Community feedback is at the core of all we do; FDOT works with the public to balance their community vision with the community's transportation needs. This is routine on all our projects to ensure Florida's infrastructure is safe, resilient, and efficient for many years into the future. Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability or family status. **For more information, please contact Community Outreach Specialist Samantha Kayser at (772) 579-5479 or [skayser@corradino.com](mailto:skayser@corradino.com).**
