### PROJECT PURPOSE

To rehabilitate and extend the service life of two bridges in the City of Dania Beach. This will increase the resiliency of our infrastructure and promote the movement of goods and people.

### PROJECT IMPROVEMENTS

- Replace materials at the longitudinal and expansion joints with newer state-of-the-art materials.
- Repave the existing asphalt overlay on the bridges to improve smoothness and friction for motorists.

### CONSTRUCTION IMPACTS

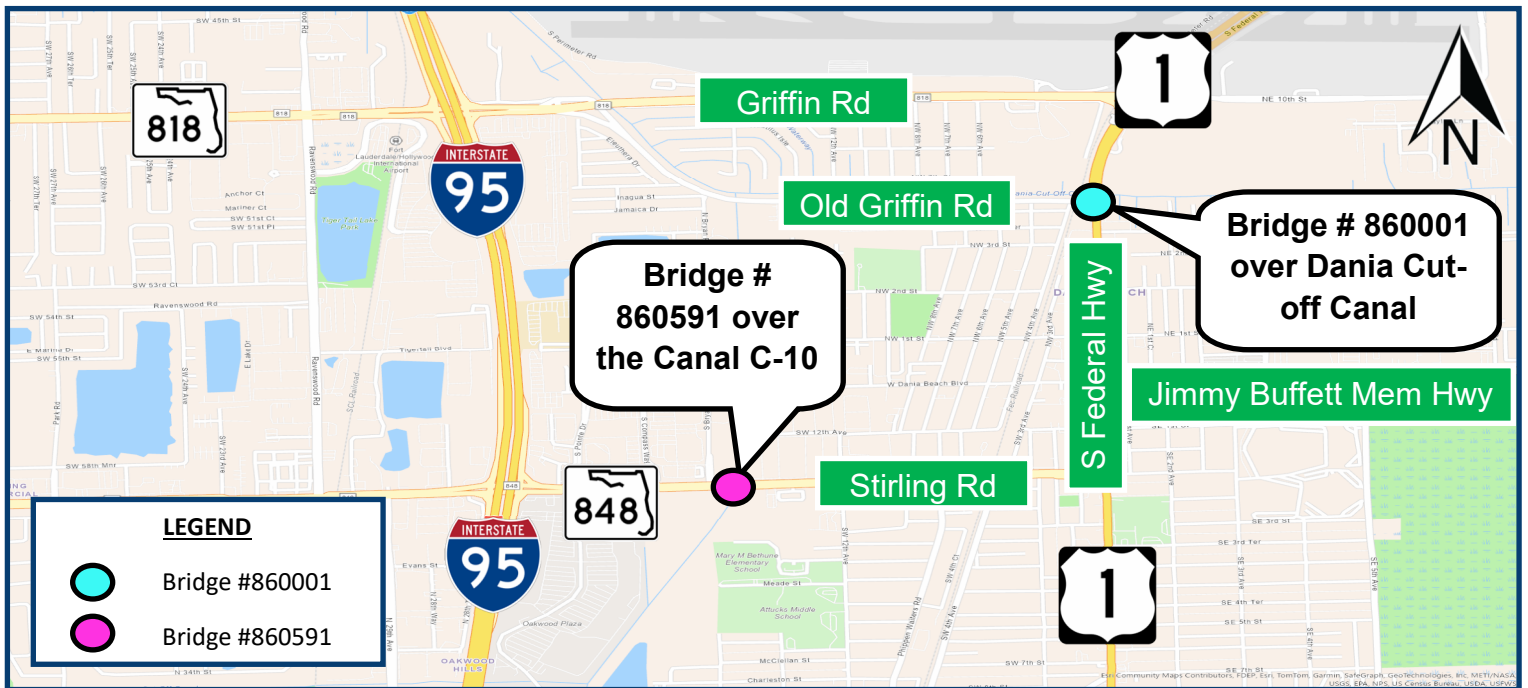

- At least one lane in each direction will remain open at all times.
- All work will be done in phases to reduce the impacts of construction on the community.
- Pedestrian traffic will be maintained at all times.
- Access to businesses and residences will be maintained during construction.
- Passenger access to and from bus stops will be maintained during construction.

### CONSTRUCTION INFORMATION

- Anticipated Construction Start: Winter 2026
- Anticipated Construction End: Winter 2027
- Estimated Construction Cost: \$2.4 Million

### THIS IS HOW I ROLL

Community feedback is at the core of all we do. FDOT works with the public to balance their community vision with the community's transportation needs. This is routine on all our projects to ensure Florida's infrastructure is safe, resilient, and efficient for many years into the future.
