FDOT Broward County Traffic Impact Report

October 2, 2026 – October 9, 2026

FORT LAUDERDALE, Fla. – Construction and maintenance-related lane closures on state highways in Broward County are expected during the week of October 2, 2026, through October 9, 2026. Weather permitting, work will be done at the following locations throughout the county**.** Please note, any full road, ramp or bridge closures have been highlighted below. For around-the-clock, real-time, traffic information, visit http://www.fl511.com/. For updated lane closure information, please refer to www.d4fdot.com. Follow us on X and Instagram @MyFDOT_SEFL, and Facebook @MyFDOTSEFL.

CONSTRUCTION PROJECTS

INTERSTATES

1. **SW 10th Street Connector Project from S.R. 869/Sawgrass Expressway to S.R. 9/I-95 and on S.R. 9/I-95 from north of S.R. 834/Sample Road to north of S.R. 810/Hillsboro Boulevard in the City of Deerfield Beach.**

Description: **The SW 10th Street Connector Project** is a major transportation improvement initiative that will enhance safety, improve traffic flow, and strengthen regional and local connectivity in the South Florida region. The project will create two separate roadway systems for regional and local travel by constructing dedicated SW 10th Street Connector lanes between the S.R. 869/Sawgrass Expressway and S.R. 9/I-95 while reconstructing local SW 10th Street with a 12-foot shared-use path for pedestrians and cyclists. Additional improvements include reconstruction of the S.R. 9/I-95 interchanges at SW 10th Street and S.R. 810/Hillsboro Boulevard, expansion of the I-95 Express Lanes, replacement of the NW/NE 48th Street bridge, and corridor-wide roadway, drainage, and safety enhancements. Together, these improvements will improve travel, reduce congestion, and support long-term regional transportation needs. For more information, please visit www.sw10street.com or contact Senior Community Outreach Specialist Daniela Silva at (786) 441-3088 or Daniela.Silva@dot.state.fl.us
Cost/Start: $1.3 billion/August 2026
Full Closure Traffic Impacts:

- **NW/NE 48th Street Bridge Full Closure Notice:** The **NW/NE 48th Street Bridge over State Road (S.R.) 9/I-95** closed on Sunday, Aug. 2, in both directions for full reconstruction, and will remain closed through **Summer 2027** as part of the **Early Construction Works** phase of the **SW 10th Street Connector Project**.

To help ensure the safety of motorists, pedestrians, and bicyclists, signed detour routes will be in place throughout the duration of the closure.

- **Regional traffic** will be directed to the primary state roadway network, including **SW 10th Street, S.R. 845/Powerline Road, S.R. 811/Dixie Highway, and S.R. 834/Sample Road**.
- **Local traffic** will be directed to alternate north-south routes, including **Military Trail** and **NE 3rd Avenue/FAU Research Park Boulevard**.

- Advance warning signs and detour signage will be installed throughout the construction limits to help guide travelers safely through the area. **Access to homes, businesses, schools, and emergency services** will be maintained at all times during construction. Please click here to view the detour flyer.
  Southbound S.R. 9/I-95 Advanced Full Closure Notice: Southbound S.R. 9/I-95 between just south of SW 10th Street and S.R. 834/Sample Road will be closed to traffic from 8 p.m. to 6 a.m. on Sunday, October 11 for equipment mobilization. One lane will close at 8 p.m., and all lanes will be closed by 9 p.m., reopening by 6 a.m. Southbound motorists will be detoured via the SW 10th Street exit ramp, southbound Military Trail, and eastbound S.R. 834/Sample Road to re-enter southbound S.R. 9/I-95. The southbound S.R. 9/I-95 Express Lanes between S.R. 810/Hillsboro Boulevard and S.R. 814/Atlantic Boulevard will also be closed. Motorists may re-enter the Express Lanes by the S.R. 814/Atlantic Boulevard entrance.

  In association with this full closure, the following entrance ramps to southbound S.R. 9/I-95 will also be closed:
  - Southbound S.R. 9/I-95 entrance ramp from eastbound and westbound S.R. 810/Hillsboro Boulevard.
  - Southbound S.R. 9/I-95 entrance ramp from eastbound and westbound SW 10th Street.

  Motorists seeking to access southbound S.R. 9/I-95 from these locations will be detoured via southbound S.R. 811/N. Dixie Highway and westbound S.R. 834/Sample Road. Monday, October 12 through Thursday, October 15 will be reserved as contingency nights if needed. To ensure the safety of the traveling public, Florida Highway Patrol (FHP) officers will be on site, and posted detour signage will be in place to guide motorists safely through the designated detour routes. Please click here to view the detour flyer.

- **Express Lanes Full Closure Notice:** The northbound S.R. 9/I-95 Express Lanes between S.R. 816/Oakland Park Boulevard and S.R. 834/Sample Road will be closed to traffic nightly from 9 p.m. to 5:30 a.m., Sunday through Thursday, for bridge construction operations. Motorists will be directed to exit the Express Lanes onto the General-Purpose Lanes at S.R. 816/Oakland Park Boulevard and may re-enter the Express Lanes north of S.R. 810/Hillsboro Boulevard.
- **Express Lanes Full Closure Notice:** The southbound S.R. 9/I-95 Express Lanes between S.R. 810/Hillsboro Boulevard and S.R. 814/Atlantic Boulevard will be closed to traffic nightly from 9 p.m. to 5:30 a.m. Sunday through Thursday, for bridge construction operations. Motorists will be directed to exit the Express Lanes onto the General-Purpose Lanes at S.R. 810/Hillsboro Boulevard and may re-enter the Express Lanes by S.R. 814/Atlantic Boulevard.

S.R. 9/I-95 Lane Closures:

- Northbound S.R. 9/I-95 will have the two outside general-purpose lanes closed, between north of S.R. 834/Sample Road and SW 10th Street, Sunday through Thursday, beginning Sunday, October 8 through Thursday, October 29, for bridge construction operations. The first lane will close at 9 p.m., the second lane will close as 9:30 p.m., and all lanes will re-open by 5:30 a.m.
- Southbound S.R. 9/I-95 will have the two outside general-purpose lanes closed, between north of SW 10th Street and S.R. 834/Sample Road, Sunday through Thursday, beginning Sunday, October 8 through Thursday, October 29, for bridge construction operations. The first lane will close at 9 p.m., the second lane will close as 9:30 p.m., and all lanes will re-open by 5:30 a.m.

2. **State Road (S.R.) 9/I-95 from south of S.R. 820/Hollywood Boulevard in the City of Hollywood to the south of S.R. 842/Broward Boulevard in the City of Fort Lauderdale and S.R. 862/I-595 from S.R. 9/I-95 to United States (U.S.) 441/S.R. 7 in the Town of Davie (95 Express Phase 3C)**

Description: Work on this 9-mile 95 Express project includes extending the existing Express Lanes north from just south of S.R. 820/Hollywood Boulevard to just south of S.R. 842/Broward Boulevard in Broward County. One lane will be added, and the High Occupancy Vehicle (HOV) lane will be converted to create two Express Lanes in each direction. The number of general-use lanes will remain the same. Other project improvements include the construction of I-95/I-595 Direct Connectors between S.R. 9/95 Express Lanes and S.R. 862/I-595, as well as reconstruction, milling, resurfacing, and widening of S.R. 862/I-595 from U.S. 441/S.R. 7 to S.R. 9/I-95 and along S.R. 9/I-95 from south of S.R. 820/Hollywood Boulevard to south of S.R. 842/Broward Boulevard. Additional work includes bridge widening along S.R. 9/I-95 at several locations, painting of 17 bridges within project limits, S.R. 9/I-95/S.R. 84 interchange modifications, Integrated Intelligent Transportation System (ITS) installation, including cameras, detectors, and dynamic message signs to optimize traffic operations, tolling/gantry construction, ramp signalization implementation at the interchanges, lighting, signage and drainage installation and construction of shoulder-mounted sound walls and retaining walls. For more information, please contact Interstate Community Outreach Specialist Daniela Silva at (786) 441-3088 or Daniela.Silva@dot.state.fl.us.

Cost/Completion: $457 million/Late 2026

Traffic Impacts:

S.R. 9/I-95 / S.R. 862/I-595 Full Mainline and Express Lanes Upcoming Closures:

- **Northbound S.R. 9/I-95 Express Lanes Full Closure:** The northbound S.R. 9/I-95 Express Lanes, from S.R. 820/Hollywood Boulevard to S.R. 838/Sunrise Boulevard, and the inside general-purpose lane will be closed from 9 p.m. to 5 a.m., Sunday through Thursday, as needed, for maintenance and punch list operations. The entrance north of S.R. 848/Stirling Road will also be closed. Motorists must exit north of S.R. 820/Hollywood Boulevard. The next available entrance is north of S.R. 816/Oakland Park Boulevard. Signage will be in place to assist motorists.
- **Northbound S.R. 9/I-95 Express Lanes Full Closure:** The northbound Express Lanes, from County Road (C.R.) 854/Ives Dairy Road to S.R. 822/Sheridan

Street, and the inside general-purpose lane will be closed from 9 p.m. to 5 a.m., Sunday through Thursday, for punch list operations and delineator maintenance. The Express Lanes entrance at S.R. 858/Hallandale Beach Boulevard will also be closed. Motorists traveling within the northbound S.R. 9/I-95 Express Lanes will exit at C.R. 854/Ives Dairy Road onto the General-Purpose Lanes. The next available entrance will be north of S.R. 822/Sheridan Street. Signage will be in place to assist motorists.

- **Southbound Express Lanes Full Closure:** The southbound S.R. 9/I-95 Express Lanes from S.R. 838/Sunrise Boulevard to S.R. 848/Stirling Road, and the inside general-purpose lane will be closed to traffic nightly as needed, 9 p.m. to 5 a.m., Sunday through Thursday, for punch list operations. The Express Lanes entrance at S.R. 816/Oakland Park Boulevard and the Broward Boulevard Park and Ride will also be closed. Motorists traveling within the southbound S.R. 9/I-95 Express Lanes will exit at S.R. 838/Sunrise Boulevard onto the General-Purpose Lanes. The next available entrance will be at S.R. 822/Sheridan Street. Signage will be in place to assist motorists.
- **Southbound Express Lanes Full Closure:** The southbound Express Lanes, from S.R. 822/Sheridan Street to C.R. 854/Ives Dairy Road, and the inside general-purpose lane will be closed from 9 p.m. to 5 a.m., Sunday through Thursday, for punch list operations. The Express Lanes entrance at S.R. 820/Hollywood Boulevard will also be closed. Motorists traveling within the southbound S.R. 9/I-95 Express Lanes will exit at S.R. 822/Sheridan Street onto the General-Purpose Lanes. The next available entrance will be at C.R. 854/Ives Dairy Road. Signage will be in place to assist motorists.
- **Northbound and Southbound Express Lanes Direct Connector Closures:** The eastbound S.R. 862/I-595 inside lane and the northbound and southbound S.R. 9/I-95 direct connectors to the Express Lanes will be closed nightly as needed, Sunday through Thursday, from 9 p.m. to 5 a.m. for punch list operations. Motorists will be required to use the general-purpose ramps to access northbound or southbound S.R. 9/I-95. FHP will be on-site, and signage will be in place to assist motorists.

S.R. 9/I-95 Ramp and Traffic Impacts:

- The northbound S.R. 9/I-95 entrance ramp from S.R. 848/Stirling Road will be closed to traffic overnight on Sunday, October 4, Monday, October 5 and Tuesday, October 6, from 10:30 p.m. to 5 a.m., for pole repair operations. Eastbound S.R. 848/Stirling Road traffic will be detoured via northbound U.S. 1/S.R. 5 and westbound S.R. 818/Griffin Road to access northbound S.R. 9/I-95. Westbound S.R. 848/Stirling Road traffic will be detoured via northbound Anglers Avenue and eastbound S.R. 818/Griffin Road to access northbound S.R. 9/I-95. The Florida Highway Patrol (FHP) will be onsite, and signage will be in place to assist motorists.
- S.R. 9/I-95 in each direction, between S.R. 820/Hollywood Boulevard and S.R. 736/Davie Boulevard, may have up to four lanes closed, nightly as needed, from 8:30 p.m. to 5:30 a.m., Sunday through Thursday, for paving and vehicle detection loop installation. The first lane will close at 8:30 p.m., the second lane will

close at 9 p.m., and the third and fourth lanes will close at 10 p.m. All lanes will be open by 5:30 a.m.

- S.R. 9/I-95 in each direction, from S.R. 820/Hollywood Boulevard to south of S.R. 736/Davie Boulevard, will have shoulder closures, daily and nightly, as needed, Sunday through Thursday.
- The northbound S.R. 9/I-95 entrance ramp from westbound S.R. 862/I-595 may have one lane closed nightly as needed, from 9:30 p.m. to 5 a.m., Sunday through Thursday.
- The southbound S.R. 9/I-95 entrance ramp from westbound S.R. 862/I-595 may have one lane closed nightly as needed, from 9:30 p.m. to 5 a.m., Sunday through Thursday.
- The southbound S.R. 9/I-95 southbound entrance ramp from eastbound S.R. 862/I-595 may have one lane closed nightly as needed, from 9:30 p.m. to 5 a.m., Sunday through Thursday.
- The northbound and southbound S.R. 9/I-95 exit ramps to S.R. 818/Griffin Road may have two lanes closed intermittently, nightly as needed, from 9:30 p.m. to 5 a.m., Sunday through Thursday.
- The northbound and southbound S.R. 9/I-95 exit ramps to S.R. 848/Stirling Road may have two lanes closed intermittently, nightly as needed, from Sunday through Thursday.
- The northbound and southbound S.R. 9/I-95 entrance ramps from S.R. 848/Stirling Road may have one lane closed intermittently, nightly as needed, from 9 p.m. to 5:30 a.m. Sunday through Thursday, for ITS and drilled shaft operations.
- ***Please note that ramp closures will be performed as needed per nighttime construction operations; consecutive ramps will not be closed at the same time**.

S.R. 862/I-595 Ramp and Traffic Impacts:

- The exit ramp from Davie Road to eastbound S.R. 862/I-595, eastbound S.R. 84/Marina Mile Boulevard, and southbound U.S. 441/S.R. 7 will be closed to traffic from 10:30 p.m. to 5 a.m. on Wednesday, October 7 and Thursday, October 8 for shield installation operations.
    - To access southbound U.S. 441/S.R. 7, motorists will be detoured via northbound U.S. 441/S.R. 7 and directed to make a U-turn at the Riverland Road/SW 20th Street intersection.
    - To access eastbound S.R. 862/I-595, motorists will be detoured via northbound U.S. 441/S.R. 7 and eastbound S.R. 736/Davie Boulevard.
    - To access eastbound S.R. 84/Marina Mile Boulevard, motorists will be detoured via northbound U.S. 441/S.R. 7, eastbound S.R. 736/Davie Boulevard, and southbound S.R. 9/I-95.

  Sunday, October 11 will be used as a contingency night if needed. The Florida Highway Patrol (FHP) will be onsite, and signage will be in place to assist motorists.
- S.R. 862/I-595 in each direction, from east of U.S. 441/S.R. 7 to Anglers Avenue, may have up to four lanes closed nightly as needed, from 9 p.m. to 5:30 a.m., Sunday through Thursday. The first lane will close at 9 p.m., the second lane will

close at 9:30 p.m., and the third and fourth lane will close at 10:30 p.m. All lanes will be open by 5:30 a.m.

- S.R. 862/I-595 in each direction, from U.S. 441/S.R. 7 to S.R. 9/I-95, will have shoulder closures, daily and nightly as needed, Sunday through Thursday.
- The eastbound and westbound S.R. 862/I-595 entrance ramp from southbound S.R. 9/I-95 may have two lanes closed nightly as needed, from 9:30 p.m. to 5 a.m., Sunday through Thursday.
- The westbound S.R. 862/I-595 entrance ramp from southbound S.R. 9/I-95 may have one lane closed nightly as needed, from 9:30 p.m. to 5 a.m., Sunday through Thursday.
- The eastbound S.R. 862/I-595 entrance ramp from northbound S.R. 9/I-95 may have one lane closed nightly as needed, from 9:30 p.m. to 5 a.m., Sunday through Thursday.
- The westbound S.R. 862/I-595 entrance ramp from northbound S.R. 9/I-95 may have one lane closed nightly as needed, 9:30 p.m. to 5 a.m., Sunday through Thursday.
- The westbound S.R. 862/I-595 westbound exit ramp to U.S. 441/S.R. 7 and the S.R. 91/Florida's Turnpike will have one lane closed nightly as needed, from 9 p.m. to 6 a.m., Sunday through Thursday.
- ***Please note that ramp closures will be performed as needed per nighttime construction operations; consecutive ramps will not be closed at the same time.**

Arterial Traffic Impact:

- SW 26th Terrace may have flagging operations as needed.
- S.R. 820/Hollywood Boulevard at S.R. 9/I-95 may have the shoulder closed in each direction daily as needed for directional bore operations.
- S.R. 818/Griffin Road, from Old Griffin Road and Anglers Avenue, may have up to two lanes closed in each direction nightly, 8:30 p.m. to 6 a.m., Sunday through Thursday.

3. **State Road (S.R.) 838/Sunrise Boulevard at S.R. 9/I-95 Interchange Improvements and Resurfacing, Restoration, and Rehabilitation (RRR) Project in Fort Lauderdale**

Description: The project improvements include widening S.R. 838/Sunrise Boulevard at the S.R. 9/I-95 Interchange overpass to accommodate dual right turn lanes onto northbound and southbound S.R. 9/I-95 to improve vehicular capacity and operations; widening the southbound S.R. 9/I-95 (Exit 29) off-ramp to accommodate triple left and triple right turn lanes onto S.R. 838/Sunrise Boulevard to improve vehicular capacity and operations; milling and resurfacing the existing roadway within the project limits to ensure long-term infrastructure resilience; installing new light poles with LED fixtures at the S.R. 9/I-95 Interchange to enhance nighttime visibility; installing Wrong-Way Driver detection systems on all ramps at the S.R. 9/I-95 Interchange to improve vehicular safety; upgrading existing signalization features to improve pushbutton accessibility and enhance pedestrian safety; adding a shared-use path on the S.R. 838/Sunrise Boulevard bridge over S.R. 9/I-95 to enhance pedestrian connectivity; and upgrading sidewalk curb ramps, pavement markings, and signage to enhance visibility and accessibility. For more

information, please contact the Community Outreach Specialist, Trisha Rangil at (754) 283-2929 or trisha.rangil@exp.com.
Cost/Completion: $55,449,488/Early 2029
S.R. 9/I-95 Traffic Impacts:

- A temporary traffic shift on S.R. 9/I-95 at S.R. 838/Sunrise Boulevard has reduced the express lanes from two lanes to one lane in both directions to facilitate critical bridge construction. This configuration is expected to remain in place through Fall 2026 for ongoing improvements.
- S.R. 9/I-95 in each direction, between S.R. 842/Broward Boulevard and S.R. 816/Oakland Park Boulevard, may have up to two lanes closed, nightly as needed, 8 p.m. to 6 a.m., Sunday through Thursday.
- **Northbound S.R. 9/I-95 Express Lanes Full Closure:** The northbound S.R. 9/I-95 Express Lanes, from S.R. 820/Hollywood Boulevard to north of S.R. 838/Sunrise Boulevard, and the inside general-purpose lane will be closed 8 p.m. until 6 a.m. on select nights from Sunday, October 11, through Sunday, October 25, so crews may perform work within the median. The entrance north of S.R. 848/Stirling Road will also be closed. Motorists must exit north of S.R. 820/Hollywood Boulevard. The next available entrance is north of S.R. 816/Oakland Park Boulevard. Signage will be in place to assist motorists.
- **Full Closure Notice:** All lanes of southbound S.R. 9/I-95 at S.R. 838/Sunrise Boulevard will be closed to traffic nightly, Wednesday, October 7, and Thursday, October 8, from 8 p.m. to 6 a.m. These closures are necessary for crews to perform overhang bracket installation.
    - During the full closure, southbound S.R. 9/I-95 traffic will be detoured via the S.R. 9/I-95 southbound exit ramp to S.R. 816/Oakland Park Boulevard, westbound S.R. 816/Oakland Park Boulevard, southbound NW 31st Avenue/Martin Luther King Jr. Avenue, eastbound S.R. 838/Sunrise Boulevard, and then the S.R. 9/I-95 southbound entrance ramp. Express lane traffic will exit just south of Atlantic Boulevard into the general-purpose lanes to follow the detour.
    - In association with this closure, the southbound express lane ingress at north of S.R. 838/Sunrise Boulevard will be closed. Signage will be in place to assist motorists.

S.R. 838/Sunrise Boulevard Impacts:

- S.R. 838/Sunrise Boulevard from just west of S.R. 9/I-95 to S.R. 5/U.S. 1/North Federal Highway may have up to two lanes intermittently closed, one direction at a time, nightly as needed, 9 p.m. to 7 a.m., Monday through Friday.

4. **State Road (S.R.) 84/I-595 Corridor Resurfacing Project**

Description: The Florida Department of Transportation (FDOT) will begin the I-595 Corridor Resurfacing Project in mid-June 2025. This major infrastructure effort includes repaving and restriping I-595 and State Road 84 from I-75 to I-95, covering the Express Lanes, General Purpose Lanes, and adjacent segments of State Road 84. The project is designed to extend the service life of the pavement and improve safety for all roadway users. Construction will be performed in phases to minimize disruptions and will occur at night to reduce impacts to daytime traffic. Access to properties along the corridor will be

maintained throughout the duration of the work. FDOT remains committed to working closely with the community to ensure transportation improvements reflect local needs and long-term goals. For more information, please contact FDOT Project Manager, Kris McKirdy at (954) 777-4586 or kris.mckirdy@dot.state.fl.us.
Cost/Completion: $20 Million/Spring 2029
Traffic Impacts:

- Westbound I-595 at University Drive and the northbound University Drive entrance ramp to westbound I-595 will be fully closed from 9 p.m. to 5 a.m. on select nights from Sunday, October 11, through Thursday, October 15, with a backup date of Sunday, October 18. Traffic monitoring site work may be impacted by weather conditions.
- Three inside lanes of Westbound I-595 between Davie Road and SW 136th Avenue will be closed from 9 p.m. to 5 a.m. on select nights from Wednesday, October 14, 2026, through Wednesday, October 21, 2026, with a backup date of Thursday, October 22, 2026, for thermoplastic installation and bridge tape removal and installation. Work may be impacted by weather conditions.
- Full Closure of the I-595 Express lanes will be closed from 9 p.m. to 5 a.m. on select nights from Wednesday, October 14, 2026, through Wednesday, October 21, 2026, with a backup date of Thursday, October 22, 2026, for thermoplastic installation and bridge tape removal and installation. Work may be impacted by weather conditions.
- Three outside lanes of westbound I-595 between Davie Road and SW 136th Avenue, along with Ramps Q3, P1, L2, J, F, and B, will be closed from 9 p.m. to 5 a.m. on select nights from Sunday, October 18, 2026, through Sunday, October 25, 2026, with a backup date of Monday, October 26, 2026, for thermoplastic installation and bridge tape removal and installation. No two consecutive off-ramps or on-ramps will be closed at the same time. Work may be impacted by weather conditions.

5. **State Road (S.R.) 93/I-75 Interchange at Royal Palm Boulevard Improvements Project in Southwest Ranches, Davie, and Weston**

Description: The project improvements include widening the S.R. 93/I-75 mainline to add an additional lane and enhance entry and exit movements; widening the S.R. 93/I-75 exit and entrance ramps at Royal Palm Boulevard and S.R. 818/Griffin Road to increase storage capacity and enhance traffic flow; widening the S.R. 93/I-75 bridge over the C-11 Canal to support the S.R. 93/I-75 mainline expansion and enhance traffic flow; installing Wrong-Way Driver Detection Systems at key locations to enhance safety: southbound S.R. 93/I-75 exit ramp to westbound Royal Palm Boulevard, northbound S.R. 93/I-75 exit ramp to westbound Royal Palm Boulevard, and northbound S.R. 93/I-75 exit ramp to westbound S.R. 818/Griffin Road; milling and resurfacing the roadway within the project limits to ensure long-term infrastructure resilience; upgrading signing and pavement markings within the project limits to enhance nighttime visibility; and upgrading existing light poles with new LED fixtures and installing additional poles throughout the project limits to enhance nighttime visibility. For more information, contact Community Outreach Specialist, Trisha Rangil at (754) 283-2929 or trisha.rangil@exp.com.
Cost/Completion: $36.2 million/Summer 2028

Traffic Impacts:

- S.R. 93/I-75 from S.R. 818/Griffin Road to SW 14th Street may have one lane closed nightly as needed, 9 p.m. to 6 a.m., Sunday through Thursday.
- Royal Palm Boulevard at S.R. 93/I-75 may have one lane closed nightly as needed, 9 p.m. to 6 a.m., Sunday through Thursday.
- Shoulder closures are permitted as needed.

6. **State Road (S.R.) 9/I-95 Northbound Exit Ramp to S.R. 862/I-595 Ramp Improvements Project**

Description: The project improvements include milling and resurfacing the roadway within the project limits to ensure long-term pavement resilience, minor widening of the northbound S.R. 9/I-95 ramp to eastbound S.R. 862/I-595 to improve safety, installing Dynamic Curve Warning and Wet Roadway Information Systems at the northbound S.R. 9/I-95 ramp to westbound S.R. 862/I-595 to enhance safety, constructing new guardrail along both sides of the northbound S.R. 9/I-95 ramp to eastbound S.R. 862/I-595 to enhance safety, installing new light poles with LED fixtures along the northbound S.R. 9/I-95 ramp to westbound S.R. 862/I-595 to improve nighttime visibility and safety, and upgrading signage and pavement marking throughout increase nighttime visibility. For more information, please contact the Community Outreach Specialist Angel Breedlove at (786) 494-6211 or abreedlove@corradino.com.
Cost/Completion: $5,296,366/Early 2027
Traffic Impacts:

- Eastbound S.R. 862/I-595 in between the southbound S.R. 9/I-95 exit ramp and the southbound U.S. 1/S.R. 5 exit ramp will have up to two lanes closed nightly as needed, Sunday through Thursday, 8 p.m. to 6 a.m. for milling and resurfacing operations.
- Shoulder closures are permitted as needed.

7. **Advanced Wrong-Way Driving Detection Systems Project in Broward and Palm Beach Counties**

Description: The project improvements include installing flashing beacons, wrong-way signage, and Intelligent Transportation System (ITS) devices at eleven exit ramps to enhance safety by detecting wrong-way drivers, and integrating the wrong-way driving detecting system/ITS with the Regional Transportation Management Center (RTMC) to aid in alerting motorists and notifying law enforcement. For more information, contact Community Outreach Specialist, Trisha Rangil at (754) 283-2929 or trisha.rangil@exp.com.
Cost/Completion: $2,856,391/Fall 2027
Traffic Impacts:

- All lanes open.

NORTH BROWARD

(Coconut Creek, Coral Springs, Deerfield Beach, Fort Lauderdale, Hillsboro Beach, Lauderdale Lakes, Lauderdale-By-The-Sea, Lauderhill, Lazy Lake, Lighthouse Point, Margate, North Lauderdale, Oakland Park, Parkland, Plantation, Pompano Beach, Sea Ranch Lakes, Sunrise, Tamarac, Wilton Manors)

8. **U.S. 441/State Road (S.R.) 7 Transit Corridor Improvements Project (Group 7) in Lauderhill and Lauderdale Lakes**

Description: Project improvements along NW 16th Street consist of milling and resurfacing the existing roadway from NW 43rd Avenue to U.S. 441/S.R. 7 to ensure long-term resilience; minor roadway widening throughout project limits to accommodate 5-foot bicycle lanes; adding a continuous 5-foot concrete sidewalk in each direction within project limits to enhance safety and connectivity for pedestrians; and upgrading curb ramps, pavement markings, and signage to improve visibility and accessibility. Project improvements along NW 19th Street consist of milling and resurfacing the existing roadway from NW 47th Avenue to U.S. 441/S.R. 7 to ensure long-term resilience; minor roadway widening throughout project limits to accommodate 5-foot bicycle lanes; adding a continuous 5-foot concrete sidewalk in each direction within project limits to enhance safety and connectivity for pedestrians; and upgrading curb ramps, pavement markings, and signage to improve visibility and accessibility. Project improvements along NW 26th Street consist of milling and resurfacing the existing roadway from NW 49th Avenue to NW 46th Avenue and NW 42nd Avenue to U.S. 441/S.R. 7 to ensure long-term resilience; minor roadway widening throughout project limits to accommodate 5-foot bicycle lanes; adding a continuous 5-foot concrete sidewalk in each direction within project limits to enhance safety and connectivity for pedestrians; and upgrading curb ramps, pavement markings, and signage to improve visibility and accessibility. For more information, please contact Assistant Community Outreach Specialist, Cindy Moshette at (786) 559-0601 or cindy@holtcommunications.net.

Cost/Completion: $5,530,214/Fall 2026

Traffic Impacts:

- NW 16th Street from NW 49th Avenue to U.S. 441/S.R. 7 may have one lane closed intermittently in each direction daily, as needed, 7 a.m. to 7 p.m.
- NW 19th Street from NW 49th Avenue to U.S. 441/S.R. 7 may have one lane closed intermittently in each direction daily, as needed, 7 a.m. to 7 p.m.
- NW 26th Street from NW 49th Avenue to U.S. 441/S.R. 7 may have one lane closed intermittently in each direction daily, as needed, 7 a.m. to 7 p.m.

9. **State Road (S.R.) 7/U.S. 441 at S.R. 862/I-595 Interstate Ramps, and the North Fork New River (C-12) Canal Improvements Project in Plantation, Fort Lauderdale, Lauderhill, and Davie**

Description: Project improvements along the south side of the North Fork New River (C-12) Canal consist of constructing a new shared-use path to improve connectivity; installing a new crosswalk and pedestrian signal enhancements, including Rectangular Rapid Flashing Beacons (RRFBs), at NW 34th Street and the North Fork New River (C-12) Canal to enhance pedestrian safety; and upgrading sidewalk curb ramps, signage, and pavement markings throughout the project limits to improve accessibility and nighttime visibility. Project improvements along northbound S.R. 7/U.S. 441 consist of repaving the roadway from Oakes Road to Riverland Road to reconfigure the roadway from three to two lanes to enhance traffic operations to and from interstate ramps; widening the westbound S.R. 84 exit ramp to northbound S.R. 7/U.S. 441 to enhance safety by improving sight distance visibility; widening the eastbound S.R. 862/I-595 exit

ramp to northbound S.R. 7/U.S. 441 from one lane to two lanes to improve traffic operations; constructing a new shared-use path from Oakes Road to just south of the South Fork New River (C-12) Canal; installing a bridge barrier separation along northbound S.R. 7/U.S. 441 over the South Fork New River (C-12) Canal to enhance shared-use path safety; constructing a new sidewalk along northbound S.R. 7/U.S. 441 from Orange Drive to Oakes Road to enhance pedestrian connectivity; installing new light poles with LED fixtures at shared-use path crossings to improve nighttime visibility; installing a new traffic signal mast arm at the intersection of S.R. 7/U.S. 441 and Riverland Road to enhance traffic flow; and upgrading sidewalk curb ramps, signage, and pavement markings throughout the project limits to improve accessibility and nighttime visibility. For more information, please contact Community Outreach Specialist Angel Breedlove at (786) 494-6211 or abreedlove@corradino.com.
Cost/Completion: $9,098,076/Spring 2027
Traffic Impacts:

- Northbound S.R. 7/U.S. 441 from north of Oakes Road to Riverland Road will have a continuous single-lane closure, as needed, Monday through Sunday, for roadway configuration. Please click here for more information.
- Northbound and southbound S.R. 7/U.S. 441 from Riverland Road to Orange Drive will have one lane closed, daily as needed, 8 a.m. to 4 p.m., Monday through Friday, for gravity wall installation.
- Northbound S.R. 7/U.S. 441 from Orange Drive to Oakes Road will have an outside shoulder lane closed, daily as needed, 8 a.m. to 4 p.m., Monday through Friday, for sidewalk operations.
- Northbound and Southbound S.R. 7/U.S. 441 from NW 8th Place to NW 11th Place will have one lane closed, daily as needed, 8 a.m. to 4 p.m., Monday through Friday, for signal work enhancements.
- Eastbound S.R. 838/Sunrise Boulevard exit and entrance ramp at northbound S.R. 7/U.S. 441 will have one lane closed, daily as needed, 8 a.m. to 4 p.m., Monday through Friday, for signal work enhancements.
- Northbound and Southbound NW 34th Avenue at S.R. 838/Sunrise Boulevard will have one lane closed, daily as needed, 8 a.m. to 4 p.m., Monday through Friday, for signalization operations.

10. **Loxahatchee Road Mobility Improvements Project in Parkland**

Description: Project improvements include upgrading drainage; widening the road to accommodate bike lanes; creating a continuous sidewalk on the south side of the road; constructing roundabouts at Nob Hill Road, North University Drive, and Parkside Drive; adding an additional eastbound left turn lane onto S.R. 7/U.S. 441; milling and resurfacing the roadway; and upgrading signage and pavement markings. For more information, please contact Community Outreach Specialist Angel Breedlove at (786) 494-6211 or abreedlove@corradino.com.
Cost/Completion: $33,480,584/Early 2027
Traffic Impacts:

- **Full Closure**: Loxahatchee Road from Parkside Drive to S.R. 7/U.S. 441 will be closed to traffic through Fall 2026, for phase 2 construction improvements. Traffic will be detoured via Parkside Drive, Holmberg Road, and S.R. 7/U.S. 441. Access

for local traffic will be maintained at all times through Parkside Drive. Signage will be in place to assist motorists through the detour. Please click here to view detour flyer.

11. **State Road (S.R.) 870/Commercial Boulevard Road Resurfacing, Restoration, and Rehabilitation (RRR) and Intelligent Transportation System (ITS) Improvements Project in Tamarac, Lauderdale Lakes, North Lauderdale, Fort Lauderdale, Oakland Park, and Lauderdale-by-the-Sea**

Description: Project improvements include milling and resurfacing the existing roadway from S.R. 845/Powerline Road to S.R. A1A/North Ocean Drive to ensure long-term resilience; installing Intelligent Transportation System (ITS) devices and upgrading Adaptive Traffic Signal Control (ATSC) cameras and Dynamic Messaging Signs (DMS) throughout the project limits; constructing a new mid-block pedestrian crosswalk at the intersection of S.R. 870/Commercial Boulevard and NE 26th Avenue to enhance safety and connectivity for pedestrians; upgrading the signalization from span wire to mast arms at the intersection of S.R. 870/Commercial Boulevard and Woodlands Boulevard; improving pedestrian signals at various signalized intersections throughout the project limits to enhance pushbutton accessibility; upgrading existing light poles with new LED fixtures and installing additional light poles throughout the project limits to improve nighttime visibility; and upgrading sidewalks, driveways, curb ramps, pavement markings, and signage to improve visibility and accessibility. For more information, please contact the Community Outreach Specialist, Trisha Rangil at (754) 283-2929 or trisha.rangil@exp.com.

Cost/Completion: $25,712,321/Early 2027

Traffic Impacts:

- Westbound and/or eastbound S.R. 870/Commercial Boulevard from S.R. 817/University Drive to S.R. A1A/North Ocean Drive will have up to two lanes closed intermittently, as needed, 9 a.m. to 4 p.m., and nightly as needed, 7 p.m. to 6 a.m., milling and resurfacing, signalization work, and fiber optic cable installation.
- Northbound and/or southbound side streets on S.R. 870/Commercial Boulevard from S.R. 817/University Drive to S.R. A1A/North Ocean Drive will have up to two lanes closed intermittently, as needed, 9 a.m. to 4 p.m., and nightly as needed, 7 p.m. to 6 a.m., milling and resurfacing, signalization work, and fiber optic cable installation.

12. **State Road (S.R.) A1A Resurfacing, Restoration, and Rehabilitation (RRR) Project**

Description: Project improvements along S.R. A1A include milling and resurfacing the existing roadway within the project limits to ensure long-term infrastructure resilience, replacing crosswalks at various locations within the project limits, installing in-pavement lighting at the Hibiscus Avenue Crosswalk, upgrading existing pedestrian signals at signalized intersections to enhance pedestrian safety, and upgrading concrete sidewalks, curb ramps, pavement markings, and signage to improve visibility and accessibility. For more information, please contact Assistant Community Outreach Specialist, Cindy Moshette at (786) 559-0601 or cindy@holtcommunications.net.

Cost/Construction Start: $2,638,158/Fall 2026

Traffic Impacts:

- Northbound and southbound S.R. A1A/North Ocean Drive between El Prado Avenue and Datura Avenue will have one lane closed, as needed, 9:30 a.m. to 3 p.m., for punch list items.

13. **East Las Olas Boulevard Bridge Rehabilitation Project in Fort Lauderdale**

Description: The project improvements include replacing the old deck with a new solid surface aluminum deck, painting the structural steel, replacing electrical components and wiring, replacing the mechanical span locks, which connect the two leaves of the movable bridge deck when the bridge is in the "down" position, replacing the existing navigation/marine fenders in the waterway, including replacement of the timber piles and support beams, renovating the bridge tender house, and minor repaving of the roadway at ends of the bridge. For more information, contact the Community Outreach Specialist, Rebecca Guerrero at (754) 444-0093 or rguerrero@pinnaclecei.com.
Cost/Completion: $14,053,215/Late 2027
Traffic Impacts:

- Eastbound and westbound East Las Olas Boulevard traffic over the Intracoastal Waterway is reduced from two lanes to one lane in each direction through late fall. The south side of the bridge is closed, with all traffic shifted to the north side.
    - Pedestrian access remains open on the south side of the bridge, while the north sidewalk is closed.

Marine Impacts:

- The bridge will provide single-leaf openings on the quarter-hour and three-quarter-hour through November 2026. Full bridge openings will remain available with a minimum two-hour advance notice to the bridge tender.
- The navigation channel will be partially obstructed through November 2026, due to bridge rehabilitation activities.
    - The U.S. Coast Guard will continue to notify mariners of these temporary operating conditions through the Local Notice to Mariners and Broadcast Notice to Mariners.

14. **State Road (S.R.) 838/Sunrise Boulevard Roadway and Bridge Rehabilitation Project in Fort Lauderdale**

Description: The project improvements include replacing the bridge deck with a new solid surface aluminum deck and painting the structural steel, replacing mechanical and electrical bridge components, replacing the existing navigation/marine fenders in the waterway, replacing the reinforced support walls on the south side of the bridge to improve resiliency, renovating the bridge tender house, milling and resurfacing the roadway to ensure long-term resiliency, upgrading existing street light poles with LED fixtures throughout the project corridor to enhance nighttime visibility and pedestrian safety, and upgrading curb ramps, signing, and pavement markings to enhance visibility and accessibility. For more information, contact the Community Outreach Specialist, Rebecca Guerrero at (754) 444-0093 or rguerrero@pinnaclecei.com.
Cost/Completion: $43.2 million/Late 2027
Traffic Impacts:

- The Sunrise Boulevard south bridge over the Intracoastal Waterway (ICWW) is closed through early 2027. Eastbound and Westbound traffic has been shifted to the north bridge, maintaining two lanes in each direction.
    - During this traffic configuration, left turns from westbound Sunrise Boulevard to southbound NE 26th Avenue will be prohibited.
    - Pedestrian and bicyclist access will remain open on the north bridge, while the sidewalk on the south bridge will be closed. Signage will be in place to guide pedestrians and bicyclists through the area.

15. **State Road (S.R.) 811/Dixie Highway Lighting and Safety Improvement Project North of S.R. 816/Oakland Park Boulevard to NE 44th Street/Prospect Road**

Description: Project improvements include installing additional light poles throughout the project limits to improve nighttime visibility and pedestrian safety. For more information, please contact the Assistant Community Outreach Specialist, Cindy Moshette at (786) 559-0601 or cindy@holtcommunications.net.
Cost/Completion: $825,000/Early 2027
Traffic Impacts:

- S.R. 811/Dixie Highway may have one lane closed Monday through Thursday, as needed, 7 p.m. to 12 a.m. for lighting operations.

16. **State Road (S.R.) 814/Atlantic Boulevard at Lyons Road Intersection Improvements Project in Coconut Creek**

Description: Project improvements include extending the southbound dual left-turn lanes on Lyons Road to improve intersection capacity and traffic operations; extending the eastbound right-turn lane on S.R. 814/Atlantic Boulevard to enhance operational efficiency; and upgrading existing light poles with new LED fixtures and installing additional light poles throughout the project limits to improve nighttime visibility. For more information, please contact the Community Outreach Specialist, Trisha Rangil at (754) 283-2929 or trisha.rangil@exp.com.
Cost/Completion: $1,013,087/Late 2026
Traffic Impacts:

- The inside lane on southbound Lyons Road may be closed, Sunday through Thursday, as needed, 8 p.m. to 7 a.m.
- The outside lane on eastbound S.R. 814/Atlantic Boulevard may be closed, Sunday through Thursday, as needed, and Friday through Saturday, as needed, 8:30 a.m. to 6:30 p.m.

17. **State Road (S.R.) 842/Broward Boulevard Traffic Operations Improvement Project at NW 33rd Avenue and SW 29th Avenue**

Description: Project improvements include constructing two signalized mid-block pedestrian crosswalks to enhance safety and connectivity for pedestrians. For more information, please contact the Assistant Community Outreach Specialist, Cindy Moshette at (786) 559-0601 or cindy@holtcommunications.net.
Cost/Completion: $1,333,333/Early 2027
Traffic Impacts:

- S.R. 842/Broward Boulevard from NW 34th Avenue to SW 28th Avenue may have two lanes closed Sunday through Thursday as needed, 7:30 p.m. to 8:00 a.m.
- S.R. 842/Broward Boulevard from NW 34th Avenue to SW 28th Avenue may have two lanes closed Sunday through Thursday as needed, 9:30 a.m. to 3:30 p.m.

SOUTH BROWARD

(Cooper City, Dania Beach, Davie, Hallandale Beach, Hollywood, Miramar, Pembroke Pines, Southwest Ranches, West Park, Weston)

18. State Road (S.R.) A1A/South Ocean Drive Drainage Improvements Project in Hollywood

Description: The project improvements include installing four stormwater pump stations and drainage structures near the intersections of S.R. A1A/South Ocean Drive and Azalea Terrace, Van Buren Street, Sherman Street, and Franklin Street to enhance long-term infrastructure resilience; installing a seawall along S.R. A1A/South Ocean Drive from Sherman Street to S.R. 822/Sheridan Street, and from Palm Street to Walnut Street to enhance long-term infrastructure resilience; and reconstructing sidewalks and the roadway affected by pump station and seawall installation. For more information, contact the Community Outreach Specialist, Rebecca Guerrero at (754) 444-0093 or rguerrero@pinnaclecei.com.
Cost/Completion: $34.3 million/Summer 2028
Traffic Impacts:

- The inside lane and turning lane of southbound S.R. A1A at Bougainvilla Terrace will be closed through October 2026.
- The southbound lanes of S.R. A1A at Bougainvilla Terrace will be shifted west, closing inside lane of southbound S.R. A1A at Bougainvilla Terrace for drainage installations.
- The middle eastbound lane on S.R. 822/Sheridan Street and the inside southbound lane on S.R. A1A from S.R. 822/Sheridan Street to New Mexico Street will remain closed through October 2026 to allow for drainage installation and roadway improvements.
    - Access to Hollywood North Beach Park will be maintained. Southbound S.R. A1A from just north of S.R. 822/Sheridan Street to New Mexico Street will be reduced to one lane only.
    - The bicycle lanes in this segment are closed during this phase of construction. Signage is in place to guide motorists and pedestrians.
- Northbound and southbound S.R. A1A between S.R. 822/Sheridan Street and New Mexico Street are currently reduced to one lane in each direction. This temporary lane reduction is necessary to safely accommodate drainage installation and roadway improvements.
    - Access to Hollywood North Beach Park will be maintained throughout construction.
    - Bicycle lanes within this segment will be temporarily closed during this phase of construction. Signs will be in place to safely guide motorists, cyclists, and pedestrians through the work zone.

- Southbound single temporary lane closures along S.R. A1A between Walnut Street and Palm Street.

19. **U.S. 441/State Road (S.R.) 7 Resurfacing, Restoration, and Rehabilitation (RRR) Project**

Description: Project improvements consist of milling and resurfacing the existing roadway within the project limits to ensure long-term infrastructure resilience; constructing a signalized mid-block pedestrian crosswalk at the intersection of SW 16th Street to enhance safety and connectivity for pedestrians; upgrading concrete sidewalks, curb ramps, pavement markings, and signage to improve visibility and accessibility; improving pedestrian signals at the intersection of SW 54th Court to enhance pushbutton accessibility; installing new and replacing existing light poles with LED fixtures throughout the project limits to improve safety and enhance nighttime visibility, and installing concrete barrier walls south of Orange Drive adjacent to canal C-11 to enhance safety. For more information, please contact the Community Outreach Specialist Angel Breedlove at (786) 494-6211 or abreedlove@corradino.com.
Cost/Completion: $8,525,000/Late 2026
Traffic Impacts:

- All lanes open.

20. **State Road (S.R.) 817/University Drive Roadway Improvements Project in Pembroke Pines**

Description: Project improvements consist of milling and resurfacing the existing roadway within the project limits to ensure long-term resilience, widening northbound S.R. 817/University Drive to accommodate a 7-foot bicycle lane from S.R. 824/Pembroke Road to S.R. 820/Pines Boulevard, constructing a new 10-foot shared use path along northbound S.R. 817/University Drive from S.R. 820/Pines Boulevard to NW 13th Street and southbound S.R. 817/University Drive within the project limits to improve connectivity, upgrading the existing traffic signals at the intersections of Airport Road, French Drive, and Johnson Street with new mast arm signals to enhance resiliency, installing new light poles and upgrading existing fixtures to LED lighting to enhance nighttime visibility and safety, and upgrading sidewalk curb ramps, signage, and pavement markings through the project limits to improve visibility and connectivity. For more information, please contact the Community Outreach Specialist Angel Breedlove at (786) 494-6211 or abreedlove@corradino.com.
Cost/Completion: $42,867,937/Early 2030
Traffic Impacts:

- S.R. 817/University Drive from S.R. 824/Pembroke Road to north of Johnson Street may have up to two lanes closed in each direction, nightly as needed, 7:30 p.m. to 5:30 a.m., Sunday through Friday.
- S.R. 817/University Drive from S.R. 824/Pembroke Road to north of Johnson Street may have up to one lane closed in each direction, daily as needed, 9 a.m. to 3 p.m., Monday through Friday.

21. **State Road (S.R.) 817/University Drive Improvements Project in Davie**

Description: Project improvements consist of widening northbound S.R. 817/University Drive to accommodate an auxiliary lane onto the westbound S.R. 862/I-595 entrance ramp to improve vehicular capacity and operations; relocating traffic signal mast arms to accommodate the proposed widening; replacing an overhead sign structure within the project limits to enhance safety by improving sight distance visibility; upgrading drainage within the project limits to enhance long-term infrastructure resilience; replacing the bus shelters along northbound S.R. 817/University Drive from south of SW 24th Street/Nova Drive to Kolsky Boulevard to enhance safety, accessibility, and traffic operations for buses; installing new light poles and upgrading existing fixtures to LED lighting to enhance nighttime visibility and safety; upgrading sidewalk curb ramps, signage, and pavement markings through the project limits to improve visibility and connectivity. For more information, please contact the Community Outreach Specialist Angel Breedlove at (786) 494-6211 or abreedlove@corradino.com.
Cost/Completion: $6.85 million/Summer 2027
Traffic Impacts:

- **Ramp Closure Notice:** The northbound S.R. 817/University Drive to westbound S.R. 862/I-595 entrance ramp will be closed to traffic, Wednesday night, October 7, 10 p.m. to 6 a.m. This closure is necessary to allow crews to safely perform traffic shift operations. Traffic will be detoured via westbound S.R. 84 to access westbound S.R. 862/I-595. The Florida Highway Patrol (FHP) will be on site to assist with traffic control, and detour signage will be in place to guide motorists safely through the area. Thursday, October 8, will be used as the contingency night if needed. Please click here to view the detour flyer.
- Northbound S.R. 817/University Drive from south of SW 24th Street/Nova Drive to the S.R. 862/I-595 entrance ramp may have one lane closed, nightly as needed, 8:30 p.m. to 7:30 a.m., Sunday through Thursday.
- Northbound S.R. 817/University Drive from south of SW 24th Street/Nova Drive to the S.R. 862/I-595 entrance ramp may have two lanes closed, nightly as needed, 9:30 p.m. to 7:30 a.m., Sunday through Thursday.

22. **State Road (S.R.) 84 at Weston Road Intersection Improvements Project in Sunrise**

Description: Project improvements along Weston Road include widening westbound S.R. 84 to accommodate a second left turn lane to southbound Weston Road to improve intersection operations and capacity, widening southbound Weston Road between westbound and eastbound S.R. 84 to provide an additional through lane to improve roadway capacity, upgrading signalization at the intersections of westbound and eastbound S.R. 84 along Weston Road to complement roadway improvements, upgrading existing street light poles with LED fixtures throughout the project corridor to enhance nighttime visibility and pedestrian safety, and upgrading sidewalks, curb ramps, pavement markings, and signage to improve visibility and accessibility. For more information, please contact the Community Outreach Specialist, Trisha Rangil at (754) 283-2929 or trisha.rangil@exp.com.
Cost/Completion: $3,189,221/Fall 2026
Traffic Impacts:

- All lanes open.

23. Bridge Rehabilitation Project in Dania Beach and Hollywood

Description: Project improvements include replacing existing bridge expansion joints with new Ultra High-Performance Concrete joints (UHPC) and milling and resurfacing the asphalt over the bridge decks for long term resiliency. For more information, please contact the Community Outreach Specialist, Trisha Rangil at (754) 283-2929 or trisha.rangil@exp.com.

Cost/Completion: $2,224,462/Early 2027

Traffic Impacts:

- Eastbound and westbound S.R. 848/Stirling Road over Canal C-10 may experience single lane closures, daily, as needed, or double lane closures nightly from 9 p.m. to 7 a.m. for punch list items and sidewalk repairs.
- The outside lane on northbound U.S. 1/S.R. 5 over the Dania Cut-off Canal will be closed intermittently for bridge joint repairs from 9:30 p.m. Friday through 7:30 a.m. Monday, weekends only.
- Northbound and southbound U.S. 1/S.R. 5 over the Dania Cut-off Canal may have one lane in each direction closed nightly from 9:30 p.m. to 7:30 a.m. for punch list items and sidewalk repairs.

24. North 22nd Avenue/SW 12th Avenue Project

Description: Project improvements along North 22nd Avenue/SW 12th Avenue from State Road (S.R.) 822/Sheridan Street to S.R. 848/Stirling Road include repaving and restriping the existing roadway to enhance structural integrity and resiliency, installing speed tables at strategic locations to reduce speeds and improve pedestrian safety, installing three raised intersections at SW 10th Street, SW 8th Street, and SW 7th Street to enhance visibility and multi-modal safety, upgrading signing and pavement markings including shared lane markings (sharrows) to support Complete Streets principles, upgrading concrete sidewalks and curb ramps to meet ADA standards and improve accessibility and installing LED roadway lighting along both sides of the roadway to enhance safety. For more information, please contact the Assistant Community Outreach Specialist, Cindy Moshette at (786) 559-0601 or cindy@holtcommunications.net.

Cost/Completion: $2,926,111/Fall 2026

Traffic Impacts:

- North 22nd Avenue/SW 12th Avenue between S.R. 822/Sheridan Street to S.R. 848/Stirling Road may temporarily have one lane closed Monday through Friday, as needed, 7 a.m. to 6 p.m., and 8 a.m. to 6 p.m. on Saturday.

MAINTENANCE, UTILITY, PERMIT & ADDITIONAL AGENCY PROJECTS

For additional maintenance, utility, permit, and agency closures not listed below, please click this link: Lcisv2

INTERSTATES:

Southbound Sawgrass Expressway (S.R. 869) to Southbound I-75 over westbound State Road 84 and the North New River at the I-595/I-75 Interchange, in Sunrise, 9 p.m. to 4 a.m., Wednesday, October 7, two left lanes will be closed for joint repairs on Bridge 860517. For more information, please contact Frederick Schonis at 754-245-4714.

Southbound Sawgrass Expressway (S.R. 869) to Eastbound I-595, 1.1 miles south of S.R. 838, in Sunrise, 9 p.m. to 4 a.m., Thursday, October 8, one lane at a time will be closed for joint repairs on Bridge 860520. For more information, please contact Frederick Schonis at 754-245-4714.

Northbound I-95 over Pembroke Road, in Hallandale Beach, 9 p.m. to 4 a.m., Monday, October 5, two left lanes will be closed for joint repairs on Bridge 860531. For more information, please contact Frederick Schonis at 754-245-4714.

Southbound I-75 Express Lanes, 9 p.m. to 4 a.m., beginning Wednesday, October 7, through Friday, October 9, the Express Lanes will be closed for lighting repairs. For more information, please contact Frederick Schonis at 754-245-4714.

Southbound Sawgrass Expressway (S.R. 869) to southbound I-75, 1.1 mile south of S.R. 838, in Sunrise, 9 p.m. to 4 a.m., Tuesday, October 6, through October 7, two left lanes and then two right lanes for joint repairs on bridge 860514. For more information, please contact Frederick Schonis at 754-245-4714.

Mobile operations on Eastbound and Westbound State Road 862 throughout the project limits will occur from 9 p.m. to 5 a.m. on select nights beginning Thursday, October 1, through Friday, October 16.

One of three lanes of the Westbound I-595 Express Lanes between University Drive and Pine Island Road will be closed nightly from 9 p.m. to 4 a.m. beginning Tuesday, October 13, through Friday, October 16, 2026.

One of two lanes of the Westbound I-595 exit ramp to Pine Island Road will be closed nightly from 9 p.m. to 4 a.m. beginning Tuesday, October 13, through Friday, October 16, 2026.

NORTH BROWARD: (Coconut Creek, Coral Springs, Deerfield Beach, Fort Lauderdale, Hillsboro Beach, Lauderdale Lakes, Lauderdale-By-The-Sea, Lauderhill, Lazy Lake, Lighthouse Point, Margate, North Lauderdale, Oakland Park, Parkland, Plantation, Pompano Beach, Sea Ranch Lakes, Sunrise, Tamarac, Wilton Manors)

NE 28th Court & Federal Highway, Pompano, the scope of work includes excavation at identified problem areas, followed by pipe repairs to address infiltration points and joint offsets. Once repairs are completed, all excavated areas will be backfilled using a flowable fill to ensure proper stabilization. Finally, all disturbed surfaces will be restored to their original condition to ensure the area is fully reinstated. For additional information, please contact Marlon Williams at 786-314-6896.

Northbound tube of Henry Kinney Tunnel from Tuesday, October 6, from 9:30 p.m. to 4 a.m. traffic will be detoured via SE 7th Street westbound, right turn to NE 3rd Avenue

northbound continuing with a right turn onto Broward Boulevard eastbound to re-incorporate to U.S.1 northbound, to perform the monthly pressure cleaning. For more information, please contact Miguel Sosa at 954-788-0969.
