**Cost/Completion:** \$457 million/Late 2025

**New Traffic Patterns:**

- Due to the ongoing construction of the I-95 Express Phase 3C project and the relocation of the northbound and southbound Managed Lanes toll sites at SR 820/Hollywood Boulevard, tolls in the northbound segment, between Ives Dairy Road and SR 820/Hollywood Boulevard, are temporarily set to \$0.00 as of 12:01 a.m. on Monday, January 20, 2025. The temporary \$0.00 toll in the northbound segment allows for repaving and reconfiguration, including the addition of a new northbound egress point at SR 822/Sheridan Street. Regular tolling is

anticipated to resume at 12:01 a.m. on Monday, March 3, 2025, pending weather conditions. While a similar temporary \$0.00 toll was initially planned to begin Wednesday, Feb. 26 for the southbound direction between SR 848/Stirling Road and Ives Dairy Road, it has been canceled. SR 9/I-95 southbound will continue to undergo repaving and reconfiguration to accommodate a new southbound Managed Lane ingress point at SR 820/Hollywood Boulevard. Please note that proposed dates are subject to change based on weather conditions.

- **New Managed Lane Entrance Opening on SR 9/I-95 Southbound:** Beginning at 5 a.m., Thursday, March 6, 2025, a newly constructed SR 9/I-95 southbound managed lane entrance ramp will open at SR 820/Hollywood Boulevard, providing direct access to the managed lane system from SR 822/Sheridan Street and SR 848/Stirling Road. The new ramp will enhance connectivity by allowing motorists entering from SR 822/Sheridan Street to seamlessly access the managed lane system for a more reliable and efficient commute to destinations farther south into Miami-Dade County. The opening date and time are subject to change based on weather conditions or unforeseen circumstances.
- **New Managed Lane Exit on SR 9/I-95 Northbound:** As of 5 a.m., Friday, Jan. 31, 2025, a newly constructed SR 9/I-95 northbound managed lane exit ramp opened just north of SR 820/Hollywood Boulevard, providing direct access to SR 822/Sheridan Street and SR 848/Stirling Road. The ramp will allow drivers in the managed lane system to bypass SR 820/Hollywood Boulevard and seamlessly access SR 822/Sheridan Street, SR 848/Stirling Road, and points farther north.
  - **Northbound SR 9/I-95 Managed Lane Extension:** The SR 9/I-95 managed lane extension was completed on the morning of Friday, Feb. 14, extending from SR 822/Sheridan Street to just north of SR 848/Stirling Road. Motorists who do not exit at the designated egress point, located just north of SR 820/Hollywood Boulevard, will not have access to SR 822/Sheridan Street or SR 848/Stirling Road.
