

SOUTHERN BOULEVARD BRIDGES REPLACEMENT PROJECT

Project Update
Friday, May 24, 2019

Please be advised the east and west sidewalks on Flagler Drive, from Southern Boulevard to Worth Court North, and the south sidewalk on Southern Boulevard, from Washington Road to Flagler Drive, will be closed from May 30 to summer 2020 for drainage installation and reconstruction of the roadways. In addition, the dedicated left-turn lane from northbound Flagler Drive to westbound Southern Boulevard will be eliminated until further notice. Pedestrians will be detoured as follows (see attached map):

- Pedestrians going north on Flagler Drive should: Go west on Worth Court North to Washington Road; go north on Washington Road to Southern Boulevard; go east on Southern Boulevard to Flagler Drive.
- Pedestrians going south on Flagler Drive should: Go west on Southern Boulevard to Washington Road; go south on Washington Road to Worth Court North; go east on Worth Court North to Flagler Drive.

The Southern Boulevard (SR 80) Bridges Replacement Project includes replacing the existing bascule (draw) bridge and tide relief bridge over the Intracoastal Waterway (ICWW) and Lake Worth Lagoon between the Town of Palm Beach and the City of West Palm Beach. The project limits are between Washington Road in West Palm Beach and State Road A1A/South Ocean Boulevard in Palm Beach. New decorative lighting, pedestrian features, traffic signals, signage and drainage are included. A temporary bridge has been built north of the existing bridge to maintain traffic while the replacement bascule bridge is under construction. Active construction began April 3, 2017 and will last until early 2021. The estimated construction cost is \$93 million.
