## 95 Express Lanes Phase 3C

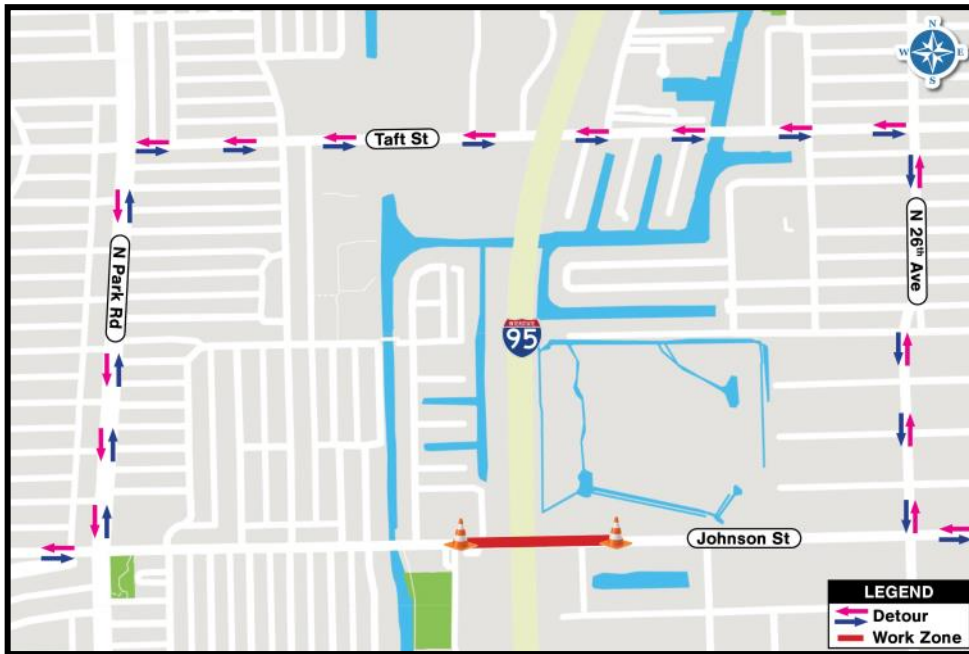

State Road (SR) 9/I-95 from south of Hollywood Boulevard to south of State Road (SR) 842/Broward Boulevard and SR 869/I-595 from SR 7/US 441 to SR 9/I-95

Financial Project ID Numbers: 409354-2-52-01 and 432222-1-52-01

### Johnson Street at SR 9/I-95 To Undergo Full Nightly Closures—January 2024

As part of 95 Express Phase 3C, Johnson Street at SR 9/I-95 will be closed in each direction nightly, as needed, 10 p.m. until 6 a.m., through Friday, Jan. 29 for bridge widening operations. Once the closure is implemented, motorists will be detoured via North Park Road, Taft Street, and North 26th Avenue. Signage will be in place to assist motorists.

\*Please note full closures will not take place over the Thanksgiving or Christmas/New Year’s holidays.

This project will extend the existing Express Lanes north from just south of Hollywood Boulevard to just south of Broward Boulevard in Broward County. One lane will be added and the High Occupancy Vehicle (HOV) lane will be converted to create two Express Lanes in each direction. The number of General Use lanes will remain the same. Other project improvements include construction of I-95/I-595 Direct Connectors between 95 Express Lanes and I-595, as well as reconstruction, milling, resurfacing, and widening of I-595 from SR 7 to I-95 and along I-95 from south of Hollywood Boulevard to south of Broward Boulevard. Additional work includes bridge widening along I-95 at several locations, painting of 17 bridges within project limits, I-95/SR 84 interchange modifications, Integrated Intelligent Transportation System (ITS) Installation, including traffic monitoring devices, detectors, and dynamic message signs to optimize traffic operations, tolling/gantry construction, ramp signalization implementation at the interchanges, lighting, signage, and drainage installation and construction of shoulder-mounted sound walls and retaining walls.
