FDOT Treasure Coast Traffic Report

August 22, 2025 – August 29, 2025

MARTIN, ST. LUCIE & INDIAN RIVER COUNTIES, Fla. – Treasure Coast traffic will be affected this week by ongoing construction projects and maintenance work in Martin, St. Lucie and Indian River counties, Florida Department of Transportation (FDOT) officials report. Please note, any full road, ramp or bridge closures have been highlighted below.

For around-the-clock, real-time, I-95 traffic information, visit www.fl511.com. For updated lane closure information, please refer to www.d4fdot.com. Follow us on X and Instagram @ MyFDOT_SEFL and on Facebook @MyFDOTSEFL.

CONSTRUCTION PROJECTS

MARTIN COUNTY

(Hobe Sound, Palm City, City of Stuart, Stuart, Jensen Beach, Jupiter Island, Port Salerno, Rio, Indiantown, Tequesta, Town of Sewall's Point)

1. State Road (SR) 5/US 1 Resurfacing, Restoration, and Rehabilitation (RRR) Project

Description: This 1.724 mile project began on May 5, 2025. The project improvements consist of milling and resurfacing the existing roadway within the project limits to enhance safety and long-term resiliency, widening the bicycle lane by restriping it from 4 feet to 5 feet to increase safety, constructing 25 new light poles with LED fixtures at signalized intersections to boost nighttime visibility, reconstructing existing sidewalk curb ramps throughout the project limits to enhance safety and connectivity for pedestrians, upgrading existing pedestrian signals at signalized intersections to improve push button accessibility, and upgrading signage and pavement markings to enhance safety, functionality, and traffic operations. For more information, please contact Community Outreach Specialist Samantha Kayser at 772-579-5479.

Cost/Completion: \$7.5 million / Summer 2026

Traffic Impact:

- US 1 between SE Decker Avenue to SE Fischer Street will have one southbound lane closed, 9 p.m. to 6 a.m., Sunday, through Thursday, through Thursday,

Sept. 25, for curb reconstruction, sign installation, pedestrian signalization, and milling and resurfacing.

- US 1 between SE Decker Avenue and SE Fischer Street will have one northbound lane closed, 9 p.m. to 6 a.m., Sunday through Thursday, through Thursday, Sept. 25, for curb reconstruction, curb and gutter work, curb ramps, signing, pedestrian signalization, and milling and resurfacing.

2. State Road (SR) 9/I-95 Resurfacing, Restoration, and Rehabilitation (RRR) Project

Description: This 17.002-mile project on SR 9/I-95 from north of County Road (CR) 708/Bridge Road to the Martin/St. Lucie County line began on June 22, 2025. The project improvements consist of milling and resurfacing the SR 9/I-95 mainline from north of CR 708/Bridge Road to the Martin/St. Lucie County line to enhance safety and long-term resiliency; widening the northbound SR 9/I-95 entrance ramp shoulder from SR 76/Kanner Highway to improve safety and traffic operations; constructing new lighting to increase nighttime visibility; installing Wrong Way Vehicle Detection Systems (WWVDS) on SR 76/Kanner Highway, SR 714/Martin Highway, and CR 713/High Meadow Avenue ramps to improve safety; and upgrading signage and pavement markings to enhance safety, functionality, and traffic operations. For more information, please contact Community Outreach Specialist Samantha Kayser at 772-579-5479.

Cost/Completion: \$40.8 million/ Fall 2028

Traffic Impact:

- SR 9/I-95 between CR 708/SE Bridge Road to the approach of Bridge 890111, at the Martin/St. Lucie County line, will have two northbound lanes closed, 8:30 p.m. to 6:30 a.m., Sunday through Thursday, through Tuesday, Sept. 30, for milling and resurfacing the roadway.
- SR 9/I-95 between the Martin County line and SR 76/Kanner Highway will have the southbound shoulder closed, as needed, 7 a.m. to 5 p.m., Monday through Friday, through Tuesday, Sept. 30, for shoulder work.
- SR 9/I-95 between CR 708/Bridge Road and SR 714/SW Martin Highway will have the northbound shoulder closed, as needed, 7 a.m. to 5 p.m., Monday through Friday, through Tuesday, Sept. 30, for shoulder work.
- **Advanced Notice:** SR 9/I-95 between just south of Becker Road to SW High Meadows Avenue, will have two southbound lanes closed, 8:30 p.m. to 6:30 a.m., Sunday through Thursday, beginning on Tuesday, Sept. 2 to Friday, Sept. 6, for milling and resurfacing the roadway.

ST. LUCIE COUNTY

(City of Port St. Lucie, Port St. Lucie, White City, City of Fort Pierce, Fort Pierce, Okeechobee, St. Lucie West, Tradition)

3. SW Port St. Lucie Boulevard Widening Project, from south of SW Alcantarra Boulevard to south of SW Darwin Boulevard

Description: Construction on this 0.713-mile widening project began on Thursday, January 27, 2022. The City of Port St. Lucie, as Project Sponsor, requested the Florida Department of Transportation (FDOT), District Four, design and construct this project

through an application to the St. Lucie Transportation Planning Organization and City of Port St. Lucie Resolution 18-R42. Project improvements include widening SW Port St. Lucie Boulevard from a two-lane undivided roadway to a four-lane divided roadway, installing three new signalized intersections with mast arms at SW Alcantarra Boulevard, SW Tulip Boulevard, and SW Tunis Avenue, adding a right turn lane on SW Port St. Lucie Boulevard's north approach to SW Alcantarra Boulevard, constructing an 18' wide raised median with curb and gutter, upgrading crosswalks and curb ramps to meet Americans with Disabilities Act (ADA) standards, constructing 8'-10' wide sidewalks on both sides of SW Port St. Lucie Boulevard for pedestrian and bicycle use, and 6' wide sidewalks on side streets, installing a new closed drainage system, signing, pavement markings, signalization, and lighting upgrades, and landscaping for the median including trees, irrigation, and stamped concrete. For more information, please contact Community Outreach Specialist Samantha Kayser at 772-579-5479.

Cost/Completion: \$11,570,179 / Fall 2025

Traffic Impact:

- SW Alexandria Avenue at SW Port St. Lucie Boulevard will undergo a rolling lane closure in one lane, as needed, 8 a.m. to 5 p.m., Monday, Aug. 25 through Friday, Aug. 29, for paving operations and pavement markings installation. Please note that the side streets will not be closed at the same time.
- SW Tunis Avenue at SW Port St. Lucie Boulevard will undergo a rolling lane closure in one lane, as needed, 8 a.m. to 5 p.m., Monday, Aug. 25 through Friday, Aug. 29, for paving operations and pavement markings installation. Please note that the side streets will not be closed at the same time.
- SW North Globe Avenue at SW Port St. Lucie Boulevard will undergo a rolling lane closure in one lane, as needed, 8 a.m. to 5 p.m., Monday, Aug. 25 through Friday, Aug. 29, for paving operations and pavement markings installation. Please note that the side streets will not be closed at the same time.
- SW South Globe Avenue at SW Port St. Lucie Boulevard will undergo a rolling lane closure in one lane, as needed, 8 a.m. to 5 p.m., Monday, Aug. 25 through Friday, Aug. 29, for paving operations and pavement markings installation. Please note that the side streets will not be closed at the same time.
- SW Rice Avenue at SW Port St. Lucie Boulevard will undergo a rolling lane closure in one lane, as needed, 8 a.m. to 5 p.m., Monday, Aug. 25 through Friday, Aug. 29, for paving operations and pavement markings installation. Please note that the side streets will not be closed at the same time.
- SW Tulip Avenue at SW Port St. Lucie Boulevard will undergo a rolling lane closure in one lane, as needed, 8 a.m. to 5 p.m., Monday, Aug. 25 through Friday, Aug. 29, for paving operations and pavement markings installation. Please note that the side streets will not be closed at the same time.
- SW Trouville Avenue at SW Port St. Lucie Boulevard will undergo a rolling lane closure in one lane, as needed, 8 a.m. to 5 p.m., Monday, Aug. 25 through Friday, Aug. 29, for paving operations and pavement markings installation. Please note that the side streets will not be closed at the same time.
- SW Thrift Avenue at SW Port St. Lucie Boulevard will undergo a rolling lane closure in one lane, as needed, 8 a.m. to 5 p.m., Monday, Aug. 25 through

Friday, Aug. 29, for paving operations and pavement markings installation. Please note that the side streets will not be closed at the same time.

- SW Alcantarra Boulevard at SW Port St. Lucie Boulevard will undergo a rolling lane closure in one lane, as needed, 8 a.m. to 5 p.m., Monday, Aug. 25 through Friday, Aug. 29, for paving operations and pavement markings installation. Please note that the side streets will not be closed at the same time.
- SW Liberty Avenue at SW Port St. Lucie Boulevard will undergo a rolling lane closure in one lane, as needed, 8 a.m. to 5 p.m., Monday, Aug. 25 through Friday, Aug. 25, for paving operations and pavement markings installation. Please note that the side streets will not be closed at the same time.
- SW Fisherman Avenue at SW Port St. Lucie Boulevard will undergo a rolling lane closure in one lane, as needed, 8 a.m. to 5 p.m., Monday, Aug. 25 through Friday, Aug. 29, for paving operations and pavement markings installation. Please note that the side streets will not be closed at the same time.
- SW Firestone Avenue at SW Port St. Lucie Boulevard will undergo a rolling lane closure in one lane, as needed, 8 a.m. to 5 p.m., Monday, Aug. 25 through Friday, Aug. 29, for paving operations and pavement markings installation. Please note that the side streets will not be closed at the same time.
- SW Squirrel Avenue at SW Port St. Lucie Boulevard will undergo a rolling lane closure in one lane, as needed, 8 a.m. to 5 p.m., Monday, Aug. 25 through Friday, Aug. 29, for paving operations and pavement markings installation. Please note that the side streets will not be closed at the same time.
- To ensure community and crew safety as we work to enhance the roadway and provide a safer and more resilient infrastructure, southbound traffic on SW Port St. Lucie Boulevard between SW Darwin Boulevard and SW Squirrel Avenue will be shifted to the newly constructed inside southbound lane through 5 p.m., Friday, Aug. 29, to facilitate roadway construction. This shift was first implemented on Aug. 11.
- To ensure community and crew safety as we work to enhance the roadway and provide a safer and more resilient infrastructure, northbound traffic on SW Port St. Lucie Boulevard between SW Squirrel Avenue and SW Darwin Boulevard will be shifted to the newly constructed outside northbound lane beginning at 3 p.m. on Monday, Aug. 25, through 5 p.m., Friday, Sept. 5, to facilitate roadway construction. If weather or unforeseen circumstances arise, northbound traffic will be shifted by Tuesday, Aug. 26.
- Northbound and southbound traffic on SW Port St. Lucie Boulevard between Darwin Boulevard and south of Liberty Avenue was shifted to the west onto the newly constructed southbound travel lanes on Wednesday, Feb. 26 to facilitate roadway construction activities on the east side.
- The traffic signal at the intersection of SW Alcantarra Boulevard and SW Port St. Lucie Boulevard and the traffic signal at the intersection of SW Tulip Boulevard and SW Port St. Lucie Boulevard were activated on Thursday, July 24.

City of Port St. Lucie project/adjacent to the project corridor:

The Port St. Lucie Boulevard South Project Segment 3, managed by the City of Port St. Lucie, is reconstructing approximately 0.7 miles of the existing four-lane roadway from SW Gatlin Boulevard to SW Darwin Boulevard and a portion of SW Darwin Boulevard.

For more information about the City of Port St. Lucie's Segment 3 Project, please contact Beth Zsoka, Project Public Information Specialist at 772-871-5176.

Traffic Impact:

- The speed limit has been lowered to 30 mph for the duration of the construction project.
- Closure of existing median openings at both SW Yale Street and SW Cairo Avenue.
- One northbound through lane will be eliminated on SW Port St. Lucie Boulevard north of SW Aurelia Avenue to Gatlin Boulevard, leaving one through lane and one dedicated left turn lane onto westbound Gatlin Boulevard.

4. State Road (SR) 716/SE Port St. Lucie Boulevard and SR 5/US 1 Resurfacing, Restoration, and Rehabilitation (RRR) Project

Description: The project began on August 5, 2025. The project improvements consist of milling and repaving the existing roadways within the project limits to enhance safety and long-term resiliency; upgrading signalization at the intersections of Lennard Road, SR 716/SE Port St. Lucie Boulevard, SE Morningside Boulevard, and SE Gowin Drive to improve traffic operations; modifying the lane configuration on Lennard Road at SR 5/US 1 to enhance safety and traffic operations; upgrading the existing lighting at signalized intersections to LED fixtures throughout the project corridors to increase nighttime visibility; upgrading pedestrian signals with new technology at signalized intersections to improve push button accessibility; reconstructing existing sidewalk curb ramps and replacing damaged sidewalk throughout the project limits to enhance safety and connectivity for pedestrians; upgrading drainage at various locations along SR 716/SE Port St. Lucie Boulevard and SR 5/US 1 to improve long-term resiliency; restriping SR 5/US 1 to provide seven-foot bicycle lanes to enhance safety; and upgrading signage and pavement markings to increase safety, functionality, and traffic operations. For more information, please contact Community Outreach Specialist Samantha Kayser at 772-579-5479.

Cost/Completion: \$6.8 million / Spring 2027

Traffic Impact:

- Eastbound SR 716/SE Port St. Lucie Boulevard between SE Seabury Lane and the intersection of SR 716/SE Port St. Lucie Boulevard and SR 5/US 1 will have one lane closed, as needed, 8:30 a.m. to 4:30 p.m., Monday through Friday, through Friday, Sept. 26, for mobilization, erosion control, clearing and grubbing, excavation, and drainage work.

5. SW Port St. Lucie Boulevard Widening Project from south of SW Paar Drive to south of SW Alcantarra Boulevard

Description: The project is anticipated to begin in September 2025. The City of Port St. Lucie, as project sponsor, requested the FDOT, design and construct this project through application to the St. Lucie Transportation Planning Organization and City of Port St. Lucie Resolution 18-R42. The project improvements consist of widening SW Port St. Lucie Boulevard from a two-lane undivided roadway to a four-lane divided roadway, separated by an 18-foot wide median with stamped concrete and landscaping to improve safety and traffic operations; constructing new right-turn lanes on SW Port

St. Lucie Boulevard at the north and south approaches to SW Paar Drive to enhance traffic flow; constructing new signalized intersections with mast arms on SW Port St. Lucie Boulevard at SW Paar Drive and SW McCall Road to improve safety and traffic operations; upgrading existing sidewalk curb ramps and constructing a new 8- to 10-foot wide sidewalk along both sides of SW Port St. Lucie Boulevard and adjacent side streets to improve pedestrian safety and connectivity; upgrading the existing lighting to LED fixtures and installing new light poles on the east side of the roadway within the project limits to improve safety for motorists and pedestrians; constructing a new drainage system to enhance functionality and long-term resiliency; and installing signage and pavement markings to improve safety, functionality, and traffic operations. For more information, please contact Community Outreach Specialist Samantha Kayser at 772-579-5479.

Cost/Completion: \$25,577,357 / Fall 2028

Virtual Public Meeting and In-Person Construction Open House: A Virtual Public Meeting and In-Person Construction Open House will be held on Thursday, August 28, 2025. Please see below and the project flyer attached for more information.

- The Virtual Public Meeting will be held from 5:00 p.m. to 6:00 p.m. Please use the following link to register: <https://bit.ly/PSLBLVD>. You may also call 1 (562) 247-8321, Access Code: 791-226-075. A brief presentation followed by questions and comments from the public will be held from 5:00 p.m. to 5:30 p.m. and again from 5:30 p.m. to 6:00 p.m. Please note questions and comments may be submitted via online chat for the project team to address directly.
- The In-Person Construction Open House will be held from 6:00 p.m. to 7:00 p.m. at the City of Port St. Lucie Municipal Complex, located at 121 SW Port St. Lucie Boulevard, Building A, First Floor, Port St. Lucie, FL 34984. For more information, please contact Community Outreach Specialist Samantha Kayser at 772-579-5479.

6. State Road (SR) A1A North Causeway Over the Intracoastal Waterway (ICWW) Bridge Replacement Project

Description: This project began on May 1, 2023. The SR A1A North Causeway Over the Intracoastal Waterway (ICWW) Bridge Replacement project improvements consist of constructing a new high-level fixed bridge connected directly to SR 5/US 1 going over the Florida East Coast (FEC) Railroad, Old Dixie Highway, and the Intracoastal Waterway (ICWW) featuring: one 12-foot travel lane in each direction, navigational clearances of 85 feet vertical and 125 feet horizontal at the waterway channel, installing a barrier-protected 8-foot sidewalk on the south side of the bridge and a barrier-protected 12-foot shared use path on the north side of the bridge, installing 7-foot buffered bicycle lanes within the shoulders on both sides of SR A1A, constructing a 12-foot shared-use path along Old Dixie Highway to provide connectivity to the East Coast Greenway, building an observation deck beneath the west side of the new bridge structure, constructing a new access road under the bridge to businesses east of the FEC Railroad, extending Juanita Avenue from SR 5/US 1 to Old Dixie Highway, and connecting SR 5/US 1 and Old Dixie Highway along Sunny Lane. For more information, please contact Community Outreach Specialist Samantha Kayser at 772-579-5479.

Cost/Completion: \$111.5 million/ Late 2027

Channel Impacts:

- **Partial Channel Closures:** Between dawn and dusk, Monday through Friday, through late 2026, in water work will continue directly adjacent to, and at times partially restrict, the navigable waterway with barge(s) in order to perform maintenance work on the bascules of the existing bridge and perform other associated construction activities. At least 45 ft. width of the channel shall remain open at all times. Vessels needing a full channel passage are required to provide the bridge tender with a 30-minute advance notice to allow for the barge to clear the channel. During the evening/overnight hours the channel will be unobstructed. All in-water equipment will be properly lit. All mariners are requested to use caution and transit the area at a slow speed. For waterways questions or drawbridge operating issues, please contact USCG Sector Miami Waterways Division at 305-535-4317 or sectormiamiwaterways@uscg.mil.

Traffic Impact:

- Signal operations may be impacted by project activities and are being monitored closely during construction for temporary adjustments to reduce congestion.
- Northbound CR 605/Old Dixie Highway at SR A1A will be closed nightly, from 10 p.m. through 5 a.m., Sunday through Thursday, beginning Sunday, Aug. 17, through Thursday, Oct. 9, for bridge foundation construction. Signage will be in place to assist motorists. Please [click here](#) to see the detour flyer for more information.
 - Westbound SR A1A to southbound SR 5/US 1 motorists will be detoured via southbound CR 605/Old Dixie Highway, westbound Sunny Lane, northbound SR 5/US 1, and make a U-Turn at SR A1A and SR 5/US 1 intersection onto southbound SR 5/US 1.
 - Westbound SR A1A to northbound SR 5/US 1 motorists will be detoured via southbound CR 605/Old Dixie Highway and westbound Sunny Lane to northbound SR 5/US 1.
 - SR A1A between SR 5/US 1 and CR 605/Old Dixie Highway was closed on September 10, 2024, for roadway and bridge construction and is anticipated to reopen in late 2026. SR 5/US 1 to eastbound SR A1A motorists will be detoured via eastbound Juanita Avenue and southbound on CR 605/ Old Dixie Highway to eastbound SR A1A.
 - Southbound CR 605/Old Dixie Highway will remain open.
 - Access to residences and businesses will be maintained.
- As part of the SR A1A North Causeway Over the Intracoastal Waterway (ICWW) Bridge Replacement Project, nighttime pile driving will take place at the west end of the bridge, near the Florida East Coast (FEC) Railway at SR A1A and County Road (CR) 605/Old Dixie Highway. This activity may produce noticeable noise. Given the close proximity to the railroad tracks and safety considerations, pile driving will occur intermittently at night, from 9 p.m. to 6 a.m., Sunday through Thursday. This schedule began on Monday, July 7, 2025, and will continue through Thursday, Aug. 28, 2025. Please [click here](#) to see the flyer for more information.
- As part of the North Causeway Bridge Replacement Project, crews will close the eastbound and westbound lanes on SR A1A between CR 605/Old Dixie Highway

and SR 5/ US 1 through approximately late 2026 for roadway and bridge construction. Please [click here](#) to view the detour flyer for more information.

Detour Information:

- SR 5/ US 1 to eastbound SR A1A motorists will be detoured via Juanita Avenue and CR 605/Old Dixie Highway to SR A1A.
 - Westbound SR A1A to SR 5/US 1 motorists will be detoured via CR 605/Old Dixie Highway and Juanita Avenue or Sunny Lane to SR 5/US 1.
 - Access to residences and businesses will be maintained.
 - Once the construction is complete, traffic will be shifted onto the new bridge and the eastbound and westbound lanes will be open on SR A1A between SR 5/US1 and CR 605/Old Dixie Highway.
- To ensure community and crew safety as we work to enhance the roadway and provide a safer and more resilient infrastructure, the SR A1A and CR 605/Old Dixie Highway intersection was shifted slightly south on Monday, April 28, to facilitate the construction of the west end of the new North Causeway Bridge. Please note that the traffic lights at the SR A1A and CR 605/Old Dixie Highway intersection will be removed and replaced with a 2-way stop. Traffic will remain in the new configuration until the new bridge is opened to the public, which is anticipated for Late 2026. Please [click here](#) to see the detour flyer for more information.
 - Westbound SR A1A to northbound and southbound SR 5/US 1 motorists will be detoured via north CR 605/Old Dixie Highway to westbound Juanita Avenue to SR 5/US 1
 - Motorists on Sunny Lane must turn right onto northbound SR 5/US 1
 - Access to residences and businesses will be maintained
- To ensure community and crew safety as we work to enhance the roadway and provide a safer and more resilient infrastructure, eastbound and westbound traffic on SR A1A east of the park was shifted approximately 25 feet to the north on July 21, 2025. This shift is expected to last through late 2026 to allow for permanent roadway construction.
- Northbound and southbound traffic on CR 605/Old Dixie Highway approximately 200 feet from the SR A1A intersection was shifted slightly to the west on Monday, Aug. 4, for pile driving work adjacent to the railroad tracks.
- Juanita Avenue east of US 1 is open to motorists. The new traffic signal at the intersection of Juanita Avenue and US 1 is activated.
- Juanita Avenue west of US 1 will have the westbound lane closed, 9 a.m. to 5 p.m., Monday through Friday, through Friday, Oct. 3, for installation of drainage catch basins. A Flagging operation will be in place to assist motorists.
- SR A1A between Old Dixie Highway to just west of the draw bridge will have one eastbound lane closed, 7 a.m. to 5 p.m., Monday through Friday, through Friday, Oct. 3, for roadway reconstruction.
- Harbortown Drive will have one lane closed in either direction, 7 a.m. to 5 p.m. Monday through Friday, through Friday, Oct. 3, for roadway construction. A flagging operation will be in place to assist motorists.
- SR A1A between the North Causeway Island Park Entrance and Harbortown Drive will have one westbound lane closed, 9 a.m. to 5 p.m., Monday through

Friday, through Friday, Oct. 3, for bridge deck maintenance. A flagging operation will be in place to maintain local traffic.

- SR A1A from just west of Little Jim Bridge to the existing North Causeway Bridge will have one westbound lane closed, 9 a.m. to 4:30 p.m., Monday through Friday, through Friday, Oct. 3, for roadway work. A flagging operation will be in place to maintain local traffic.
- US 1 between NE 3rd Street and the Juanita Avenue intersection will have one northbound lane closed, 9 a.m. to 5 p.m., Monday through Friday, through Friday, Oct. 3, for roadway construction and right turn lane extension.
- US 1 from 500 feet south of the US 1/SR A1A intersection to Juanita Ave will have one northbound right turn lane closed, 7 a.m. to 5 p.m., Monday through Friday, through Friday, Oct. 3, for mast arm installation.
- Old Dixie Highway between Sunny Lane and SR A1A will have one lane in either direction closed, 7 a.m. to 5 p.m., Monday through Friday, through Friday, Oct. 3, for roadway reconstruction. A flagging operation will be in place to maintain local traffic.
- Old Dixie Highway between SR A1A and 200 feet north of Juanita Avenue will have one lane intermittently closed, 7 a.m. to 5 p.m., Monday through Friday, through Friday, Oct. 3, for solar flashing stop sign installation and rumble strip installation. A flagging operation will be in place to maintain local traffic.
- Marina Access from Old Dixie Highway to the North Causeway Bridge will have one lane closed in either direction, Monday through Friday, through Friday, Oct. 3, for roadway construction. A flagging operation will be in place to maintain local traffic.

7. SUN Trail Improvements Project from Kitterman Road to the Savannas Recreation Area

Description: This 4.2-mile project began on July 21, 2024. This segment of the Shared-Use Nonmotorized (SUN) Trail Network will be located within the Savannas Preserve State Park. The project improvements consist of constructing approximately 4.2 miles of 10-foot wide (8-foot where constrained) accessible multi-use trail. For more information, please contact Community Outreach Specialist Samantha Kayser at 772-579-5479.

Cost/Completion: \$5.82 million / Late 2025

Traffic Impact:

- Beginning at 9 a.m. on Monday, Aug. 11, southbound Silver Oaks Drive at CR 712/Midway Road will be closed daily through 4 p.m. on Friday, Aug. 29, for drainage work. If weather or unforeseen circumstances arise, Silver Oaks Drive will reopen by Friday, Sept. 5. Signage will be posted to assist motorists. Please [click here](#) to see the detour flyer for more information.
 - Northbound Silver Oaks Drive to CR 712/Midway Road motorists will be detoured via east on East Scott Street, north on Seagrape Drive to CR 712/Midway Road.
 - Southbound Silver Oaks Drive motorists from CR 712/Midway Road will be detoured via south on Seagrape Drive, west on east Scott Street to south on Silver Oaks Drive.

8. County Road (CR) 712/Midway Road Widening Project from west of Jenkins Road to Selvitz Road

Description: This 0.785-mile project began on April 1, 2024. The project improvements include widening CR 712/Midway Road from a two-lane undivided roadway to a four-lane divided roadway. The eastbound and westbound lanes of CR 712/Midway Road will be separated by a raised landscaped median. Additional improvements include constructing left turn lanes in the median to allow access to adjacent side streets, properties and businesses, constructing 7-foot buffered bicycle lanes on both sides of CR 712/Midway Road, constructing 6-foot sidewalk along the north side of CR 712/Midway Road, constructing a 12-foot bicycle/pedestrian path along the south side of the project, installing landscaping along the south side of the project, and upgrading drainage, signage and pavement markings. For more information, please contact Community Outreach Specialist Samantha Kayser at 772-579-5479.

Cost/Completion: \$23.5 million/ Early 2027

Traffic Impact:

- Westbound Midway Road traffic between Selvitz Road and east of the Turnpike is shifted to the north through December 2025, to facilitate roadway construction. The outside westbound travel lane on Midway Road east of the Selvitz Road intersection is now a right turn-only with the middle lane as a through lane to continue west on Midway Road.
- **Advanced Notice:** Beginning at 9 p.m. on Friday, Sept. 5, 2025, CR 712/Midway Road from approximately 2,500 feet east of Milner Drive to approximately 1,400 feet west of Selvitz Road will be closed around-the-clock through 5 a.m. on Monday, Sept. 8, 2025, for drainage work. Signage will be in place to assist motorists. If weather or unforeseen circumstances occur, the detour will begin on Saturday, Sept. 6, 2025. Please see the detour details below for more information.
 - Eastbound CR 712/Midway Road motorists will be detoured via northbound on Selvitz Road, southwest on Glades Cut Off Road to CR 712/Midway Road.
 - Westbound CR 712/Midway Road motorists will be detoured via southwest on Glades Cut Off Road, southbound on Selvitz Road to CR 712/Midway Road.
 - Access to businesses and residences will be maintained.
- Beginning at 9 a.m. on Monday, Aug. 25, NW Milner Drive at CR 712/Midway Road will be closed around-the-clock through 5 p.m., Friday, Sept. 12, 2025, for drainage work. Signage will be in place to assist motorists. If weather or unforeseen circumstances occur, NW Milner Drive will reopen by Friday, Sept. 19, 2025. Please note NW Milner Drive will not be closed until NW Corporate Way is opened to the public. Please see the detour flyer attached for more information.
 - Southbound NW Milner Drive motorists will be detoured via westbound CR 712/Midway Road, southbound NW Corporate Way, eastbound NW Corporate Way and southbound NW Milner Drive.

- Northbound NW Milner Drive motorists will be detoured via westbound NW Corporate Way and northbound Corporate Way to CR 712/Midway Road.
- To ensure community and crew safety as we work to enhance the roadway and provide a safer and more resilient infrastructure, NW Corporate Way at CR 712/Midway Road will be closed around-the-clock through 5 p.m., Tuesday, Aug. 26, 2025, for roadway reconstruction. Signage will be in place to assist motorists. This closure was implemented on May 12. If weather or unforeseen circumstances arise, NW Corporate way will reopen by Friday, Aug. 29, 2025. Please see the detour flyer attached for more information.
 - Eastbound NW Corporate Way motorists will be detoured via eastbound CR 712/ Midway Road, southbound NW Milner Drive to westbound NW Corporate Way.
 - Westbound NW Corporate Way motorists will be detoured via southbound NW Milner Drive to westbound NW Corporate Way.
 - Access to businesses and residences will be maintained.
- CR 712/Midway Road between Jenkins Road and Selvitz Road will have one lane closed in either direction, 9 a.m. to 4 p.m., Monday through Friday, through Friday, Sept. 26, for roadway reconstruction.

9. State Road (SR) 68/Orange Avenue Resurfacing Project from North 32nd Street to west of SR 5/US 1

Description: This project began on May 28, 2024. The project improvements consisted of milling and resurfacing the existing roadway, installing bicycle shared-lane markings (sharrows) on travel lanes from east of 13th Street to SR 5/US 1, reconstructing pedestrian sidewalk curb ramps to meet current Americans with Disability Act (ADA) standards, upgrading lighting at signalized intersections to improve pedestrian lighting at the crosswalks, upgrading pedestrian signalization at signalized intersections and installing a new pedestrian mid-block signal at South 8th Street, adding reflective border to existing traffic signal backplates for increased visibility of signal lights, upgrading vehicle detection at the signalized intersections of 5th Street and 7th Street, and upgrading signage and pavement markings. For more information, please contact Community Outreach Specialist Samantha Kayser at 772-579-5479.

Cost/Completion: \$5.4 million / This project was Final Accepted on August 14, 2025

Traffic Impact:

- All lanes are open.

10. State Road (SR) 607/Emerson Avenue Resurfacing Project

Description: This project began on January 24, 2025. Project improvements consist of milling and resurfacing the travel lanes to enhance safety and long-term resiliency, widening the existing 5-foot paved shoulder to 7-feet to enhance safety, constructing sidewalk (varying from 6 to 12 feet in width) along the east side of SR 607/Emerson Avenue from Hibiscus Road to North Road to enhance safety and connectivity for pedestrians, upgrading curb ramps along existing sidewalks to enhance safety and connectivity for pedestrians, installing concrete pads at two existing bus stops along northbound SR 607/Emerson Avenue, located approximately 300 feet south of Hibiscus

Road and approximately 100 feet north of Belleair Avenue, to enhance safety, functionality, and long-term resiliency, and upgrading signage and pavement markings to improve safety, functionality, and traffic operations. For more information, please contact Community Outreach Specialist Samantha Kayser at 772-579-5479.

Cost/Completion: \$6.4 million / Spring 2026

Traffic Impact:

- SR 607/Emerson Avenue from approximately 1,200 feet south of Waterstone Boulevard to the intersection of North Boulevard and Emerson Avenue will have one lane closed in each direction, 8 a.m. to 8 p.m., Monday through Friday, through Friday, Oct. 31, for clearing and grubbing, roadway widening, sidewalk and ramp construction, and drainage work.
- Beginning at 8 a.m. on Monday, August 25, 2025, Deland Avenue at SR 607/Emerson Avenue will be closed around-the-clock through 5 p.m., Friday, Sept. 12, 2025, for the construction of a retaining wall. If weather or unforeseen circumstances arise, Deland Avenue will be opened by Friday, Sept. 19, 2025. Please note that work will not occur during the Labor Day holiday weekend. Please see the detour details below for more information.
 - Northbound SR 607/Emerson Avenue to Deland Avenue motorists will be detoured via eastbound Lakeland Boulevard to south on Lilyan Parkway to Deland Avenue.
 - Southbound SR 607/Emerson Avenue to Deland Avenue motorists will be detoured via eastbound Hibiscus Road to northbound Lee Boulevard to Deland Avenue.
 - Access to local residences on Deland Avenue will be maintained.

11. State Road (SR) 716/Southeast Port St. Lucie Boulevard Bridge Rehabilitation Project

Description: This project began on January 6, 2025. The project improvements consist of reconstructing the east and west seawalls to enhance resiliency and longevity of the structures and performing concrete repairs to the bridges at various locations to improve resiliency and longevity. For more information, please contact Community Outreach Specialist Samantha Kayser at 772-579-5479.

Cost/Completion: \$2.6 million/ Late 2025

Traffic Impact:

- All lanes are open.

12. State Road (SR) 70/Okeechobee Road Resurfacing Project

Description: The project began on March 24, 2025. The project improvements include milling and resurfacing the existing roadway within the project limits to enhance safety and long-term resiliency; constructing new acceleration lanes on SR 70/Okeechobee Road at select locations to accommodate safe U-Turn movements; widening median left turn lanes on SR 70/Okeechobee Road at South Header Canal Road and Shinn Road for improved traffic operations; converting the intersections of South Header Canal Road and Shinn Road to Restricted Crossing U-Turn (RCUT) Intersections to improve traffic flow and safety by eliminating direct left turns and through traffic movements from side streets; installing illuminated stop signs at Ideal Holding Road and South Header

Canal Road to increase visibility and safety; reconstructing existing sidewalk curb ramps throughout the project limits and installing a new 6-foot concrete sidewalk from the Creekside Community to the SR 91/Florida's Turnpike entrance at SR 713/Kings Highway to enhance safety and connectivity for pedestrians; extending lighting from east of CR 712/Midway Road to east of Shinn Road to boost nighttime visibility; replacing drainage at various locations throughout the project limits to enhance functionality and long-term resiliency; upgrading signage and pavement markings to improve safety, functionality, and traffic operations; and installing rumble strips to enhance safety. For more information, please contact Community Outreach Specialist Samantha Kayser at 772-579-5479.

Cost/Completion: \$16.9 Million / Spring 2027

Traffic Impacts:

- SR 70/Okeechobee Road between Ideal Holding Road and SR 713/Kings Highway will have one eastbound lane closed around-the-clock beginning at 8 a.m., Monday through Friday, through Friday, Aug. 29 for roadway widening, milling and resurfacing, and drainage work.
- SR 70/Okeechobee Road from west of Ten-mile creek and east of Shinn Road will have one westbound lane closed around-the-clock beginning at 8 a.m., Monday, through Friday, through Friday, Aug. 29, for roadway, lighting, and drainage work.

City of Fort Pierce project/adjacent to project corridor:

The City of Fort Pierce is paving approximately 2,800 feet of the existing two-lane roadway on SR 70/Okeechobee Road, from just west of Gentile Road to approximately 2,300 feet east of 11 Mile Road. This work is unrelated to the project above. For more information about the adjacent project, please contact Scott Russell, Project Manager, at 561-801-9050.

Traffic Impact:

- The speed limit will be maintained at 55 mph for the duration of the construction project.
- SR 70/Okeechobee Road will have one inside lane closed in each direction, 9 a.m. to 4 p.m., Monday through Friday, through Friday, Aug. 29, for paving work.
- One through lane will be open for motorists in each direction.

INDIAN RIVER COUNTY

(City of Vero Beach, Vero Beach, Indian River Shores, Sebastian, Wabasso, Wabasso Beach, City of Fellsmere)

13. State Road (SR) 656/17th Street East End of Bridge Rehabilitation and Improvements Project

Description: This project began on August 28, 2023. The project improvements consist of the replacement of the eastern 400 feet of the existing bridge; sealing the full length of the existing bridge deck surface; and upgrading signing and pavement markings. For more information, please contact Community Outreach Specialist Samantha Kayser at 772-579-5479.

Cost/Completion: \$22.3 million/ Summer 2028

Traffic Impact:

- SR 656/17th Street, between 4th Avenue and W Camino Del Rio will have one lane closed in either direction around-the-clock through 12 a.m., Monday, April 27, 2026, for bridge construction activities.
- SR 656/17th Street, between Indian River Boulevard and W Camino Del Rio may have one lane closed nightly in either direction, as needed, 9 p.m. to 7 a.m., Monday through Friday, through Monday, April 27, 2026, for routine maintenance. A flagging operation would be utilized to maintain eastbound and westbound traffic. For minor work, traffic pacing will be used.
- SR 656/17th Street, between Indian River Boulevard and Indian Bay Drive will have one lane closed in either direction, as needed, 9 p.m. to 7 a.m., Sunday through Thursday, through Sunday, Sept. 28, for bridge construction activities. A flagging operation would be utilized to maintain eastbound and westbound traffic.
- Indian River Boulevard to eastbound SR 656/17th Street has one southbound turn lane closed around-the-clock through 12 a.m. Monday, April 27, 2026, for bridge construction activities.

14. State Road (SR) 9/I-95 at County Road (CR) 606/Oslo Road New Interchange and CR 606 Oslo Road Widening Project

Description: This project began on August 14, 2023. In partnership with Indian River County, FDOT is pleased to announce the construction of the new interchange at SR 9/ I-95 and CR 606/Oslo Road and CR 606/Oslo Road improvements. Additionally, CR 606/ Oslo Road will have capacity improvements to four lanes from west of SR 9/ I-95 to 58th Avenue per Indian River County Resolution Nos. 2017-022 and 2017-023. Project improvements consist of constructing a new interchange with partial cloverleaf ramps at SR 9/I-95 and CR 606/Oslo Road, widening CR 606/Oslo Road from a two-lane to a four-lane divided roadway from west of SR 9 I-95 to SW 58th Avenue, installing interchange ramp lighting, replacing the existing CR 606/Oslo Road bridge over SR 9/ I-95, installing a new signalized intersection at CR 606/Oslo Road and 66th Avenue SW, installing intersection lighting at 74th Avenue, 66th Avenue, and 58th Avenue, realigning 82nd Avenue at CR 606/Oslo Road, eliminating the 86th Avenue connection to CR 606/ Oslo Road, constructing 13th Street SW to connect 86th Avenue SW and 90th Avenue, extending the south limit the existing noise wall on SR 9/ I-95, replacing Indian River County sanitary, water and raw water mains, upgrading signing, signalization, intersection lighting, bicycle lanes, and sidewalks, installing a closed drainage system and constructing three drainage ponds. For more information, please contact Community Outreach Specialist Samantha Kayser at 772-579-5479.

Cost/Completion: \$95.78 million/ Summer 2028

Traffic Impact:

- Beginning at 9 p.m. on Sunday, August 3, 2025, eastbound and westbound traffic on CR 606/Oslo Road between 66th Avenue SW and 58th Avenue SW, will be closed to traffic until 6 a.m. Thursday, August 28, 2025, for drainage work. If weather or unforeseen circumstances occur, CR 606/Oslo Road between 66th Avenue SW and 58th Avenue SW will be opened by August 29, 2025. Please [click here](#) to see the detour flyer for more information.
 - Westbound CR 606/Oslo Road motorists will be detoured via 58th Avenue SW, 1st Street SW and 66th Avenue SW to CR 606/Oslo Road.

- Eastbound CR 606/Oslo Road motorists will be detoured via 66th Avenue SW, 1st Street SW and 58th Avenue SW to CR 606/Oslo Road.
- As part of the SR 9/I-95 at County Road (CR) 606/Oslo Road New Interchange and CR 606/Oslo Road Widening Project, crews will implement a traffic shift by reducing the three-lane section of SR 9/I-95 in each direction to one lane between Indrio Road (Exit 138) and SR 60/20th Street (Exit 147). This lane reduction will occur nightly from Sunday through Thursday, 9 p.m. to 6 a.m., through Sunday, Aug. 31, to facilitate the traffic shift. One lane of traffic in each direction will be maintained via two constructed crossover lanes to facilitate the traffic shift. This reduction is necessary to safely perform roadway work and bridge demolition work. If weather or unforeseen circumstances occur, the shifts will continue through Friday, Sept. 5. Please [click here](#) to see the diversion flyer for more information.
 - Northbound motorists on SR 9/I-95 will be shifted to the southbound lanes at CR 606/Oslo Road bridge using a new crossover lane during bridge demolition work.
 - Southbound motorists on SR 9/I-95 will be shifted to the northbound lanes at CR 606/Oslo Road bridge using a new crossover lane during bridge demolition work.
 - To ensure motorist and crew safety, the speed limit will be reduced from 70 MPH to 35 MPH. The Florida Highway Patrol will be onsite, and signage will be in place to assist motorists.
- As part of the SR 9/I-95 at County Road (CR) 606/Oslo Road New Interchange and CR 606/Oslo Road Widening Project, crews have implemented the full closure of 74th Avenue SW between CR 606/Oslo Road and 8th Street, 6 a.m. to 5 p.m., Monday through Friday, through Friday, Aug. 21, for roadway work. This closure was implemented on Monday, Feb. 10. If weather or unforeseen circumstances arise, 74th Avenue SW will reopen by Friday, Sept. 5. Please [click here](#) to see the detour flyer for more information.
 - Northbound motorists will be detoured via westbound CR 606/Oslo Road to northbound 82nd Avenue to westbound 8th Street to 74th Avenue SW, or eastbound CR 606/Oslo Road to northbound 66th Avenue SW to westbound 8th Street to 74th Avenue SW.
 - Southbound motorists will be detoured via westbound 8th Street to southbound 82nd Avenue to CR 606/Oslo Road, or eastbound 8th Street to southbound 66th Avenue SW to CR 606/Oslo Road to 74th Avenue SW.
- As part of the SR 9/I-95 at CR 606/Oslo Road New Interchange and CR 606/Oslo Road Widening Project, crews will permanently close 86th Avenue SW at CR 606/Oslo Road beginning at 5 a.m. on Friday, June 20, for the construction of a Cul-De-Sac. Signage will be in place to assist motorists. The FPL access point will be maintained. Please [click here](#) to see the detour flyer for more information.
 - Eastbound CR 606/Oslo Road motorists to 86th Avenue SW will be detoured via south 90th Avenue SW at CR 606/Oslo Road, and east on 13th Street to 86th Avenue SW.

- Westbound CR 606/Oslo Road motorists to 86th Avenue SW will be detoured via south 90th Avenue SW at CR 606/Oslo Road, and east on 13th Street to 86th Avenue SW.
- Northbound 86th Avenue SW motorists will be detoured via west on 13th Street and north on 90th Avenue SW to CR 606/Oslo Road.
- As part of the SR 9/I-95 at CR 606/Oslo Road New Interchange and CR 606/Oslo Road Widening Project, crews implemented a traffic shift that began on Sunday, July 13, and will continue through Spring 2026. The shift occurred approximately 1,500 feet west of the CR 606/Oslo Road bridge over SR 9/I-95, where eastbound and westbound traffic will be shifted onto the newly constructed westbound CR 606/Oslo Road lanes. This shift is necessary to safely perform demolition of the existing bridge, construct the new eastbound bridge, roadwork, and reconstruction activities. Please [click here](#) to see the traffic shift flyer for more information.
- SR 9/I-95 may have one lane in either direction closed nightly, from 9 p.m. to 6 a.m., through Aug. 2025, for bridge work.

15. State Road (SR) 60 Resurfacing Project from west of County Road (CR) 512 to west of 94th Drive

Description: This project began on July 13, 2024. The project improvements consisted of milling and resurfacing the existing roadway, upgrading curb ramps to meet current Americans with Disability Act (ADA) standards, upgrading signage and pavement markings, upgrading signalization and pedestrian detectors at 98th Avenue, and constructing minor drainage improvements at various locations throughout the project limits. For more information, please contact Community Outreach Specialist Samantha Kayser at 772-579-5479.

Cost/Completion: \$11.19 million/ This project was Final Accepted on August 11, 2025

Traffic Impact:

- All lanes are open.

16. State Road (SR) 5/US 1 Resurfacing Project from Davis Street to the south end of the St. Sebastian River Bridge

Description: This project began on September 25, 2024. The project improvements consist of milling and resurfacing the existing roadway, reconstructing existing sidewalk curb ramps to meet current Americans with Disability Act (ADA) standards, installing sidewalks at the northern end of the project limits, upgrading lighting to better illuminate pedestrian crosswalks at signalized intersections, installing pedestrian countdown signal features at signalized intersections, and upgrading signage and pavement markings. For more information, please contact Community Outreach Specialist Samantha Kayser at 772-579-5479.

Cost/Completion: \$5.7 million / Summer 2025

Traffic Impact:

- All lanes are open.

17. State Road (SR) 60/Indian River Boulevard Safety Improvements Project

Description: This project began on January 6, 2025. The project improvements consist of signalizing and extending the SR 60/Merrill P. Barber Bridge northbound right-turn lane to increase capacity and enhance safety and long-term resiliency, adding a second left-turn lane onto SR 60/Merrill P. Barber Bridge to improve safety, functionality, and long-term resiliency, replacing traffic signal within the project limits to improve the vehicular, pedestrian and bicycle operation and safety at the intersection, upgrading pedestrian signals with newer technology at signalized intersections to improve push button accessibility and safety, and installing lighting at the pedestrian crosswalk at the intersection of SR 60/Indian River Boulevard and SR 60/Merrill P. Barber Bridge to improve safety and visibility. For more information, please contact Community Outreach Specialist Samantha Kayser at 772-579-5479.

Cost/Completion: \$3,689,059.10 / Fall 2025

Traffic Impact:

- Signal operations may be impacted by project activities and are being monitored closely during construction for temporary adjustments to reduce congestion.
- The right lane at the intersection of the Merrill P. Barber Bridge and SR 60/Indian River Boulevard has become a right-turn-only lane, to help facilitate traffic. The left lane will be the thru lane for motorists heading northbound on SR 60/Indian River Boulevard.
- SR 60/Indian River Boulevard between Royal Palm Pointe and the base of the Merrill P. Barber Bridge will have the northbound right turn lane closed around-the-clock through Friday, Aug. 29, for barrier wall removal.
- SR 60/Indian River Boulevard between Royal Palm Pointe and 37th Street will have one lane closed in either direction, 8:30 p.m. to 6:30 a.m., Monday, Aug. 25 through Friday, Aug. 29, for roadway resurfacing.
- SR 60/Indian River Boulevard between Indian River Drive East and SR 60/Merrill P. Barber Bridge will have one lane closed in either direction, 8:30 p.m. to 6:30 a.m., Monday, Aug. 25 through Friday, Aug. 29, for roadway resurfacing.

18. State Road (SR) 5/US 1 Sidewalk Improvement Project

Description: This project began on May 29, 2025. The project improvements include installing a six-foot wide concrete sidewalk on the east side of SR 5/US 1 from CR 611/45th Street to south of 53rd Street to enhance safety and connectivity for pedestrians, constructing crosswalks at SR 5/US 1 and 4th Street to increase pedestrian safety, replacing drainage at various locations throughout the project limits to improve functionality and long-term resiliency, and upgrading signage and pavement markings to boost safety, functionality, and traffic operations. For more information, please contact Community Outreach Specialist Samantha Kayser at 772-579-5479.

Cost/Completion: \$5.7 million / Late 2025

Traffic Impact:

- SR 5/US 1 from approximately 400 feet south of the Publix entrance to the Publix entrance will have one northbound right turn lane closed, 8 a.m. to 5 p.m., Monday through Friday, through Friday, Sept. 12, to construct a segment of sidewalk and turn lane.
- SR 5/US 1 between 45th Street to 47th Street will have one northbound lane closed around-the-clock Monday, Aug. 25 through Friday, Sept. 12, for guardrail

demolition, watermain replacement, headwall extension, sidewalk installation, and drainage work.

MAINTENANCE, UTILITY, PERMIT & ADDITIONAL AGENCY PROJECTS

For additional maintenance, utility, permit, and agency closures not listed below, please click this link: [Lcisy2](#)

MARTIN COUNTY

(Hobe Sound, Palm City, City of Stuart, Stuart, Jensen Beach, Jupiter Island, Port Salerno, Port Mayaca, Rio, Indiantown, Tequesta, Town of Sewall's Point)

HOBE SOUND:

Northbound and southbound US 1 between SE Mars Street and SE Algozzini Place, in Hobe Sound, 9 a.m. to 4 p.m., Monday, Aug. 25 through Friday, Aug. 29, 1 of 3 lanes will be closed with possible lane shifts, for FP&L utility installation operations. For more information, please contact Rafael Ureña at 772-882-5084.

INDIANTOWN:

Eastbound and westbound SW Kanner Highway between SW Indiantown Avenue and SR 710/SW Warfield Boulevard, in Indiantown, 9 a.m. to 4 p.m., Monday, Aug. 25 through Friday, Aug. 29, 1 of 3 lanes may be intermittently closed with possible lane shifts, for FP&L utility installation operations. For more information, please contact Rafael Ureña at 772-882-5084.

Northbound SR 710/SW Warfield Boulevard between west Indiantown Road and SW Kanner Highway, in Indiantown, 9 a.m. to 4 p.m., Monday, Aug. 25 through Friday, Aug. 29, 1 of 2 lanes may be intermittently closed with possible lane shifts, for FP&L utility installation operations. For more information, please contact Rafael Ureña at 772-882-5084.

Eastbound and westbound SW Kanner Highway between Dupuis Family Campground and SW Indiantown Avenue, in Indiantown, 9 a.m. to 4 p.m., Monday, Aug. 25 through Friday, Aug. 29, 1 of 2 lanes closed intermittently, for FP&L Fiber Development. For more information, please contact Rafael Ureña at 772-882-5084.

Eastbound and westbound SW Kanner Highway between Port Mayaca Cemetery and King Ranch, in Indiantown, 9 a.m. to 4 p.m., Monday, Aug. 25 through Friday, Aug. 29, 1 of 2 lanes closed intermittently, for FP&L Fiber Development. For more information, please contact Rafael Ureña at 772-882-5084.

Eastbound SW Kanner Highway between SW Sunlight Ranch Drive and SW Bridge Road, in Indiantown, 9 a.m. to 4 p.m., Monday, Aug. 25 through Friday, Aug. 29, 1 of 2 lanes closed, for FP&L pole installation. For more information, please contact Rafael Ureña at 772-882-5084.

Eastbound and westbound SR 710/SW Warfield Boulevard between SW Springhaven Avenue and approximately 4000 feet west of SW Tommy Clements Street, in Indiantown, 9 a.m. to 4 p.m., Monday, Aug. 25 through Friday, Aug. 29, 1 lane will be intermittently closed, for FP&L pole relocation. For more information, please contact Rafael Ureña at 772-882-5084.

Eastbound and westbound SR 706/Indiantown Road between 67th Road North and approximately 500 feet east from Central Boulevard, in Indiantown, 9 a.m. to 4 p.m., Monday, Aug. 25 through Friday, Sept. 5, 1 of 3 lanes closed for soil test boring. For more information, please contact Tate Cozort at 662-210-5001.

Northbound and southbound US 98/SW Connors Highway from just south of SE 138th Avenue to just north of SW Wood Street, in Indiantown, 9 a.m. to 4 p.m., Tuesday, Sept. 2, 1 of 2 lanes will be closed for securing electrical wire across the roadway. For more information, please contact Chris DeVane at 772-268-7874.

STUART:

Northbound US 1 between SW Mary Drive and SW Heather Terrace, in Stuart, 9 a.m. to 4 p.m., Monday, Aug. 25 through Friday, Aug. 29, 1 of 2 lanes closed with possible lane shifts, for FP&L utility installation operations. For more information, please contact Rafael Ureña at 772-882-5084.

Northbound US 1 between US 1 between SE Gran Parkway and SW Springtree Place, in Stuart, 9 a.m. to 4 p.m. Monday Aug. 25 through Friday, Aug. 29, 1 of 3 lanes may be intermittently closed with possible lane shifts, for FP&L utility installation operations. For more information, please contact Rafael Ureña at 772-882-5084.

Northbound US 1 between approximately 1,300 feet south of SE Seabranh Boulevard intersection to the SE Seabranh Boulevard intersection, in Stuart, 9 a.m. to 4 p.m., Monday, Aug. 25 through Friday, Aug. 29, 1 of 2 lanes will be closed, for roadway work. For more information, please contact Jay Rex at 772-260-7559.

Northbound SE Monterey Road between approximately 360 feet north of US 1 and approximately 200 feet south of the railroad tracks at SE Old Dixie Highway, in Stuart, 9 a.m. to 4 p.m., Thursday, Aug. 28, 1 of 4 lanes will be closed, for FP&L pole setting. For more information, please contact Ryan Callahan at 772-418-3144.

ST. LUCIE COUNTY

(City of Port St. Lucie, Port St. Lucie, White City, City of Fort Pierce, Fort Pierce, St. Lucie West, Tradition, Jensen Beach)

FORT PIERCE:

Westbound SR 68/Orange Avenue between LaJean Drive and Jenkins Road, in Fort Pierce, 9 a.m. to 4 p.m., Monday, Aug. 25 through Friday, Aug. 29, 1 of 4 lanes may be intermittently closed with possible lane shifts, for FP&L utility installation operations. For more information, please contact Rafael Ureña at 772-882-5084.

Northbound N Kings Highway between SR 68/Orange Avenue and Access Road, in Fort Pierce, 9 a.m. to 4 p.m., Monday, Aug. 25 through Friday, Aug. 29, the right turn lane may be intermittently closed, for FP&L utility installation operations. For more information, please contact Rafael Ureña at 772-882-5084.

Eastbound and westbound SR 70/Okeechobee Road between approximately 2,400 feet east of 11 Mile Road and approximately 2,400 feet west of Yorktown Road, the west entrance into the Creekside Neighborhood, in Fort Pierce, Monday through Friday, through Thursday, Sept. 25, 1 of 2 lanes will be closed around-the-clock, for the paving of the right turn lane, final grading and sod placement. For more information, please contact Scott Russell at 561-801-9050.

Eastbound Turnpike Feeder Road between Palomar Parkway and 5018 Turnpike Feeder Road, in Fort Pierce, 7 a.m. to 4 p.m., Monday, Aug. 25 through Friday, Aug. 29, 1 of 2 lanes will be closed as needed, for striping removal, installation of median curb, and new striping installation. For more information, please contact Matt Edwards at 239-722-8461.

PORT ST. LUCIE:

Northbound US 1 between SE Walton Road and SE Huffman Road, in Port Saint Lucie, 9 a.m. to 4 p.m., Monday, Aug. 25 through Friday, Aug. 29, 1 of 3 lanes may be intermittently closed with possible lane shifts, for FP&L utility installation operations. For more information, please contact Rafael Ureña at 772-882-5084.

Eastbound Crosstown Parkway at US 1, in Port Saint Lucie, 9 a.m. to 4 p.m., Monday, Aug. 25 through Friday, Aug. 29, 1 of 3 lanes may be intermittently closed, for FP&L utility installation operations. For more information, please contact Rafael Ureña at 772-882-5084.

Northbound and southbound US 1 between SE Village Green Drive and SE Walton Road, in Port Saint Lucie, 9 a.m. to 4 p.m., Monday, Aug. 25 through Friday, Aug. 29, 1 of 3 lanes may be intermittently closed with possible lane shifts, for FP&L utility installation operations. For more information, please contact Rafael Ureña at 772-882-5084.

Northbound and southbound US 1 between Saeger Avenue and SE Village Green Drive, in Port Saint Lucie, 9 a.m. to 4 p.m., Monday, Aug. 25 through Friday, Aug. 29, 1 of 2 lanes may be intermittently closed with possible lane shift and or flagging operations, for FP&L pole installation operations. For more information, please contact Rafael Ureña at 772-882-5084.

Southbound US 1 between Crosstown Parkway and SE Jennings Road, in Port Saint Lucie, 9 a.m. to 4 p.m., Monday, Aug. 25 through Friday, Aug. 29, 1 of 3 lanes may be intermittently closed with possible lane shifts, for FP&L utility installation operations. For more information, please contact Rafael Ureña at 772-882-5084.

Northbound US 1 between SE Mariposa Avenue and SE Tiffany Avenue, in Port Saint Lucie, 9 a.m. to 4 p.m., Monday, Aug. 25 through Friday, Aug. 29, 1 of 3 lanes may be intermittently closed with possible lane shifts, for FP&L utility installation operations. For more information, please contact Rafael Ureña at 772-882-5084.

INDIAN RIVER COUNTY

(City of Vero Beach, Vero Beach, Indian River Shores, City of Sebastian, Sebastian, Wabasso, Wabasso Beach, Orchid Island, City of Fellsmere)

SEBASTIAN:

Northbound and southbound US 1 between Main Street and Bay Street, in Sebastian, 9 a.m. to 4 p.m., Monday, Aug. 25 through Friday, Aug. 29, 1 of 3 lanes may be intermittently closed with possible lane shifts, for FP&L utility installation operations. For more information, please contact Rafael Ureña at 772-882-5084.

Southbound CR 512/Sebastian Boulevard between WW Ranch Road and 90th Avenue, in Sebastian, 8 a.m. to 5 p.m., Monday, Aug. 18 through Friday, Aug. 29, 1 of 3 lanes will be closed intermittently, as needed, for 6-inch steel gas line installation. For more information, please contact Jeff Winters at 904-751-1016.

Southbound CR 510/90th Avenue between 89th Street and 87th Street, in Sebastian, 9 a.m. to 4 p.m., Monday, Aug. 25 through Friday, Aug. 29, 1 of 2 lanes will be closed as needed, for directional boring and conduit installation.
