## FDOT Broward County Traffic Impact Report *February 19, 2021 through February 26, 2021*

**FORT LAUDERDALE, Fla.** – Construction and maintenance-related lane closures on state highways in Broward County are expected during the week of February 19 through February 26. Weather permitting, work will be done at the following locations throughout the county. For updated lane closure information, please refer to [www.d4fdot.com](http://www.d4fdot.com). Follow us on Twitter @MyFDOT\_SEFL, Facebook @MyFDOTSEFL, and Instagram @myfdot\_sefl.

Please note, any full road, ramp or bridge closures have been highlighted below.

### **SAFETY MESSAGE**

#### **Stop Speeding Before It Stops You**

Speeding is generally defined as driving in excess of the posted speed limit or driving too fast for conditions and can have dangerous consequences, including:

- Reducing the ability to navigate curves or around obstacles in the roadway;
- Extending the distance traveled before a vehicle can stop;
- Increasing the risk of crashes and injuries because other vehicles and pedestrians may not be able to judge distance accurately.

Be alert, watch for, and obey speed limit signs. Use extra caution in school zones, residential areas, and on secondary roads. Remember that there is a reason for posted speed limits. Speed limits are designed to protect all – drivers, passengers, and pedestrians. See speeding tip card attached and visit <https://www.fdot.gov/safety/speeding-and-aggressive-driving> for more information.

### **CONSTRUCTION PROJECTS**

#### **Interstates**

#### **1. I-95 from south of Hollywood Boulevard in the City of Hollywood to south of Broward Boulevard in the City of Fort Lauderdale and I-595 from I-95 to SR-7 in the Town of Davie (95 Express Phase 3C)**

**Description:** Work on this 9-mile 95 Express project includes extending the existing Express Lanes north from just south of Hollywood Boulevard to just south of Broward Boulevard in Broward County. One lane will be added and the High Occupancy Vehicle (HOV) lane will be converted to create two Express Lanes in each direction. The number of General Use lanes will remain the same. Other project improvements include construction of I-95/I-595 Direct Connectors between 95 Express Lanes and I-595, as well as reconstruction, milling, resurfacing

and widening of I-595 from SR-7 to I-95 and along I-95 from south of Hollywood Boulevard to south of Broward Boulevard. Additional work includes bridge widening along I-95 at several locations, painting of 17 bridges within project limits, [I-95/SR 84](#) interchange modifications, Integrated Intelligent Transportation System (ITS) Installation, including cameras, detectors and dynamic message signs to optimize traffic operations, tolling/gantry construction, ramp signalization implementation at the interchanges, lighting, signage and drainage installation and construction of shoulder-mounted sound walls and retaining walls. For more information, please contact I-95 Community Outreach Specialist Daniela Silva at (786) 441-3088 or [msilva@corradino.com](mailto:msilva@corradino.com).

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.
