

FLORIDA DEPARTMENT OF TRANSPORTATION - DISTRICT FOUR INVITES YOU TO A PUBLIC MEETING

RESURFACING, RESTORATION, AND REHABILITATION (RRR) PROJECT

State Road (SR) A1A/South Ocean Boulevard from North of Ibis Way to North of Emerald Beach Way
Palm Beach County, Florida
Financial Project ID: 448417-1-52-01

The Florida Department of Transportation (FDOT) will conduct a public meeting for the above referenced project within Palm Beach County. This public meeting will be offered in-person and virtually simultaneously. The public meeting will have representatives available to answer questions. Project information will be available for public viewing. Questions and comments may be submitted prior to the meeting by emailing Vandana Nagole, P.E., CPM (contact information below). The presentation will start at 6:00 p.m. followed by a question-and-answer session. Project information is posted at: <https://tinyurl.com/448417-1-SR-A1A-Project>.

PURPOSE OF PROJECT: Repave and restripe the existing roadway to extend the service life of the pavement and enhance safety for motorists and cyclists.

PROPOSED IMPROVEMENTS

- Repave the existing roadway to improve the resiliency of our infrastructure.
- Widen the paved shoulders from 3-feet to 5-feet along both sides of SR A1A from Ibis Way to Sloan's Curve to better accommodate cyclists who wish to use the roadway.
- Install shared lane markings indicating cyclists should be expected in the lane from Sloan's Curve to the north end of the project to increase driver awareness and increase safety for cyclists.
- Upgrade signs and pavement markings to meet current standards and increase reflectivity.
- Install advisory speed signs, painted speed limits on the pavement, reduced speed pavement markings, and internally illuminated pavement markers on reverse curve approaches to improve safety for drivers by alerting them to the upcoming curves.
- Replace existing 1,080 feet asphalt sidewalk with a 6-foot concrete sidewalk on the west side of SR A1A from north of Ibis Way to south of Sloan's Curve.
- Replace guardrail at Sloan's Curve to improve safety for occupants of errant vehicles leaving the roadway.
- Address flooding at 1800 South Ocean Boulevard by replacing the French drain system at that location, improving the safety of the roadway.

CONSTRUCTION IMPACTS

- Work will be done in three (3) phases to reduce the impacts to the community.
- During Phase I, the road will be narrowed to one lane to construct the drainage improvements in front of 1800 Block for
 - approximately 270 feet for approximately six (6) weeks.
 - Traffic patterns will be maintained by flagger.
- Lane closures will occur during daytime and nighttime hours on non-event days for Phase I.
- Lane closures will occur during daytime hours on non-event days for Phases II and III.
- Pedestrian traffic will be maintained within the existing sidewalk limits with a temporary walkway outside of the work zone.
- Access to properties along the corridor will be maintained during construction.

CONSTRUCTION INFORMATION

FM# 448417-1-52-01:

- Anticipated Construction Start Date: **Spring 2026**
- Anticipated Construction End Date: **Spring 2027**
- Estimated Construction Cost: **\$3.2 Million**

JOIN US AT THE PUBLIC MEETING

Tuesday, February 25, 2025, at 6:00 p.m.

Palm Beach Fire Rescue Station No. 3

2185 South Ocean Boulevard
Palm Beach, Florida 33480

Free parking will be provided during the public meeting in Phipps Ocean Park (South of the Fire Station).

To participate in the **virtual public meeting** from your computer, tablet, or smartphone please register using the QR code above or the following link:

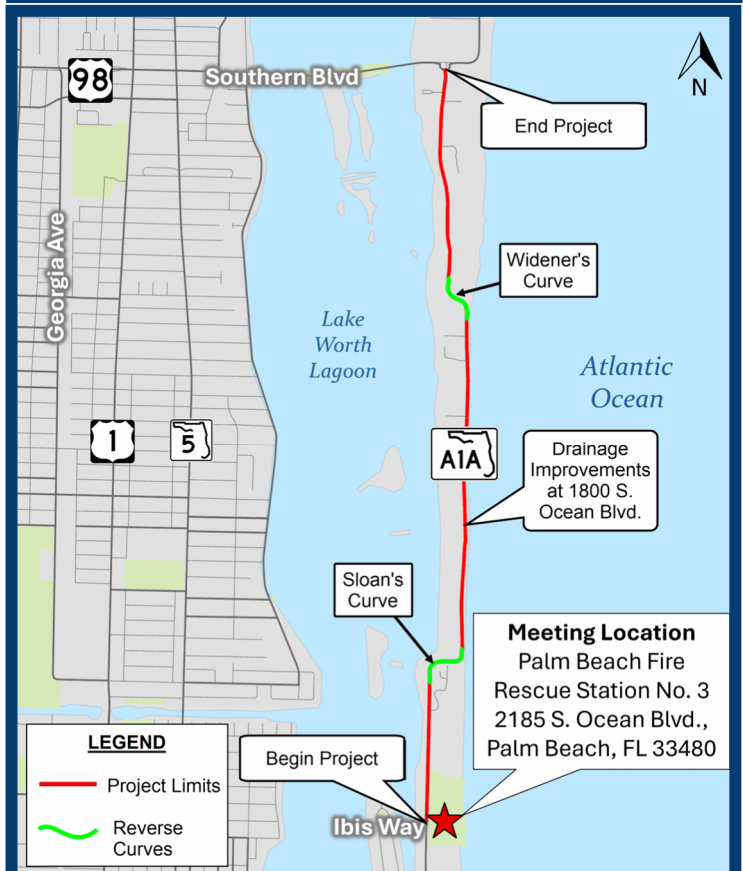

<https://tinyurl.com/SR-A1A-448417-1>.

Participants can also dial in using their phone:

Dial in number: +1 (914) 614-3221

Access code: 653-663-900

If you are unable to attend the meeting, a recording of it will be posted at: <https://tinyurl.com/448417-1-SR-A1A-Project>.

FLORIDA DEPARTMENT OF TRANSPORTATION MISSION STATEMENT

The Florida Department of Transportation's mission is to provide a safe statewide transportation system that promotes the efficient movement of people and goods, supports the state's economic competitiveness, prioritizes Florida's environment and natural resources, and preserves the quality of life and connectedness of the state's communities.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons who require special accommodations under the Americans with Disabilities Act (ADA) or persons who require translation services (free of charge) should contact Vandana Nagole, P.E., Project Manager, at least seven (7) days prior to the Public Meeting.

ROAD DESIGN IN PROGRESS

RESURFACING (RRR) PROJECT

State Road (SR) A1A/South Ocean Boulevard from North of Ibis Way to North of Emerald Beach Way
Palm Beach County, Florida
Financial Project ID: 448417-1-52-01

THIS IS HOW I ROLL

Community feedback is at the core of all we do, FDOT works with the public to balance their community vision with the community's transportation needs. This is routine on all our projects to ensure Florida's infrastructure is safe, resilient, and efficient for many years into the future.

THIS IS HOW I ROLL
