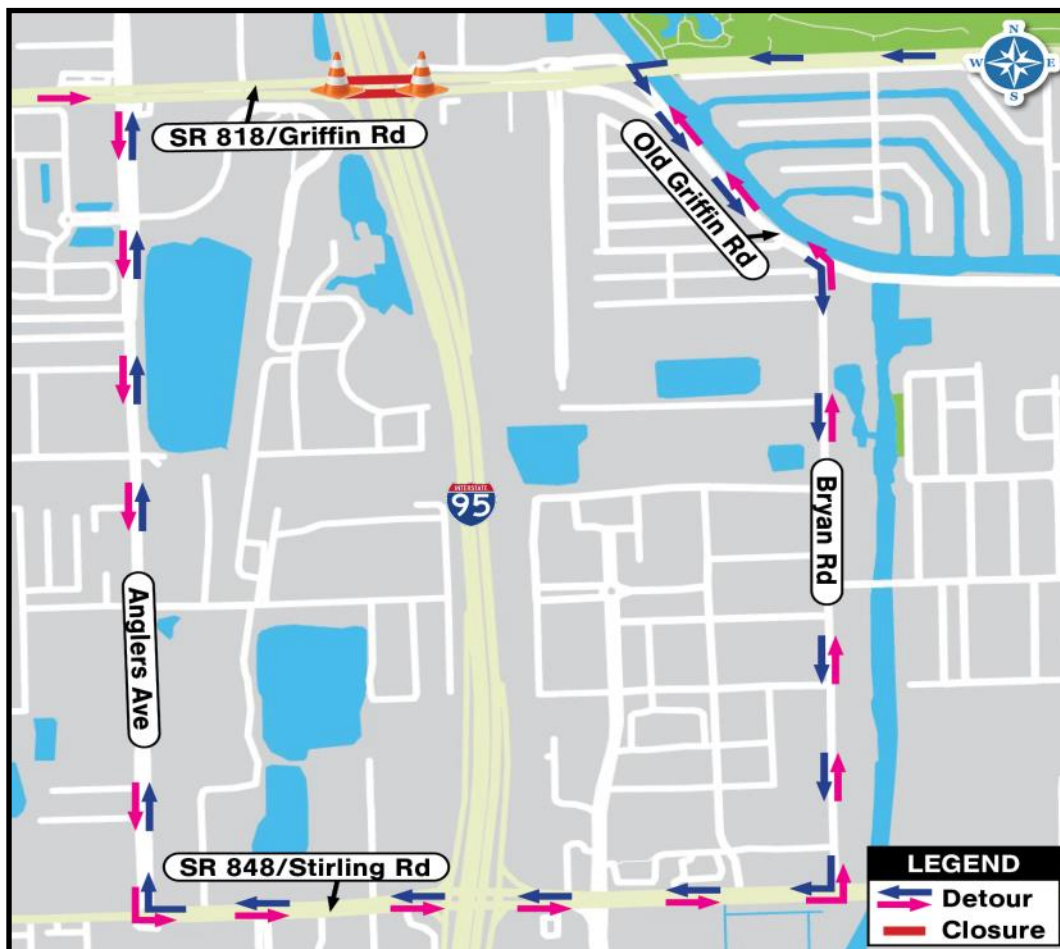

SR 9/I-95 from south of SR 820/Hollywood Boulevard to south of SR 842/Broward Boulevard and SR 862/I-595 from SR 7/US 441 to SR 9/I-95

Financial Project ID Numbers: 409354-2-52-01 and 432222-1-52-01

Project Website: [www.d4fdot.com](http://www.d4fdot.com)

### SR 818/Griffin Road at SR 9/I-95 To Close Nightly Through May 2024

As part of the 95 Express Lanes Phase 3C project, all lanes of SR 818/Griffin Road at SR 9/I-95 will be closed nightly, as needed, 11 p.m. until 5:30 a.m., through Friday, May 31 for bridge construction operations. Once the closure is implemented, westbound traffic will be detoured via Old Griffin Road, Bryan Road, SR 848/Stirling Road and Anglers Avenue. Eastbound traffic will be detoured via Anglers Avenue, SR 848/Stirling Road, Bryan Road and Old Griffin Road. Signage will be in place to assist motorists.

This project will extend the existing express lanes north from just south of SR 820/Hollywood Boulevard to just south of SR 842/Broward Boulevard in Broward County, along SR 7/US 441. One lane will be added, and the High Occupancy Vehicle (HOV) lane will be converted to create two express lanes in each direction. The number of General Use lanes will remain the same. Other project improvements include construction of the I-95/I-595 Direct Connectors between 95 Express Lanes and SR 862/I-595, as well as reconstruction, milling, resurfacing, and widening of SR 862/I-595 from SR 7/US 441 to SR 9/I-95 and along SR 9/I-95 from south of SR 820/Hollywood Boulevard to south of SR 842/Broward Boulevard. Additional work includes bridge widening along SR 9/I-95 at several locations, painting of 17 bridges within the project limits, SR 9/I-95 and SR 84 interchange modifications, Integrated Intelligent Transportation System (ITS) Installation, including traffic monitoring devices, detectors, and dynamic message signs to optimize traffic operations, tolling/gantry construction, ramp signalization implementation at the interchanges, lighting, signage, and drainage installation, and construction of shoulder-mounted sound walls and retaining walls.
