Rules of Engagement

- This Public Meeting is being recorded.
- If you experience technical difficulties, please contact **1-800- 418-0524** so that a member of our technical support team may assist you.
- All **Virtual** attendees **will remain muted** throughout the Meeting.
- **Virtual** attendees are also welcome to submit any questions/comments using the GoToWebinar control panel at any time or use the “**Raise Hand**” button on your control panel and a member of our team will respond/unmute you during the open discussion.
- All **in-person** attendees are welcome to submit a question or comment by forming a line after the presentation, during the open discussion.
- If you are participating via Telephone and have questions/comments, feel free to submit them to **FDOT Project Manager Smiley Urena, P.E.**, via email after the meeting and a response will be provided.

Project Location and Overview

Project Limits

From East of I-95 to West of 106 Avenue

Begin Project

End Project

Project Overview

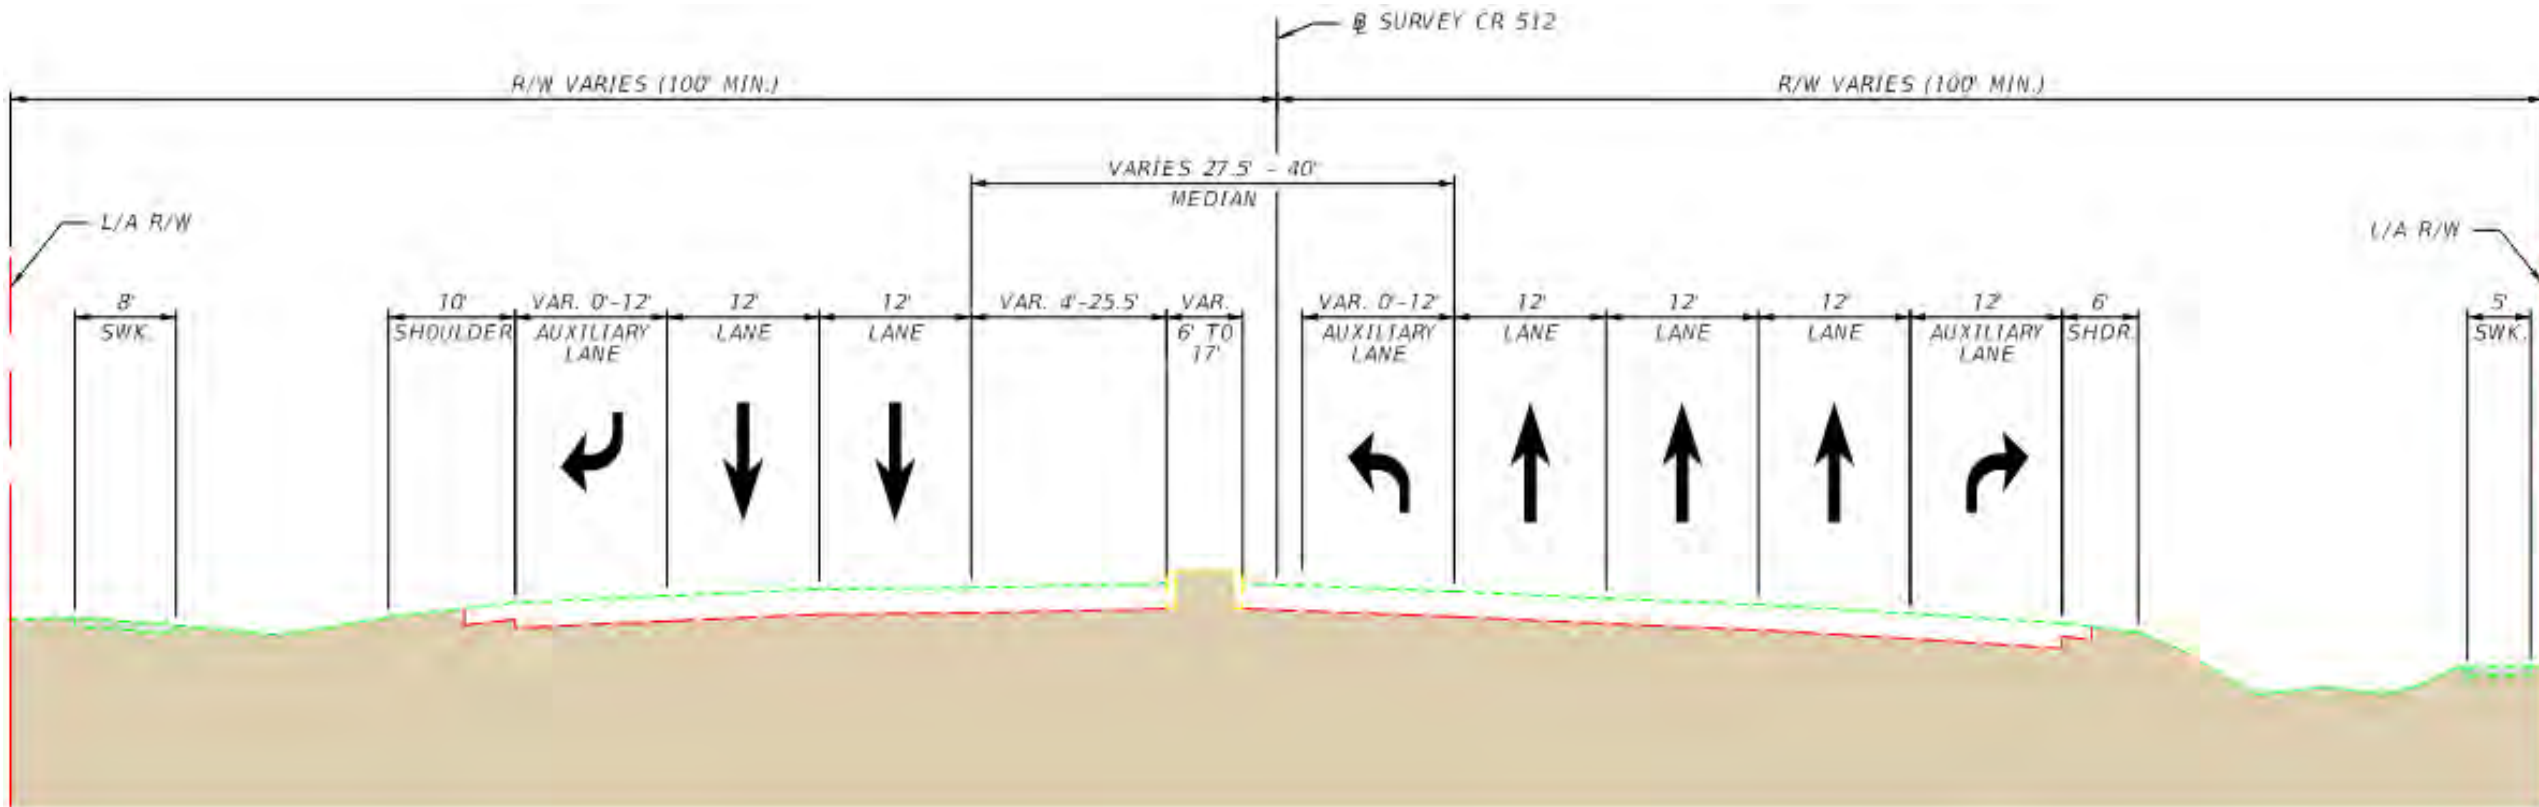

Proposed Improvements:

- Widen, mill, and resurface the eastbound CR 512 to provide a standard merging lane east of the 108 Avenue intersection
- Regrade the eastbound swales and construct new drainage structures as required.
- Reconfigure the pedestrian ramps and crosswalks at 108 Avenue.
- Replace the eastbound and southbound signal mast arms at the CR 512 and 108 Avenue intersection impacted by the widening.
- Provide pedestrian lighting at the CR 512 and 108 Avenue intersection
- Upgrade the eastbound signing and pavement markings as required to meet current standards

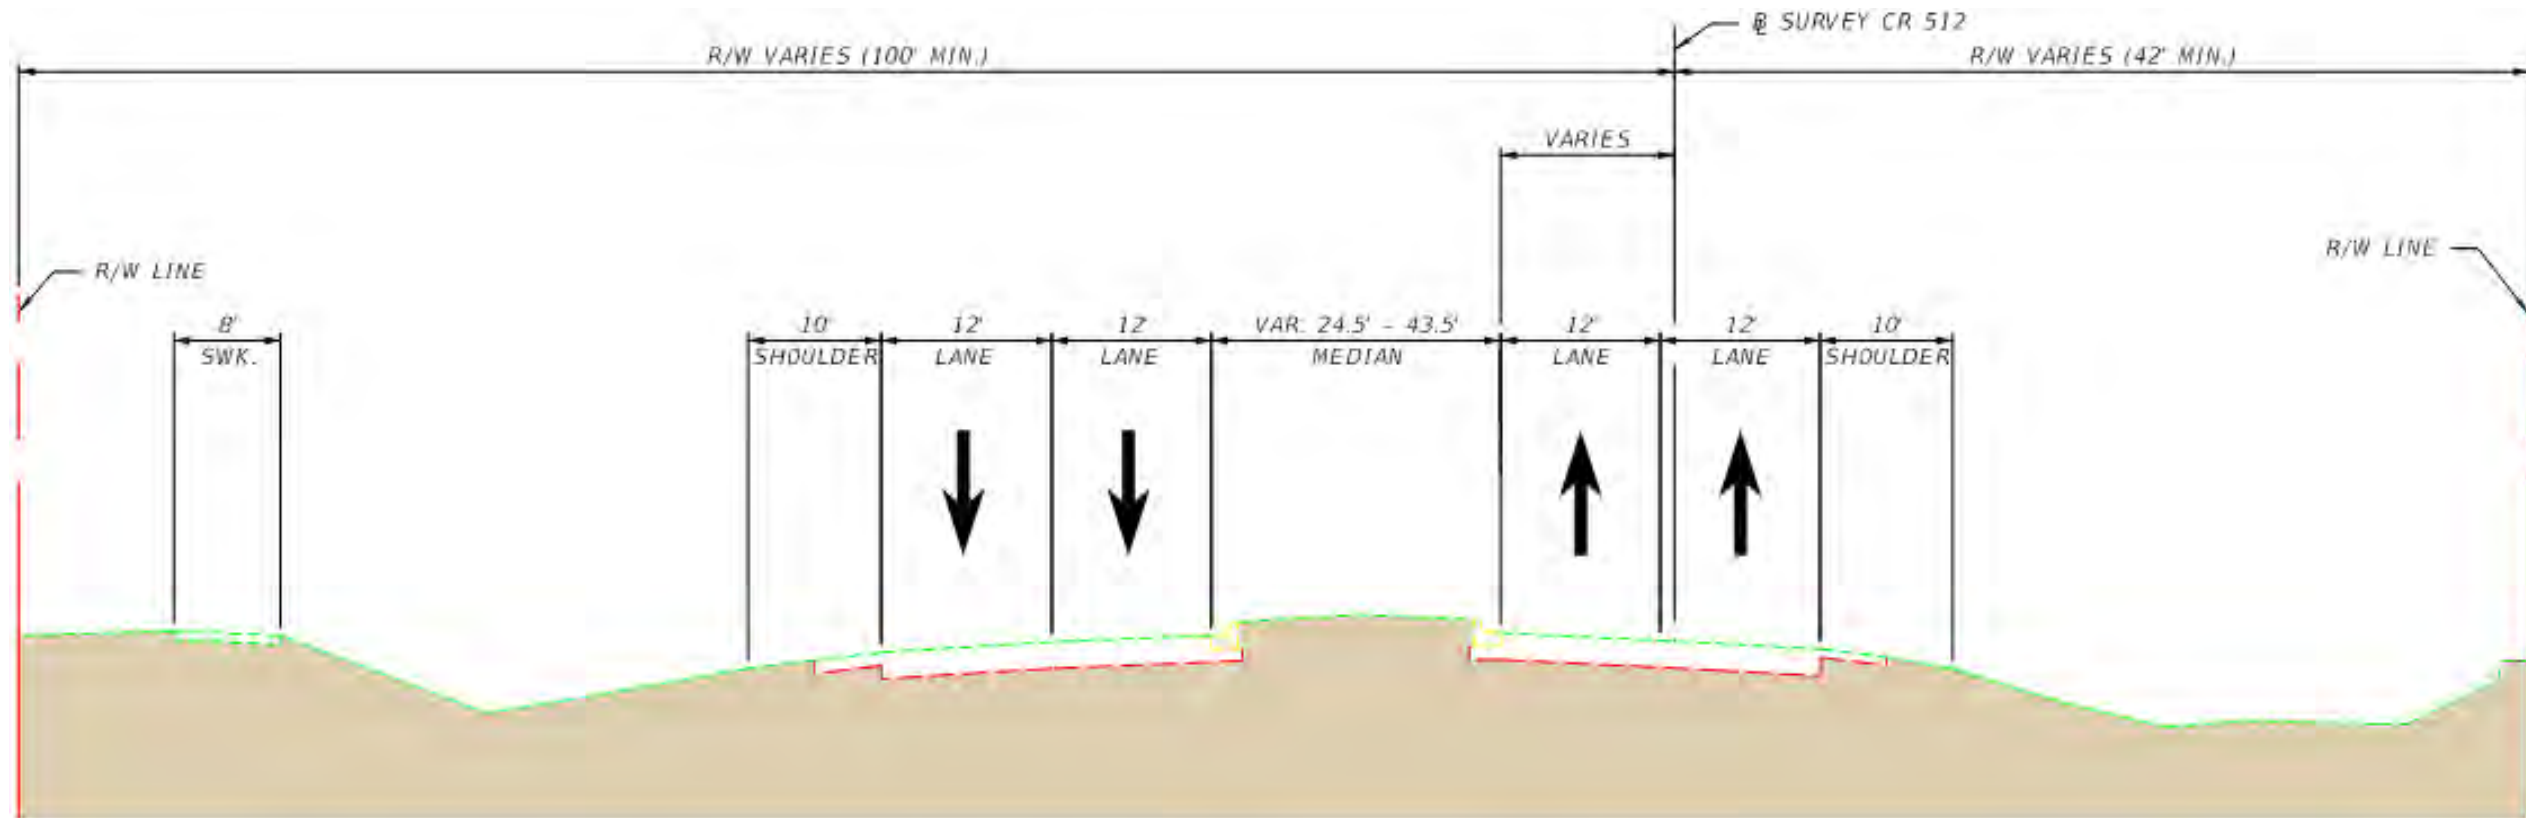

Project Length: 0.381 miles

Existing Roadway

Existing Roadway West of the 108 Avenue Intersection

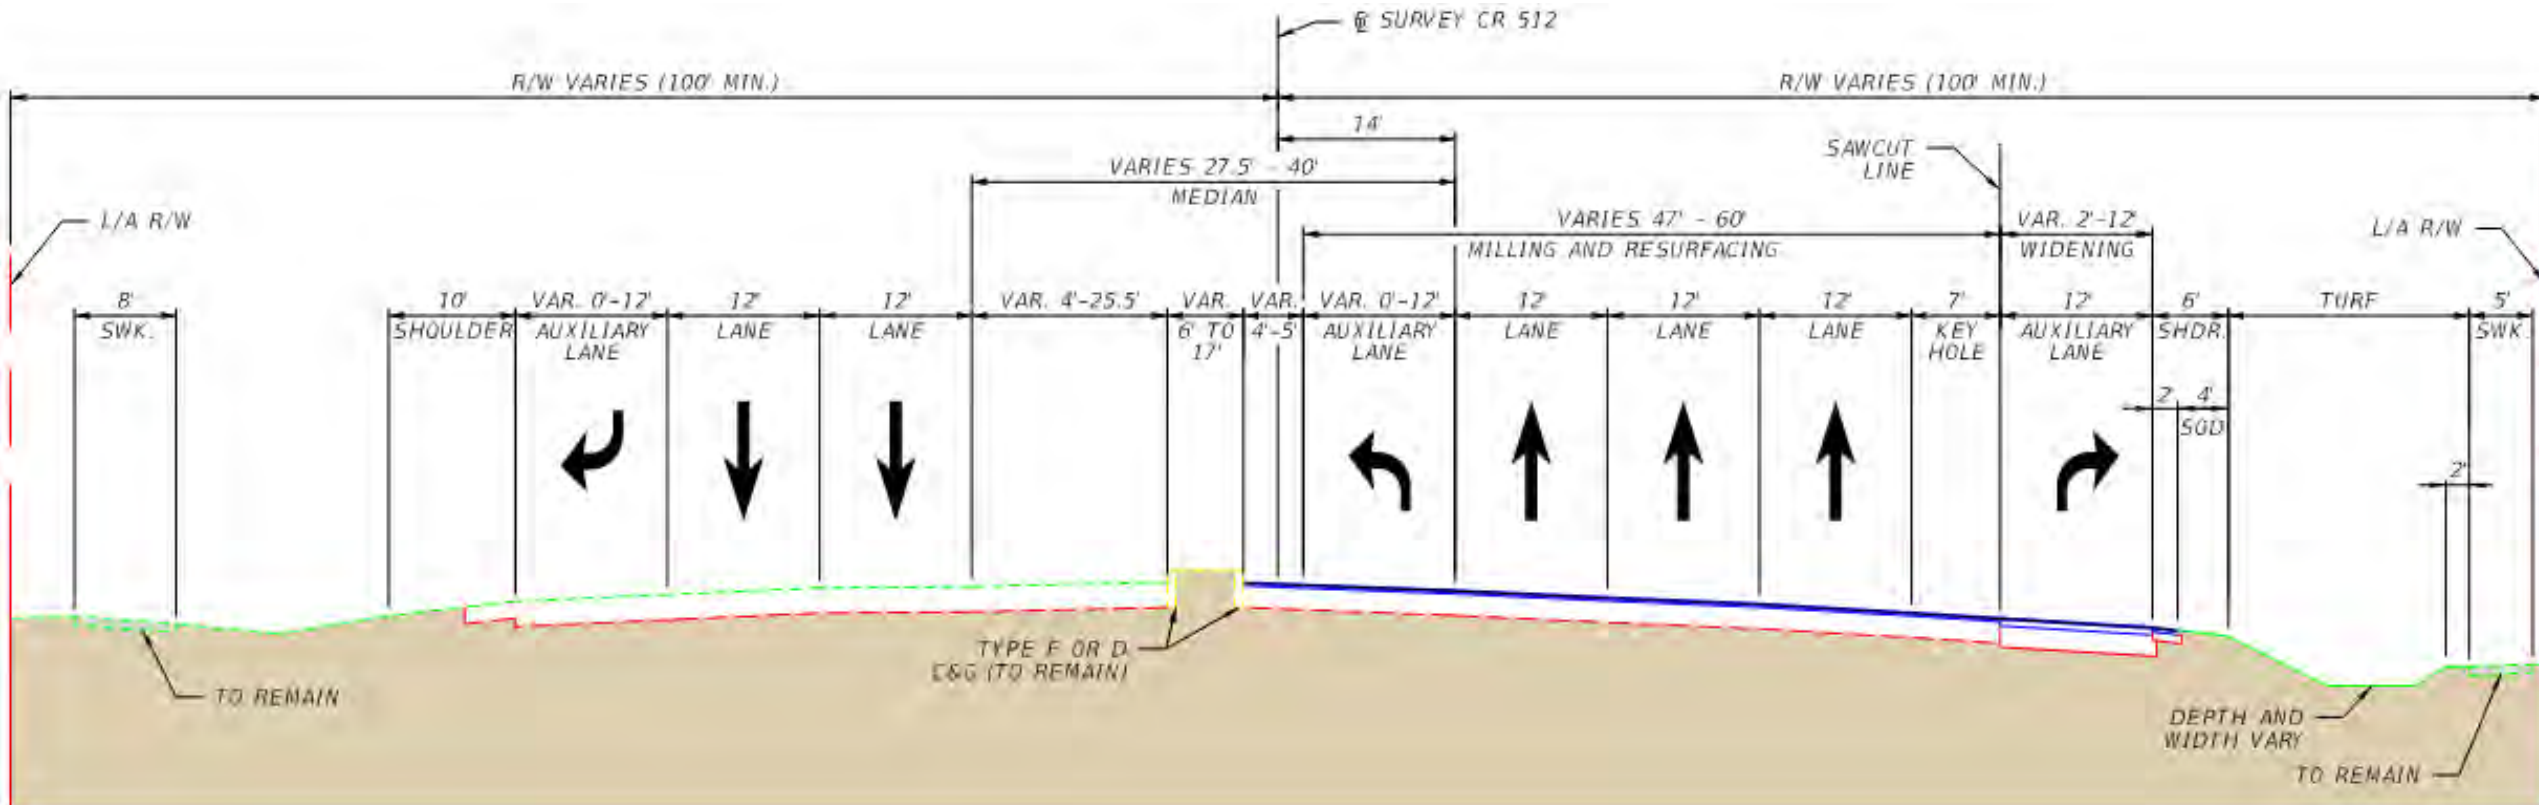

Existing Roadway East of the 108 Avenue Intersection

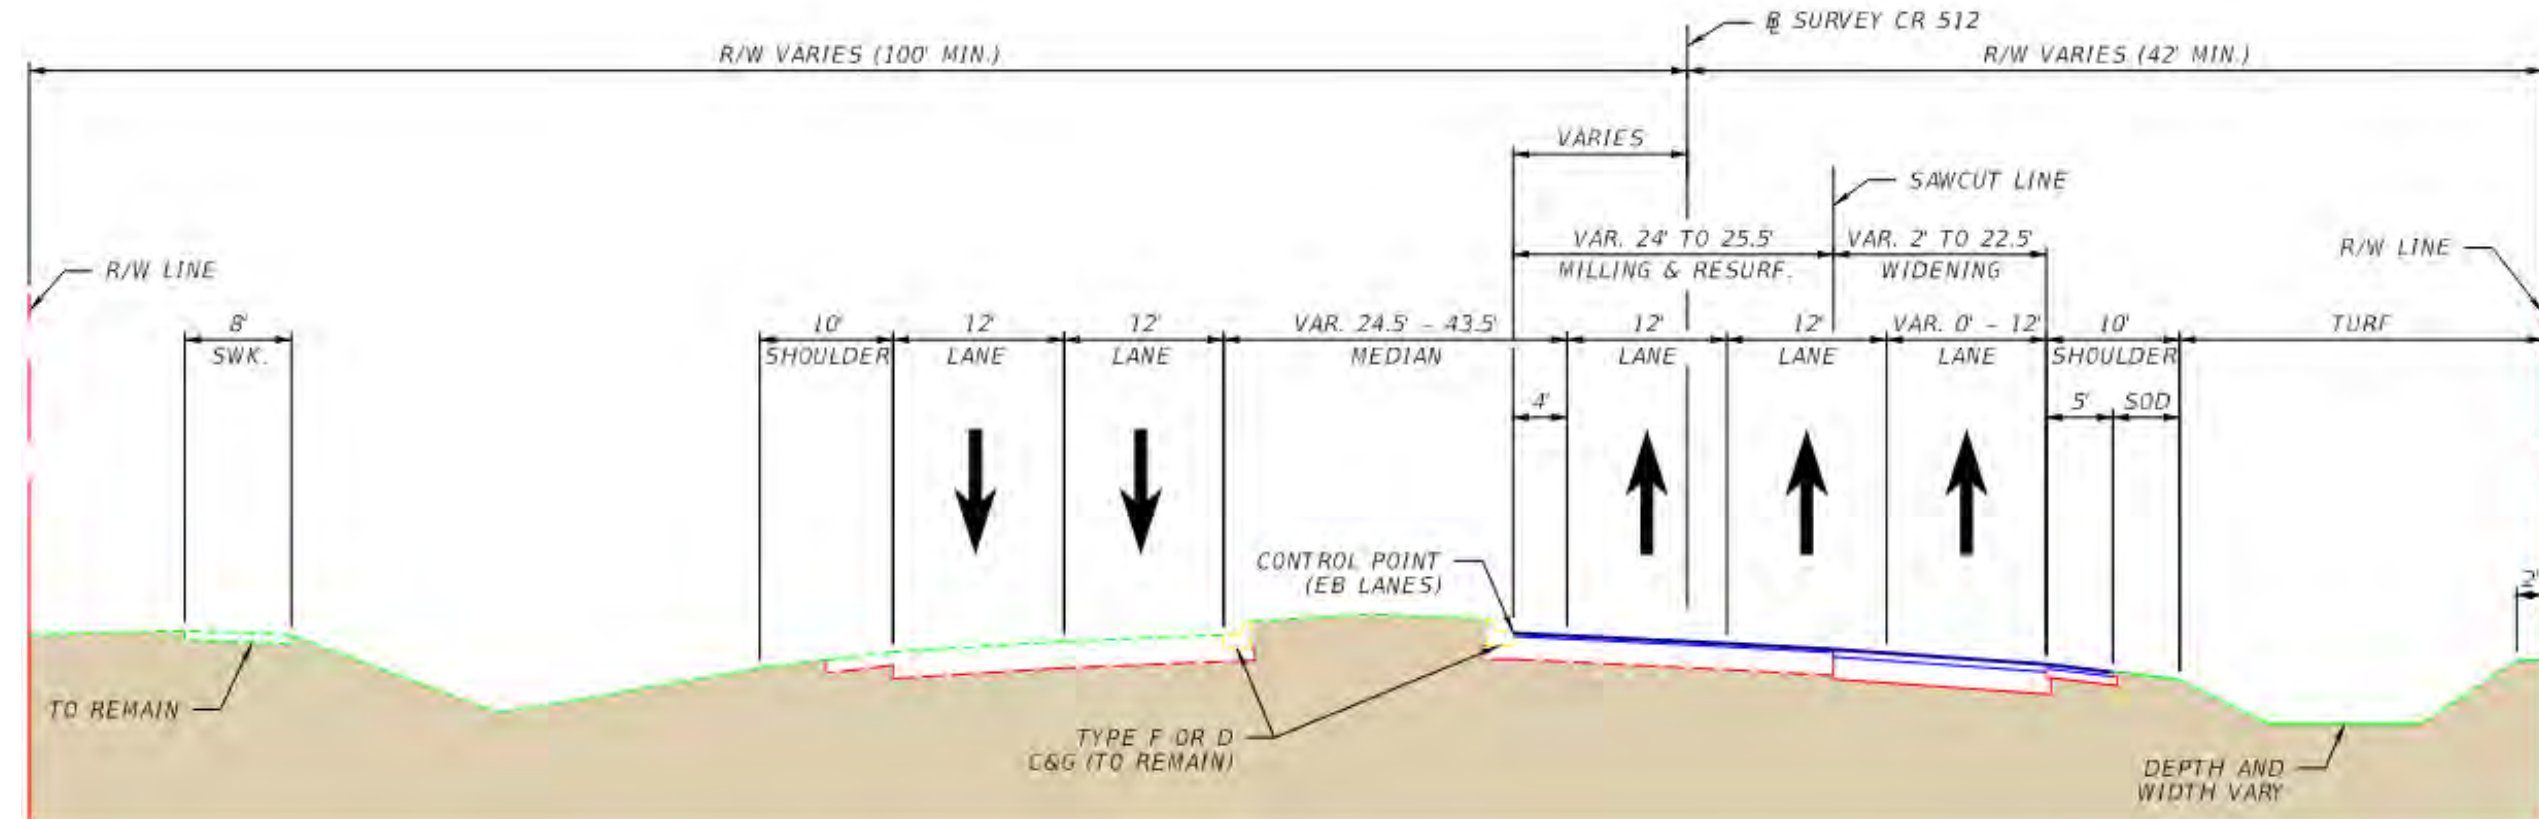

Proposed Improvements

Proposed Roadway West of the 108 Avenue Intersection

Proposed Roadway East of the 108 Avenue Intersection

Construction Impacts

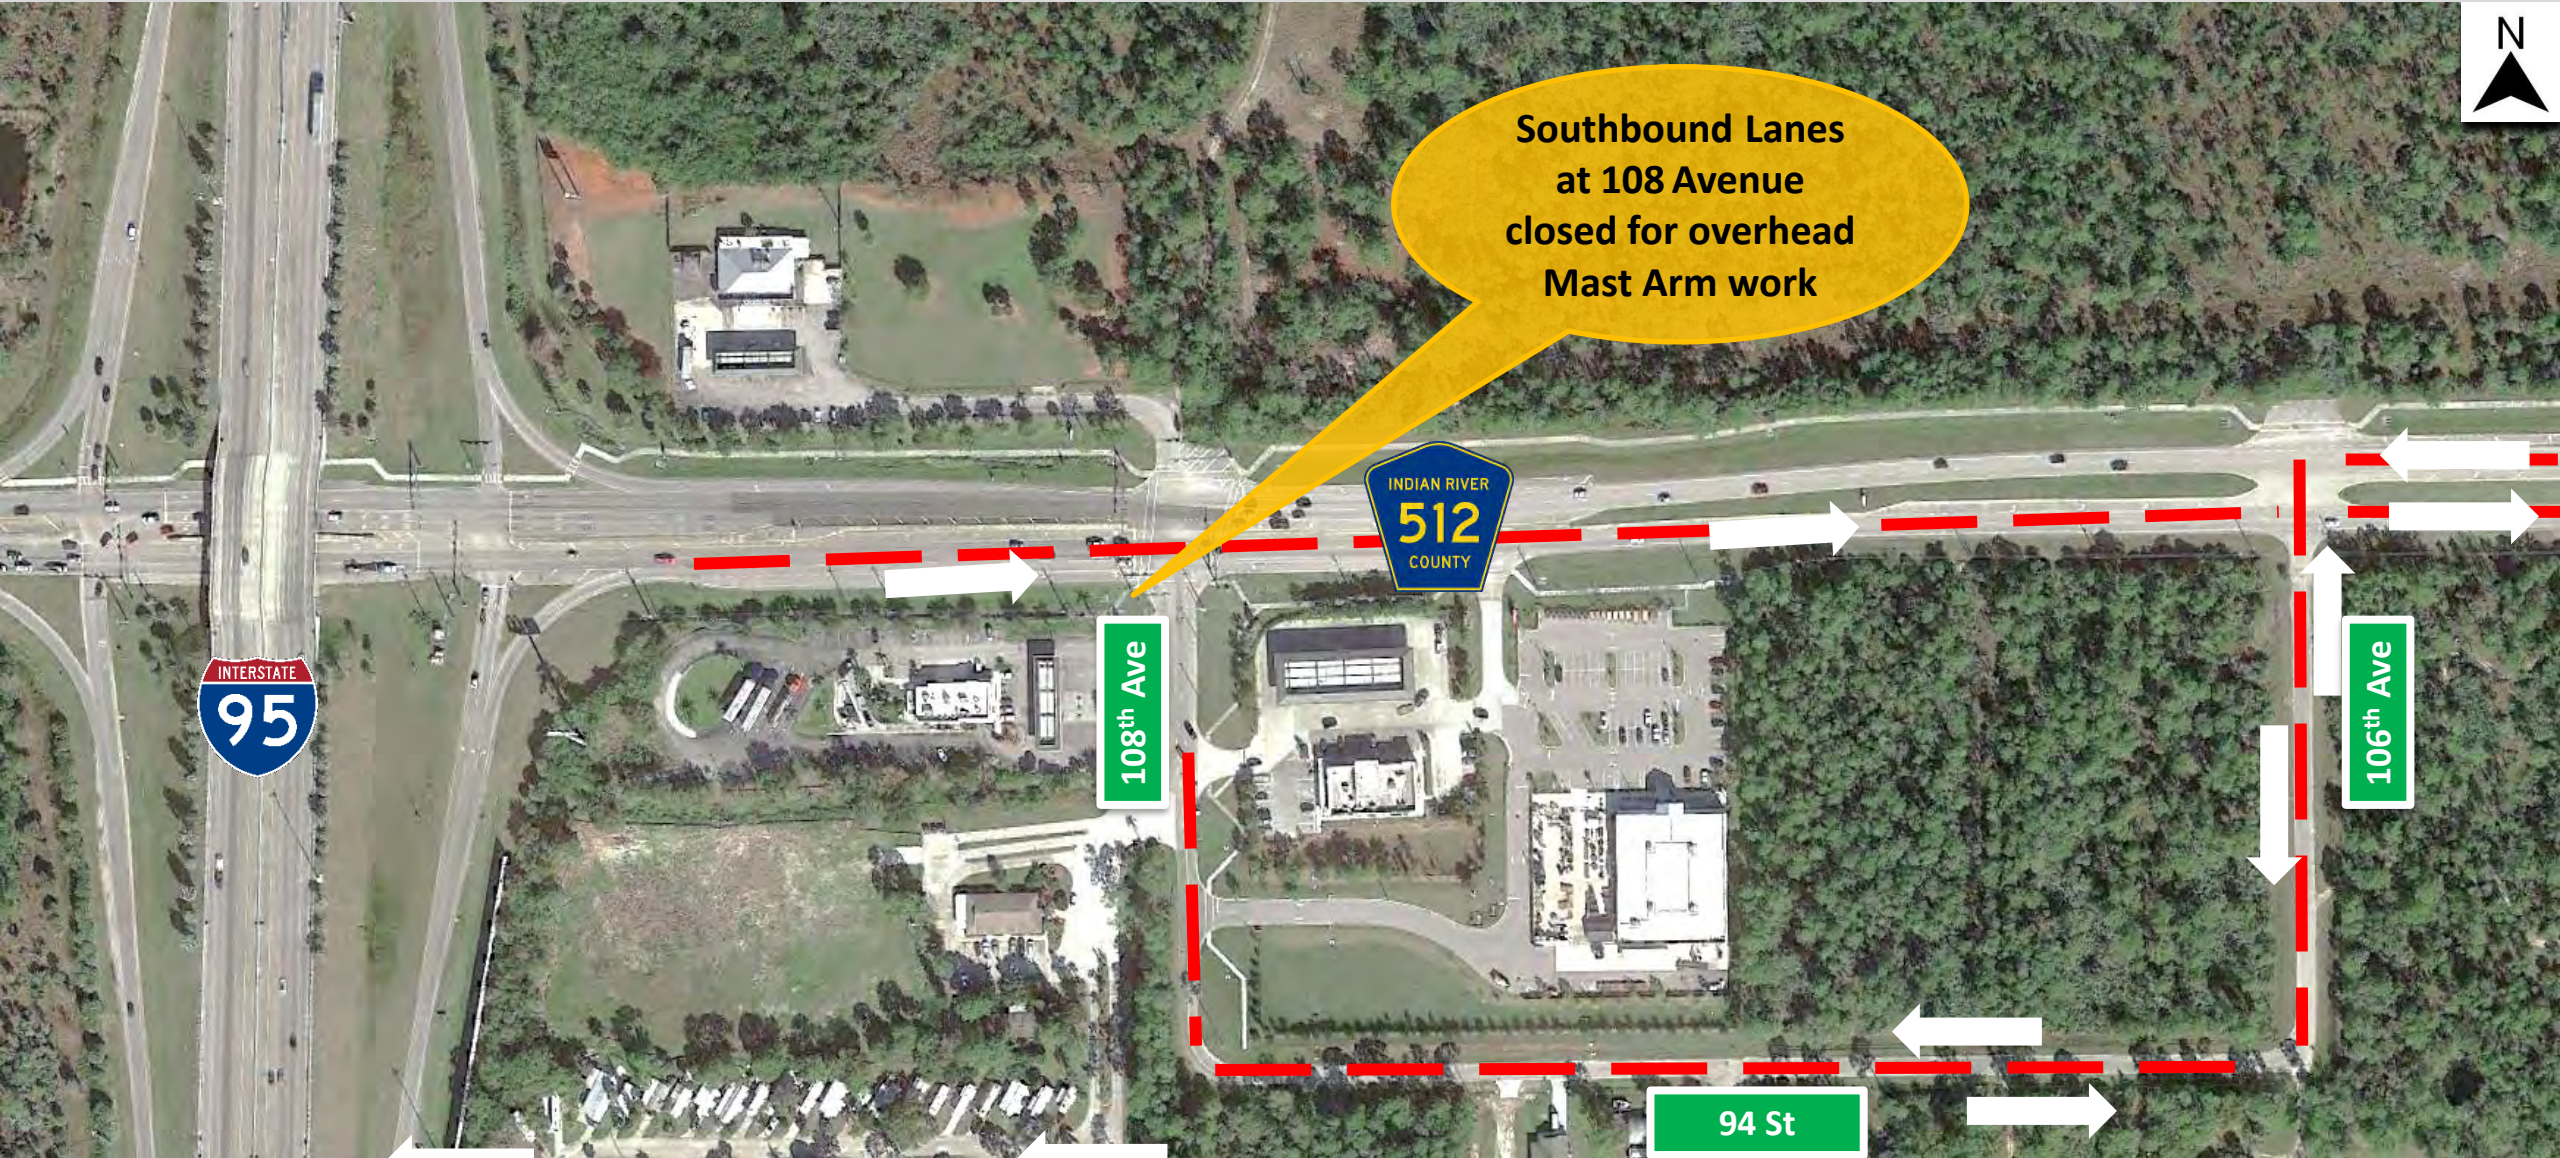

Temporary Traffic Control Plan

- Work will be done in phases to reduce the effects of construction on the community
- Partial vehicular detours will be required to complete the mast arm overhead work at the CR 512 and 108 Avenue intersection.
- Partial pedestrian detours will be required to complete the Pedestrian ramps and crosswalk realignment.
- Access to properties along the corridor will be maintained at all times.

Temporary Traffic Control Plan (Detour 1)

Temporary Traffic Control Plan (Detour 2)

Project Schedule and Cost

Project Schedule and Cost

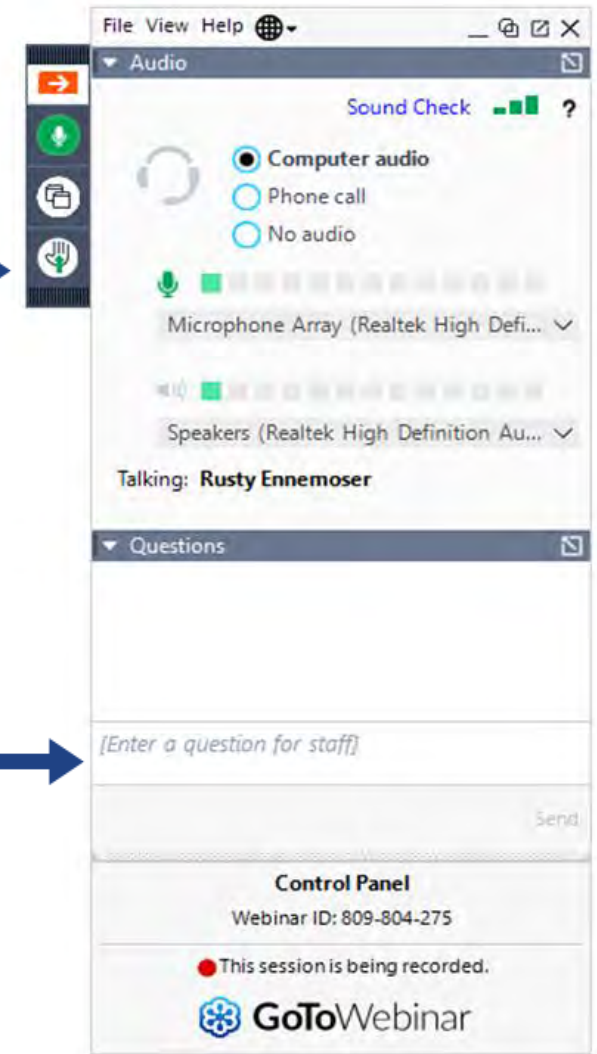

- Estimated Construction Start: Winter 2026
- Estimated Construction End: Summer 2027
- Estimated Construction Cost: \$2.4 million

Questions and Answers

Questions and Answers

- All **in-person** attendees are welcome to submit a question or comment by forming a line and standing on the designated markers as space permits.
- **Virtual** attendees are welcome to ask a question or provide a comment, by utilizing the question panel or “**Raise Hand**” button on the **GoToWebinar control panel**. Once your microphone is unmuted, please **provide your full name first and then your question/comment**. Your microphone will remain unmuted until the question/comment has been fully addressed
- If your question is not answered during the event, a response will be provided in writing following the Public Meeting.

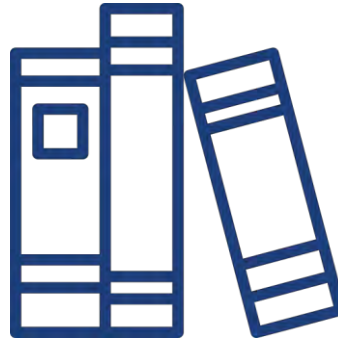

Closing and Contact Information

Additional Comments/Questions

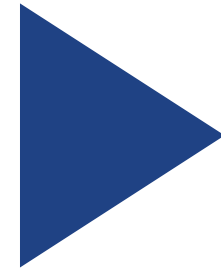

Please submit your comments by August 23, 2025

If your question was **not responded to during the event**, a response will be provided later.

All comments and questions are part of the **Public Record**.

All registrants will receive a link to the **meeting recording**.
