

FLORIDA DEPARTMENT OF TRANSPORTATION I-595 Resurfacing Project Closure Notice

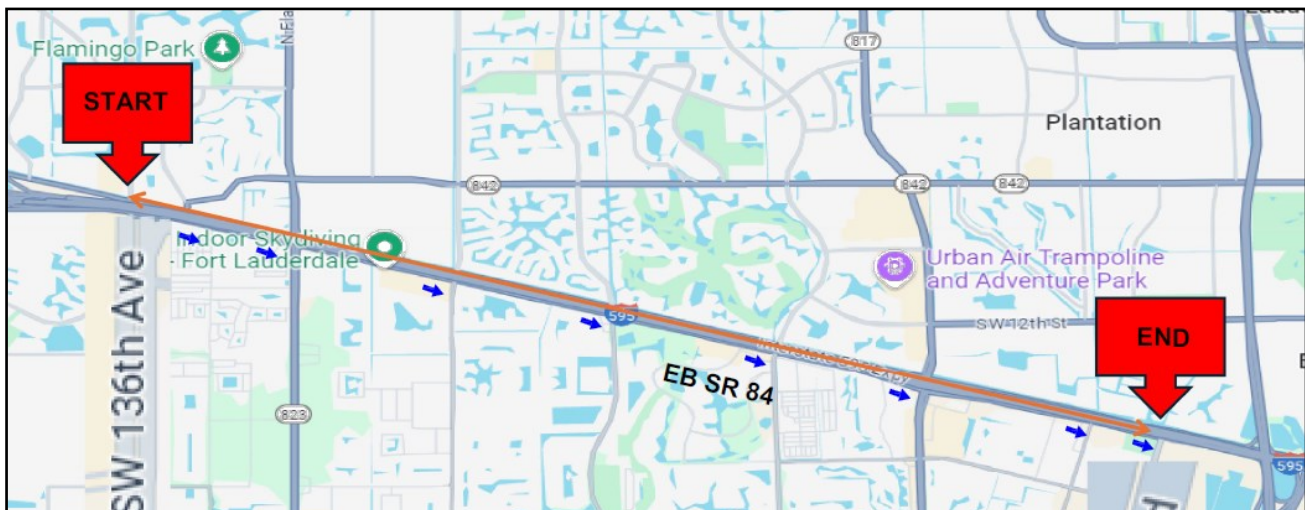

I-595 CORRIDOR RESURFACING PROJECT | PHASE I

I 595 and State Road 84 from I-75 to I-95, including Florida's Turnpike interchange areas
Financial Project ID: 420809-3-52-01

EASTBOUND I-595 GENERAL PURPOSE LANES FROM PINE ISLAND ROAD TO DAVIE ROAD ARE CLOSED ON SELECT NIGHTS FROM WEDNESDAY, OCTOBER 8, 2025 THROUGH THURSDAY, NOVEMBER 13, 2025—

Eastbound I-595 General Purpose lanes from Pine Island Road to Davie Road may have up to three lanes closed on select nights from Wednesday, October 8, 2025 through Thursday, November 13, 2025. The first lane will close at 9:00 p.m., the second lane at 9:30 p.m., and the third lane at 10:00 p.m., with all lanes reopening by 5:00 a.m. This closure is necessary to safely perform milling and resurfacing operations. A detour, including impacted on- and off-ramps, remains in place along Eastbound State Road 84 from Pine Island Road to Davie Road. Ongoing milling and resurfacing activities may be impacted by weather conditions. Motorists are encouraged to continue traveling east on State Road 84 and use the next available on-ramp to Eastbound I-595 once it is open and safe for travel. Please use caution in the area and follow all posted detour signs.

In addition to ongoing maintenance activities, the I-595 Resurfacing Project began on Sunday, June 22, 2025. This project includes repaving the I-595 corridor—encompassing the Express Lanes, general-purpose lanes, and State Road 84—to improve the durability and resilience of the roadway. It also involves upgrading signage and pavement markings to meet current standards and enhancing the pavement surface for a smoother, safer driving experience. All work is being performed during nighttime hours to minimize impacts on daytime traffic. Updates on lane closures and project progress will continue to be shared as work advances.

CONSTRUCTION INFORMATION:

- Anticipated Resurfacing End: **March 2029**
- Work will be done during off-season periods over the next four years.
- Estimated Resurfacing Cost: \$20M
