

# Design Elements:

- Design repeats elements from Veterans Memorial Bridge and sections of SR76 to the south
- Medians include solid shrub plantings (no sod), decorative conc. maintenance strips, irrigation systems
- Sound walls (2,600') include trees, shrubs and irrigation
- (4) Ponds include tree plantings only (no irrigation)
- Three irrigation systems drawing from on site ponds
- Key stats: Total project Length 3.75 miles, 29 medians, 7,425' Full Width Medians, 6,346' Plantable Traffic Separators, 5,798' Within Sight Triangles
