- Due to the ongoing construction of the I-95 Express Phase 3C project and the relocation of the northbound and southbound Managed Lanes toll sites at SR 820/Hollywood Boulevard, tolls in this segment, both northbound and southbound, will temporarily be set to **\$0.00**. This applies to SR 9/I-95 northbound between Ives Dairy Road and SR 820/ Hollywood Boulevard, as well as SR 9/I-95 southbound between SR 848/Stirling Road and Ives Dairy Road. This temporary toll adjustment will allow SR 9/I-95 to be repaved and reconfigured, including the addition of a new southbound Managed Lane ingress point at SR 820/Hollywood Boulevard and a new northbound Managed Lane egress point at SR 822/Sheridan Street. This work is anticipated to take 2 to 4 weeks after which regular tolling will resume. The **northbound** Zero Toll (\$0.00) segment began at 12:01 a.m. on Monday, Jan. 20. The **southbound** Zero Toll (\$0.00) segment has been rescheduled to begin at 12:01 a.m. on Monday, Feb. 3. These dates are subject to change based on weather conditions.
- **Traffic Pattern for SR 862/I-595 westbound to Florida's Turnpike and SR 84 Ramp:** The SR862/I-595 westbound ramp to SR 91/Florida's Turnpike and SR 84 (Exit 8) and the ramp to US 441/SR 7 (Exit 9A-B) are now permanently separated into two ramps. The newly constructed SR 862/I-595 westbound ramp to SR 91/Florida's Turnpike and SR 84 (Exit 8) is located slightly west of the previous location and is open to drivers. Exit 9A-B continues to serve drivers traveling to US 441/SR 7. Signage is in place to assist motorists.
