FDOT Broward County Traffic Impact Report

November 6, 2026 – November 13, 2026

FORT LAUDERDALE, Fla. – Construction and maintenance-related lane closures on state highways in Broward County are expected during the week of November 6, 2026, through November 13, 2026. Weather permitting, work will be done at the following locations throughout the county**.** Please note, any full road, ramp or bridge closures have been highlighted below. For around-the-clock, real-time, traffic information, visit http://www.fl511.com/. For updated lane closure information, please refer to www.d4fdot.com. Follow us on X and Instagram @MyFDOT_SEFL, and Facebook @MyFDOTSEFL.

CONSTRUCTION PROJECTS

INTERSTATES

1. **SW 10th Street Connector Project from S.R. 869/Sawgrass Expressway to S.R. 9/I-95 and on S.R. 9/I-95 from north of S.R. 834/Sample Road to north of S.R. 810/Hillsboro Boulevard in the City of Deerfield Beach.**

Description: **The SW 10th Street Connector Project** is a major transportation improvement initiative that will enhance safety, improve traffic flow, and strengthen regional and local connectivity in the South Florida region. The project will create two separate roadway systems for regional and local travel by constructing dedicated SW 10th Street Connector lanes between the S.R. 869/Sawgrass Expressway and S.R. 9/I-95 while reconstructing local SW 10th Street with a 12-foot shared-use path for pedestrians and cyclists. Additional improvements include reconstruction of the S.R. 9/I-95 interchanges at SW 10th Street and S.R. 810/Hillsboro Boulevard, expansion of the I-95 Express Lanes, replacement of the NW/NE 48th Street bridge, and corridor-wide roadway, drainage, and safety enhancements. Together, these improvements will improve travel, reduce congestion, and support long-term regional transportation needs. For more information, please visit www.sw10street.com or contact Senior Community Outreach Specialist Daniela Silva at (786) 441-3088 or Daniela.Silva@dot.state.fl.us
Cost/Start: $1.3 billion/August 2026
Full Closure Traffic Impacts:

- **NW/NE 48th Street Bridge Full Closure Notice:** The **NW/NE 48th Street Bridge over State Road (S.R.) 9/I-95** closed on Sunday, Aug. 2, in both directions for full reconstruction, and will remain closed through **Summer 2027** as part of the **Early Construction Works** phase of the **SW 10th Street Connector Project**.

To help ensure the safety of motorists, pedestrians, and bicyclists, signed detour routes will be in place throughout the duration of the closure.

- **Regional traffic** will be directed to the primary state roadway network, including **SW 10th Street, S.R. 845/Powerline Road, S.R. 811/Dixie Highway, and S.R. 834/Sample Road**.
- **Local traffic** will be directed to alternate north-south routes, including **Military Trail** and **NE 3rd Avenue/FAU Research Park Boulevard**.

Advance warning signs and detour signage will be installed throughout the construction limits to help guide travelers safely through the area. **Access to homes, businesses, schools, and emergency services** will be maintained at all times during construction. Please click here to view the detour flyer.

- **Express Lanes Full Closure Notice:** The northbound S.R. 9/I-95 Express Lanes between S.R. 816/Oakland Park Boulevard and S.R. 834/Sample Road will be closed to traffic nightly from 9 p.m. until 5:30 a.m., Sunday through Tuesday and Thursday, for bridge construction operations. Motorists will be directed to exit the Express Lanes onto the General-Purpose Lanes at S.R. 816/Oakland Park Boulevard and may re-enter the Express Lanes north of S.R. 810/Hillsboro Boulevard.
- **Express Lanes Full Closure Notice:** The southbound S.R. 9/I-95 Express Lanes between S.R. 810/Hillsboro Boulevard and S.R. 814/Atlantic Boulevard will be closed to traffic nightly from 9 p.m. until 5:30 a.m. Sunday through Tuesday and Thursday, for bridge construction operations. Motorists will be directed to exit the Express Lanes onto the General-Purpose Lanes at S.R. 810/Hillsboro Boulevard and may re-enter the Express Lanes by S.R. 814/Atlantic Boulevard.

S.R. 9/I-95 Lane Closures:

- Northbound S.R. 9/I-95 will have the two outside general-purpose lanes closed, between north of S.R. 834/Sample Road and SW 10th Street, Sunday through Tuesday and Thursday, for bridge construction operations. The first lane will close at 8 p.m., the second lane will close as 8:30 p.m., and all lanes will re-open by 6 a.m.
- Southbound S.R. 9/I-95 will have the two outside general-purpose lanes closed, between north of SW 10th Street and S.R. 834/Sample Road, Sunday through Tuesday and Thursday, for bridge construction operations. The first lane will close at 8 p.m., the second lane will close as 8:30 p.m., and all lanes will re-open by 6 a.m.

SW 10th Street & Arterial Traffic Impacts:

- Northbound S.R. 845/S. Powerline Road between American Way and West Drive will have one lane and one right turning lane closed overnight, from 8:30 p.m. until 5:30 a.m., on Monday, Nov. 9, for geotechnical boring operations.
- Southbound S.R. 845/S. Powerline Road between SW 4th Street and American Way will have two lanes closed overnight, from 8:30 p.m. until 5:30 a.m., on Tuesday, Nov. 10, for geotechnical boring operations.
- Eastbound SW 10th Street right-turning lane onto S.R. 845/S. Powerline Road will be closed overnight, from 8:30 p.m. until 5:30 a.m., on Tuesday, Nov. 10, for geotechnical boring operations.

- Westbound S.R. 869/SW 10th Street between S.R. 91/Florida's Turnpike and Waterways Boulevard will have two outside lanes closed overnight on Wednesday, Nov. 11 and Thursday, Nov. 12, for geotechnical boring operations. The first lane will close at 8:30 p.m., and the second lane at 10:30 p.m. Both lanes will open by 5:30 a.m.

2. **State Road (S.R.) 9/I-95 from south of S.R. 820/Hollywood Boulevard in the City of Hollywood to the south of S.R. 842/Broward Boulevard in the City of Fort Lauderdale and S.R. 862/I-595 from S.R. 9/I-95 to United States (U.S.) 441/S.R. 7 in the Town of Davie (95 Express Phase 3C)**

Description: Work on this 9-mile 95 Express project includes extending the existing Express Lanes north from just south of S.R. 820/Hollywood Boulevard to just south of S.R. 842/Broward Boulevard in Broward County. One lane will be added, and the High Occupancy Vehicle (HOV) lane will be converted to create two Express Lanes in each direction. The number of general-use lanes will remain the same. Other project improvements include the construction of I-95/I-595 Direct Connectors between S.R. 9/95 Express Lanes and S.R. 862/I-595, as well as reconstruction, milling, resurfacing, and widening of S.R. 862/I-595 from U.S. 441/S.R. 7 to S.R. 9/I-95 and along S.R. 9/I-95 from south of S.R. 820/Hollywood Boulevard to south of S.R. 842/Broward Boulevard. Additional work includes bridge widening along S.R. 9/I-95 at several locations, painting of 17 bridges within project limits, S.R. 9/I-95/S.R. 84 interchange modifications, Integrated Intelligent Transportation System (ITS) installation, including cameras, detectors, and dynamic message signs to optimize traffic operations, tolling/gantry construction, ramp signalization implementation at the interchanges, lighting, signage and drainage installation and construction of shoulder-mounted sound walls and retaining walls. For more information, please contact Interstate Community Outreach Specialist Daniela Silva at (786) 441-3088 or Daniela.Silva@dot.state.fl.us.

Cost/Completion: $457 million/Late 2026

- No Traffic Impacts.

3. **State Road (S.R.) 838/Sunrise Boulevard at S.R. 9/I-95 Interchange Improvements and Resurfacing, Restoration, and Rehabilitation (RRR) Project in Fort Lauderdale**

Description: The project improvements include widening S.R. 838/Sunrise Boulevard at the S.R. 9/I-95 Interchange overpass to accommodate dual right turn lanes onto northbound and southbound S.R. 9/I-95 to improve vehicular capacity and operations; widening the southbound S.R. 9/I-95 (Exit 29) off-ramp to accommodate triple left and triple right turn lanes onto S.R. 838/Sunrise Boulevard to improve vehicular capacity and operations; milling and resurfacing the existing roadway within the project limits to ensure long-term infrastructure resilience; installing new light poles with LED fixtures at the S.R. 9/I-95 Interchange to enhance nighttime visibility; installing Wrong-Way Driver detection systems on all ramps at the S.R. 9/I-95 Interchange to improve vehicular safety; upgrading existing signalization features to improve pushbutton accessibility and enhance pedestrian safety; adding a shared-use path on the S.R. 838/Sunrise Boulevard bridge over S.R. 9/I-95 to enhance pedestrian connectivity; and upgrading sidewalk curb ramps, pavement markings, and signage to enhance visibility and accessibility. For more

information, please contact the Community Outreach Specialist, Trisha Rangil at (754) 283-2929 or trisha.rangil@exp.com.
Cost/Completion: $55,449,488/Early 2029
S.R. 9/I-95 Traffic Impacts:

- A temporary traffic shift on S.R. 9/I-95 at S.R. 838/Sunrise Boulevard has reduced the express lanes from two lanes to one lane in both directions to facilitate critical bridge construction. This configuration is expected to remain in place through Fall 2026 for ongoing improvements.
- S.R. 9/I-95 in each direction, between S.R. 842/Broward Boulevard and S.R. 816/Oakland Park Boulevard, may have up to two lanes closed, nightly as needed, 8 p.m. until 6 a.m., Sunday through Thursday.
- **Northbound S.R. 9/I-95 Express Lanes Full Closure:** The northbound S.R. 9/I-95 Express Lanes, from S.R. 820/Hollywood Boulevard to north of S.R. 838/Sunrise Boulevard, and the inside general-purpose lane will be closed intermittently, from 8 p.m. until 6 a.m., Sunday, October 11, through Friday, November 13, for median work.
    - The entrance north of S.R. 848/Stirling Road will also be closed. Motorists must exit north of S.R. 820/Hollywood Boulevard. The next available entrance is north of S.R. 816/Oakland Park Boulevard. Signage will be in place to assist motorists.
- **Advanced Full Closure Notice:** All lanes of northbound S.R. 9/I-95 at S.R. 838/Sunrise Boulevard (Exit 29B) will be closed to traffic, from 8 p.m. to 6 a.m., Monday, November 16, for bridge deck concrete pour operations.
    - During the full closure, northbound S.R. 9/I-95 traffic will be detoured via the S.R.9/I-95 northbound exit ramp to S.R. 838/Sunrise Boulevard, northbound S.R. 845/Powerline Road, and westbound S.R. 816/Oakland Park Boulevard. Motorists travelling within the northbound S.R. 9/I-95 Express Lanes will exit at S.R. 820/Hollywood Boulevard to follow the detour. FHP will be on site, and signage will be in place to assist motorists.

S.R. 838/Sunrise Boulevard Impacts:

- S.R. 838/Sunrise Boulevard from just west of S.R. 9/I-95 to S.R. 5/U.S. 1/North Federal Highway may have up to two lanes intermittently closed, one direction at a time, nightly as needed, 9 p.m. until 7 a.m., Monday through Friday.

4. **State Road (S.R.) 84/I-595 Corridor Resurfacing Project**

Description: The Florida Department of Transportation (FDOT) will begin the I-595 Corridor Resurfacing Project in mid-June 2025. This major infrastructure effort includes repaving and restriping I-595 and State Road 84 from I-75 to I-95, covering the Express Lanes, General Purpose Lanes, and adjacent segments of State Road 84. The project is designed to extend the service life of the pavement and improve safety for all roadway users. Construction will be performed in phases to minimize disruptions and will occur at night to reduce impacts to daytime traffic. Access to properties along the corridor will be maintained throughout the duration of the work. FDOT remains committed to working closely with the community to ensure transportation improvements reflect local needs and long-term goals. For more information, please contact FDOT Project Manager, Kris McKirdy at (954) 777-4586 or kris.mckirdy@dot.state.fl.us.

Cost/Completion: $20 Million/Spring 2029
Traffic Impacts:

- The outside lane of westbound I-595 between SW 136th Avenue and I-75, along with Ramp R-2, will be closed from 9 p.m. to 5 a.m. on select nights from Sunday, November 15, 2026, through Thursday, November 19, 2026, for thermoplastic installation. Backup dates are Sunday, November 22, 2026, through Tuesday, November 24, 2026, during the same hours. No work will take place on Wednesday, November 25, Thanksgiving Day, November 26, or during Thanksgiving weekend, November 27 through November 29. Work may be impacted by weather conditions. (3K)
- One outside lane of eastbound I-595 between the beginning of the project and SW 136th Avenue, along with the State Road 84 on-ramp to eastbound I-595, will be closed from 9 p.m. to 5 a.m. on select nights from Sunday, November 15, 2026, through Thursday, November 19, 2026, for thermoplastic installation. Backup dates are Sunday, November 22, 2026, through Tuesday, November 24, 2026, during the same hours. No work will take place on Wednesday, November 25, Thanksgiving Day, November 26, or during Thanksgiving weekend, November 27 through November 29. Work may be impacted by weather conditions. (3E)
- The two outside lanes of westbound I-595 between SW 136th Avenue and I-75, along with the westbound off-ramp to S.R. 84, will be closed from 9 p.m. to 5 a.m. on select nights from Sunday, November 15, 2026, through Thursday, November 19, 2026, for thermoplastic installation. Backup dates are Sunday, November 22, 2026, through Tuesday, November 24, 2026, during the same hours. No work will take place on Wednesday, November 25, Thanksgiving Day, November 26, or during Thanksgiving weekend, November 27 through November 29. Work may be impacted by weather conditions. (3J)
- The right lane of the S-E Connector and a lane of the N-E Connector will be closed from 9 p.m. to 5 a.m. on select nights from Sunday, November 15, 2026, through Thursday, November 19, 2026, for water blasting, temporary pavement markings, and bridge tape installation. Backup dates are Sunday, November 22, 2026, through Tuesday, November 24, 2026, during the same hours. No work will take place on Wednesday, November 25, Thanksgiving Day, November 26, or during Thanksgiving weekend, November 27 through November 29. Work may be impacted by weather conditions. No work will take place on Wednesday, November 25, Thanksgiving Day, November 26, or during Thanksgiving weekend, November 27 through November 29. Work may be impacted by weather conditions. (3B, 3C, and 3D)
- Two inside lanes of westbound I-595 between SW 136th Avenue and I-75, along with the left lane of the E-S Connector, will be closed from 2 a.m. to 4 a.m. on select nights from Sunday, November 15, 2026, through Thursday, November 19, 2026, for thermoplastic installation. Backup dates are Sunday, November 22, 2026, through Tuesday, November 24, 2026, during the same hours. No work will take place on Wednesday, November 25, Thanksgiving Day, November 26, or during Thanksgiving weekend, November 27 through November 29. Work may be impacted by weather conditions.

- The left lane of the E-S Connector ramp from westbound I-595 to southbound I-75 will be closed from 2 a.m. to 4 a.m. on select nights from Sunday, November 15, 2026, through Thursday, November 19, 2026, for thermoplastic installation. Backup dates are Sunday, November 22, 2026, through Tuesday, November 24, 2026, during the same hours. No work will take place on Wednesday, November 25, Thanksgiving Day, November 26, or during Thanksgiving weekend, November 27 through November 29. Work may be impacted by weather conditions. (3N)
- Two inside lanes of eastbound I-595 between the beginning of the project and SW 136th Avenue, along with Ramp R4, will be closed from 9 p.m. to 5 a.m. on select nights from Sunday, November 15, 2026, through Thursday, November 19, 2026, for thermoplastic installation. Backup dates are Sunday, November 22, 2026, through Tuesday, November 24, 2026, during the same hours. No work will take place on Wednesday, November 25, Thanksgiving Day, November 26, or during Thanksgiving weekend, November 27 through November 29. Work may be impacted by weather conditions. (3G)
- Two inside lanes of westbound I-595 between SW 136th Avenue and I-75, along with the left lane of the E-S Connector, will be closed from 2:00am to 4:00am on select nights from Sunday, November 15, 2026, through Thursday, November 19, 2026, for thermoplastic installation. Backup dates are Sunday, November 22, 2026, through Tuesday, November 24, 2026, during the same hours. No work will take place on Wednesday, November 25, Thanksgiving Day, November 26, or during Thanksgiving weekend, November 27 through November 29. Work may be impacted by weather conditions. (3M)
- One outside lane of eastbound I-595 between the beginning of the project and SW 136th Avenue will be closed from 9 p.m. to 5 a.m. on select nights from Sunday, November 15, 2026, through Thursday, November 19, 2026, for thermoplastic installation. Backup dates are Sunday, November 22, 2026, through Tuesday, November 24, 2026, during the same hours. No work will take place on Wednesday, November 25, Thanksgiving Day, November 26, or during Thanksgiving weekend, November 27 through November 29. Work may be impacted by weather conditions. (3F)
- One outside lane of eastbound I-595 between I-75 and SW 136th Avenue, along with the inside lane of the S-E Connector, will be closed from 9 p.m. to 5 a.m. on select nights from Sunday, November 15, 2026, through Thursday, November 19, 2026, for thermoplastic installation. Backup dates are Sunday, November 22, 2026, through Tuesday, November 24, 2026, during the same hours. No work will take place on Wednesday, November 25, Thanksgiving Day, November 26, or during Thanksgiving weekend, November 27 through November 29. Work may be impacted by weather conditions. (3A)
- The left lane of the E-N Connector ramp from westbound I-595 to northbound Sawgrass Expressway, from SW 136th Avenue to the west end of the project, will be closed from 9 p.m. to 5 a.m. on select nights from Sunday, November 15, 2026, through Thursday, November 19, 2026, for thermoplastic installation. Backup dates are Sunday, November 22, 2026, through Tuesday, November 24, 2026, during the same hours. No work will take place on Wednesday, November 25,

Thanksgiving Day, November 26, or during Thanksgiving weekend, November 27 through November 29. Work may be impacted by weather conditions. (3I)
- Mobile operations will take place along the shoulders of the I-595 general purpose lanes from 7 p.m. to 2 p.m. on Saturday, November 7 2026, for the removal of inlet protection. Work may be impacted by weather conditions.

5. **State Road (S.R.) 93/I-75 Interchange at Royal Palm Boulevard Improvements Project in Southwest Ranches, Davie, and Weston**

Description: The project improvements include widening the S.R. 93/I-75 mainline to add an additional lane and enhance entry and exit movements; widening the S.R. 93/I-75 exit and entrance ramps at Royal Palm Boulevard and S.R. 818/Griffin Road to increase storage capacity and enhance traffic flow; widening the S.R. 93/I-75 bridge over the C-11 Canal to support the S.R. 93/I-75 mainline expansion and enhance traffic flow; installing Wrong-Way Driver Detection Systems at key locations to enhance safety: southbound S.R. 93/I-75 exit ramp to westbound Royal Palm Boulevard, northbound S.R. 93/I-75 exit ramp to westbound Royal Palm Boulevard, and northbound S.R. 93/I-75 exit ramp to westbound S.R. 818/Griffin Road; milling and resurfacing the roadway within the project limits to ensure long-term infrastructure resilience; upgrading signing and pavement markings within the project limits to enhance nighttime visibility; and upgrading existing light poles with new LED fixtures and installing additional poles throughout the project limits to enhance nighttime visibility. For more information, contact Community Outreach Specialist, Trisha Rangil at (754) 283-2929 or trisha.rangil@exp.com.
Cost/Completion: $36.2 million/Summer 2028
Traffic Impacts:
- S.R. 93/I-75 from S.R. 818/Griffin Road to SW 14th Street may have one lane closed nightly as needed, 9 p.m. to 6 a.m., Sunday through Thursday.
- Royal Palm Boulevard at S.R. 93/I-75 may have one lane closed nightly as needed, 9 p.m. to 6 a.m., Sunday through Thursday.
- Shoulder closures are permitted as needed.

6. **State Road (S.R.) 9/I-95 Northbound Exit Ramp to S.R. 862/I-595 Ramp Improvements Project**

Description: The project improvements include milling and resurfacing the roadway within the project limits to ensure long-term pavement resilience, minor widening of the northbound S.R. 9/I-95 ramp to eastbound S.R. 862/I-595 to improve safety, installing Dynamic Curve Warning and Wet Roadway Information Systems at the northbound S.R. 9/I-95 ramp to westbound S.R. 862/I-595 to enhance safety, constructing new guardrail along both sides of the northbound S.R. 9/I-95 ramp to eastbound S.R. 862/I-595 to enhance safety, installing new light poles with LED fixtures along the northbound S.R. 9/I-95 ramp to westbound S.R. 862/I-595 to improve nighttime visibility and safety, and upgrading signage and pavement marking throughout increase nighttime visibility. For more information, please contact the Community Outreach Specialist Angel Breedlove at (786) 494-6211 or abreedlove@corradino.com.
Cost/Completion: $5,296,366/Early 2027
Traffic Impacts:

- **In observance of the Veterans Day Holiday, lane closures will be suspended Wednesday, November 11.**
- Shoulder closures are permitted as needed.

7. **Advanced Wrong-Way Driving Detection Systems Project in Broward and Palm Beach Counties**

Description: The project improvements include installing flashing beacons, wrong-way signage, and Intelligent Transportation System (ITS) devices at eleven exit ramps to enhance safety by detecting wrong-way drivers, and integrating the wrong-way driving detecting system/ITS with the Regional Transportation Management Center (RTMC) to aid in alerting motorists and notifying law enforcement. For more information, contact Community Outreach Specialist, Trisha Rangil at (754) 283-2929 or trisha.rangil@exp.com.
Cost/Completion: $2,856,391/Fall 2027
Traffic Impacts:

- **No work will be performed on Wednesday, November 11, in observance of Veteran's Day.**
- All lanes open.
- Shoulder closures are permitted as needed.

NORTH BROWARD

(Coconut Creek, Coral Springs, Deerfield Beach, Fort Lauderdale, Hillsboro Beach, Lauderdale Lakes, Lauderdale-By-The-Sea, Lauderhill, Lazy Lake, Lighthouse Point, Margate, North Lauderdale, Oakland Park, Parkland, Plantation, Pompano Beach, Sea Ranch Lakes, Sunrise, Tamarac, Wilton Manors)

8. **State Road (S.R.) 7/U.S. 441 Transit Corridor Improvements Project (Group 7) in Lauderhill and Lauderdale Lakes**

Description: Project improvements along NW 16th Street consist of milling and resurfacing the existing roadway from NW 43rd Avenue to U.S. 441/S.R. 7 to ensure long-term resilience; minor roadway widening throughout project limits to accommodate 5-foot bicycle lanes; adding a continuous 5-foot concrete sidewalk in each direction within project limits to enhance safety and connectivity for pedestrians; and upgrading curb ramps, pavement markings, and signage to improve visibility and accessibility. Project improvements along NW 19th Street consist of milling and resurfacing the existing roadway from NW 47th Avenue to U.S. 441/S.R. 7 to ensure long-term resilience; minor roadway widening throughout project limits to accommodate 5-foot bicycle lanes; adding a continuous 5-foot concrete sidewalk in each direction within project limits to enhance safety and connectivity for pedestrians; and upgrading curb ramps, pavement markings, and signage to improve visibility and accessibility. Project improvements along NW 26th Street consist of milling and resurfacing the existing roadway from NW 49th Avenue to NW 46th Avenue and NW 42nd Avenue to U.S. 441/S.R. 7 to ensure long-term resilience; minor roadway widening throughout project limits to accommodate 5-foot bicycle lanes; adding a continuous 5-foot concrete sidewalk in each direction within project limits to enhance safety and connectivity for pedestrians; and upgrading curb ramps, pavement markings, and signage to improve visibility and accessibility. For more information, please

contact Assistant Community Outreach Specialist, Cindy Moshette at (786) 559-0601 or cindy@holtcommunications.net.
Cost/Completion: $5,530,214/Fall 2026
Traffic Impacts:

- **No work will be performed on Wednesday, November 11, in observance of Veteran's Day.**
- NW 16th Street from NW 49th Avenue to U.S. 441/S.R. 7 may have one lane closed intermittently in each direction daily, as needed, 7 a.m. to 7 p.m.
- NW 19th Street from NW 49th Avenue to U.S. 441/S.R. 7 may have one lane closed intermittently in each direction daily, as needed, 7 a.m. to 7 p.m.
- NW 26th Street from NW 49th Avenue to U.S. 441/S.R. 7 may have one lane closed intermittently in each direction daily, as needed, 7 a.m. to 7 p.m.

9. **State Road (S.R.) 7/U.S. 441 at S.R. 862/I-595 Interstate Ramps, and the North Fork New River (C-12) Canal Improvements Project in Plantation, Fort Lauderdale, Lauderhill, and Davie**

Description: Project improvements along the south side of the North Fork New River (C-12) Canal consist of constructing a new shared-use path to improve connectivity; installing a new crosswalk and pedestrian signal enhancements, including Rectangular Rapid Flashing Beacons (RRFBs), at NW 34th Street and the North Fork New River (C-12) Canal to enhance pedestrian safety; and upgrading sidewalk curb ramps, signage, and pavement markings throughout the project limits to improve accessibility and nighttime visibility. Project improvements along northbound S.R. 7/U.S. 441 consist of repaving the roadway from Oakes Road to Riverland Road to reconfigure the roadway from three to two lanes to enhance traffic operations to and from interstate ramps; widening the westbound S.R. 84 exit ramp to northbound S.R. 7/U.S. 441 to enhance safety by improving sight distance visibility; widening the eastbound S.R. 862/I-595 exit ramp to northbound S.R. 7/U.S. 441 from one lane to two lanes to improve traffic operations; constructing a new shared-use path from Oakes Road to just south of the South Fork New River (C-12) Canal; installing a bridge barrier separation along northbound S.R. 7/U.S. 441 over the South Fork New River (C-12) Canal to enhance shared-use path safety; constructing a new sidewalk along northbound S.R. 7/U.S. 441 from Orange Drive to Oakes Road to enhance pedestrian connectivity; installing new light poles with LED fixtures at shared-use path crossings to improve nighttime visibility; installing a new traffic signal mast arm at the intersection of S.R. 7/U.S. 441 and Riverland Road to enhance traffic flow; and upgrading sidewalk curb ramps, signage, and pavement markings throughout the project limits to improve accessibility and nighttime visibility. For more information, please contact Community Outreach Specialist Angel Breedlove at (786) 494-6211 or abreedlove@corradino.com.
Cost/Completion: $9,098,076/Spring 2027
Traffic Impacts:

- **In observance of the Veterans Day Holiday, lane closures will be suspended Wednesday, November 11.**
- **Ramp Closure Notice:** Northbound S.R. 7/U.S. 441 to S.R. 91/Florida's Turnpike and S.R. 862/I-595 entrance ramps will be closed to traffic, nightly as needed, 10 p.m. until 6 a.m., Monday, Nov. 9, through Thursday, Nov. 12. This

closure is necessary to allow crews to safely perform overhead signage installation. Traffic will be detoured via northbound S.R. 7/U.S. 441, U-turn on SW 20th Street/Riverland Road, and southbound S.R. 7/U.S. 441 to access the entrance ramps to S.R. 91/Florida's Turnpike and S.R. 862/I-595. The Florida Highway Patrol (FHP) will be on site to assist with traffic control, and detour signage will be in place to guide motorists safely through the area. Please click here to view detour flyer.

- Northbound S.R. 7/U.S. 441 from north of Oakes Road to Riverland Road will have a continuous single-lane closure, as needed, Monday through Sunday, for roadway configuration. Please click here for more information.
- Northbound S.R. 7/U.S. 441 entrance ramp to S.R. 862/I-595 will have one lane closed, daily as needed, 8 a.m. to 4 p.m., Monday through Friday, for earthwork operations.
- Northbound S.R. 7/U.S. 441 from Orange Drive to Oakes Road will have one outside lane closed, daily as needed, 8 a.m. to 4 p.m., Monday through Friday, for earthwork and sidewalk installation.
- Northbound and southbound S.R. 7/U.S. 441 at S.R. 838/Sunrise Boulevard will have one lane closed, daily as needed, 8 a.m. to 4 p.m., Monday through Friday, for signalization and paver removal.
- Eastbound S.R. 838/Sunrise Boulevard exit ramp to S.R. 7/U.S. 441 will have the right lane closed, daily as needed, 8 a.m. to 4 p.m., Monday through Friday, for signalization and paver removal.
- Eastbound S.R. 838/Sunrise Boulevard entrance ramp from S.R. 7/U.S. 441 will have the left lane closed, daily as needed, 8 a.m. to 4 p.m., Monday through Friday, for signalization and paver removal.

10. Loxahatchee Road Mobility Improvements Project in Parkland

Description: Project improvements include upgrading drainage; widening the road to accommodate bike lanes; creating a continuous sidewalk on the south side of the road; constructing roundabouts at Nob Hill Road, North University Drive, and Parkside Drive; adding an additional eastbound left turn lane onto S.R. 7/U.S. 441; milling and resurfacing the roadway; and upgrading signage and pavement markings. For more information, please contact Community Outreach Specialist Angel Breedlove at (786) 494-6211 or abreedlove@corradino.com.

Cost/Completion: $33,480,584/Early 2027

Traffic Impacts:

- **Full Closure**: Loxahatchee Road from Parkside Drive to S.R. 7/U.S. 441 will be closed to traffic through Fall 2026, for phase 2 construction improvements. Traffic will be detoured via Parkside Drive, Holmberg Road, and S.R. 7/U.S. 441. Access for local traffic will be maintained at all times through Parkside Drive. Signage will be in place to assist motorists through the detour. Please click here to view detour flyer.
- Within the project limits along Loxahatchee Road, from Bishop Pit Road to S.R. 7/U.S. 441, crews may conduct moving maintenance of traffic (MOT) or flagging operations at intermittent locations for asphalt correction work, Monday through Friday.

11. **State Road (S.R.) 870/Commercial Boulevard Road Resurfacing, Restoration, and Rehabilitation (RRR) and Intelligent Transportation System (ITS) Improvements Project in Tamarac, Lauderdale Lakes, North Lauderdale, Fort Lauderdale, Oakland Park, and Lauderdale-by-the-Sea**

Description: Project improvements include milling and resurfacing the existing roadway from S.R. 845/Powerline Road to S.R. A1A/North Ocean Drive to ensure long-term resilience; installing Intelligent Transportation System (ITS) devices and upgrading Adaptive Traffic Signal Control (ATSC) cameras and Dynamic Messaging Signs (DMS) throughout the project limits; constructing a new mid-block pedestrian crosswalk at the intersection of S.R. 870/Commercial Boulevard and NE 26th Avenue to enhance safety and connectivity for pedestrians; upgrading the signalization from span wire to mast arms at the intersection of S.R. 870/Commercial Boulevard and Woodlands Boulevard; improving pedestrian signals at various signalized intersections throughout the project limits to enhance pushbutton accessibility; upgrading existing light poles with new LED fixtures and installing additional light poles throughout the project limits to improve nighttime visibility; and upgrading sidewalks, driveways, curb ramps, pavement markings, and signage to improve visibility and accessibility. For more information, please contact the Community Outreach Specialist, Trisha Rangil at (754) 283-2929 or trisha.rangil@exp.com.

Cost/Completion: $25,712,321/Early 2027

Traffic Impacts:

- **No work will be performed on Wednesday, November 11, in observance of Veteran's Day.**
- Westbound and/or eastbound S.R. 870/Commercial Boulevard from S.R. 817/University Drive to S.R. A1A/North Ocean Drive will have up to two lanes closed intermittently, as needed, 9 a.m. to 4 p.m., and nightly as needed, 7 p.m. until 6 a.m., milling and resurfacing, signalization work, and fiber optic cable installation.
- Northbound and/or southbound side streets on S.R. 870/Commercial Boulevard from S.R. 817/University Drive to S.R. A1A/North Ocean Drive will have up to two lanes closed intermittently, as needed, 9 a.m. to 4 p.m., and nightly as needed, 7 p.m. to 6 a.m., milling and resurfacing, signalization work, and fiber optic cable installation.

12. **East Las Olas Boulevard Bridge Rehabilitation Project in Fort Lauderdale**

Description: The project improvements include replacing the old deck with a new solid surface aluminum deck, painting the structural steel, replacing electrical components and wiring, replacing the mechanical span locks, which connect the two leaves of the movable bridge deck when the bridge is in the “down” position, replacing the existing navigation/marine fenders in the waterway, including replacement of the timber piles and support beams, renovating the bridge tender house, and minor repaving of the roadway at ends of the bridge. For more information, contact the Community Outreach Specialist, Rebecca Guerrero at (754) 444-0093 or rguerrero@pinnaclecei.com.

Cost/Completion: $14,053,215/Late 2027

Traffic Impacts:

- Eastbound and westbound East Las Olas Boulevard traffic over the Intracoastal Waterway is reduced from two lanes to one lane in each direction through late fall. The south side of the bridge is closed, with all traffic shifted to the north side.
    - Pedestrian access remains open on the south side of the bridge, while the north sidewalk is closed.
- **Advanced Notice:** The East Las Olas Boulevard Bridge over the Intracoastal Waterway will be closed to through traffic beginning Saturday, Nov. 14, at 8 a.m. until Thursday, November 19, at 6 a.m. This closure is necessary to safely restore the bridge's original traffic configuration of two lanes in each direction before the holiday season begins.
    - Eastbound traffic will be detoured via U.S. 1/Federal Highway, S.R. 838/East Sunrise Boulevard, and S.R. A1A. Westbound traffic will be detoured via S.R. A1A, S.R. 838/East Sunrise Boulevard, and U.S. 1/Federal Highway.
    - Access for local traffic, residents, businesses, and emergency services will be maintained on both sides of the bridge; however, no traffic will be permitted to cross the bridge during the closure. Detour signage will be in place to assist motorists. An alternative route is the 17th Street Causeway Bridge.

Marine Impacts:

- The bridge will provide single-leaf openings on the quarter-hour and three-quarter-hour through November 2026. Full bridge openings will remain available with a minimum two-hour advance notice to the bridge tender.
- The navigation channel will be partially obstructed through November 2026, due to bridge rehabilitation activities.
    - The U.S. Coast Guard will continue to notify mariners of these temporary operating conditions through the Local Notice to Mariners and Broadcast Notice to Mariners.

13. **State Road (S.R.) 838/Sunrise Boulevard Roadway and Bridge Rehabilitation Project in Fort Lauderdale**

Description: The project improvements include replacing the bridge deck with a new solid surface aluminum deck and painting the structural steel, replacing mechanical and electrical bridge components, replacing the existing navigation/marine fenders in the waterway, replacing the reinforced support walls on the south side of the bridge to improve resiliency, renovating the bridge tender house, milling and resurfacing the roadway to ensure long-term resiliency, upgrading existing street light poles with LED fixtures throughout the project corridor to enhance nighttime visibility and pedestrian safety, and upgrading curb ramps, signing, and pavement markings to enhance visibility and accessibility. For more information, contact the Community Outreach Specialist, Rebecca Guerrero at (754) 444-0093 or rguerrero@pinnaclecei.com.
Cost/Completion: $43.2 million/Late 2027
Traffic Impacts:

- The Sunrise Boulevard south bridge over the Intracoastal Waterway (ICWW) is closed through early 2027. Eastbound and Westbound traffic has been shifted to the north bridge, maintaining two lanes in each direction.

- During this traffic configuration, left turns from westbound Sunrise Boulevard to southbound NE 26th Avenue will be prohibited.
- Pedestrian and bicyclist access will remain open on the north bridge, while the sidewalk on the south bridge will be closed. Signage will be in place to guide pedestrians and bicyclists through the area.

14. **State Road (S.R.) 811/Dixie Highway Lighting and Safety Improvement Project North of S.R. 816/Oakland Park Boulevard to NE 44th Street/Prospect Road**

Description: Project improvements include installing additional light poles throughout the project limits to improve nighttime visibility and pedestrian safety. For more information, please contact the Assistant Community Outreach Specialist, Cindy Moshette at (786) 559-0601 or cindy@holtcommunications.net.
Cost/Completion: $825,000/Early 2027
Traffic Impacts:

- **No work will be performed on Wednesday, November 11, in observance of Veteran's Day.**
- S.R. 811/Dixie Highway may have one lane closed as needed, from 7 p.m. to 12 p.m., Sunday night through Friday noon.

15. **State Road (S.R.) 814/Atlantic Boulevard at Lyons Road Intersection Improvements Project in Coconut Creek**

Description: Project improvements include extending the southbound dual left-turn lanes on Lyons Road to improve intersection capacity and traffic operations; extending the eastbound right-turn lane on S.R. 814/Atlantic Boulevard to enhance operational efficiency; and upgrading existing light poles with new LED fixtures and installing additional light poles throughout the project limits to improve nighttime visibility. For more information, please contact the Community Outreach Specialist, Trisha Rangil at (754) 283-2929 or trisha.rangil@exp.com.
Cost/Completion: $1,013,087/Late 2026
Traffic Impacts:

- **No work will be performed on Wednesday, November 11, in observance of Veteran's Day.**
- The inside lane on southbound Lyons Road may be closed as needed, from 8 p.m. to 7 a.m., Sunday through Thursday.
- The outside lane on eastbound S.R. 814/Atlantic Boulevard may be closed as needed, from 8:30 a.m. to 6:30 p.m., Sunday through Thursday.

16. **State Road (S.R.) 842/Broward Boulevard Traffic Operations Improvement Project at NW 33rd Avenue and SW 29th Avenue**

Description: Project improvements include constructing two signalized mid-block pedestrian crosswalks to enhance safety and connectivity for pedestrians. For more information, please contact the Assistant Community Outreach Specialist, Cindy Moshette at (786) 559-0601 or cindy@holtcommunications.net.
Cost/Completion: $1,333,333/Early 2027
Traffic Impacts:

- **No work will be performed on Wednesday, November 11, in observance of Veteran's Day.**
- S.R. 842/Broward Boulevard from NW 34th Avenue to SW 28th Avenue may have two lanes closed as needed, from 7:30 p.m. to 8 a.m., Sunday through Thursday.
- S.R. 842/Broward Boulevard from NW 34th Avenue to SW 28th Avenue may have two lanes closed as needed, from 9:30 a.m. to 3:30 p.m., Sunday through Thursday.

SOUTH BROWARD

(Cooper City, Dania Beach, Davie, Hallandale Beach, Hollywood, Miramar, Pembroke Pines, Southwest Ranches, West Park, Weston)

17. State Road (S.R.) A1A/South Ocean Drive Drainage Improvements Project in Hollywood

Description: The project improvements include installing four stormwater pump stations and drainage structures near the intersections of S.R. A1A/South Ocean Drive and Azalea Terrace, Van Buren Street, Sherman Street, and Franklin Street to enhance long-term infrastructure resilience; installing a seawall along S.R. A1A/South Ocean Drive from Sherman Street to S.R. 822/Sheridan Street, and from Palm Street to Walnut Street to enhance long-term infrastructure resilience; and reconstructing sidewalks and the roadway affected by pump station and seawall installation. For more information, contact the Community Outreach Specialist, Rebecca Guerrero at (754) 444-0093 or rguerrero@pinnaclecei.com.

Cost/Completion: $34.3 million/Summer 2028

Traffic Impacts:

- The inside lane and turning lane of southbound S.R. A1A at Bougainvilla Terrace will be closed through November 2026.
- The southbound lanes of S.R. A1A at Bougainvilla Terrace will be shifted west, closing inside lane of southbound S.R. A1A at Bougainvilla Terrace for drainage installations.
- The middle eastbound lane on S.R. 822/Sheridan Street and the inside southbound lane on S.R. A1A from S.R. 822/Sheridan Street to New Mexico Street will remain closed through November 2026 to allow for drainage installation and roadway improvements.
    - Access to Hollywood North Beach Park will be maintained. Southbound S.R. A1A from just north of S.R. 822/Sheridan Street to New Mexico Street will be reduced to one lane only.
    - The bicycle lanes in this segment are closed during this phase of construction. Signage is in place to guide motorists and pedestrians.
- Northbound and southbound S.R. A1A between S.R. 822/Sheridan Street and New Mexico Street are currently reduced to one lane in each direction. This temporary lane reduction is necessary to safely accommodate drainage installation and roadway improvements.
    - Access to Hollywood North Beach Park will be maintained throughout construction.

    - Bicycle lanes within this segment will be temporarily closed during this phase of construction. Signs will be in place to safely guide motorists, cyclists, and pedestrians through the work zone.
- Southbound single temporary lane closures along S.R. A1A between Walnut Street and Franklin Street.

18. **U.S. 441/State Road (S.R.) 7 Resurfacing, Restoration, and Rehabilitation (RRR) Project**

Description: Project improvements consist of milling and resurfacing the existing roadway within the project limits to ensure long-term infrastructure resilience; constructing a signalized mid-block pedestrian crosswalk at the intersection of SW 16th Street to enhance safety and connectivity for pedestrians; upgrading concrete sidewalks, curb ramps, pavement markings, and signage to improve visibility and accessibility; improving pedestrian signals at the intersection of SW 54th Court to enhance pushbutton accessibility; installing new and replacing existing light poles with LED fixtures throughout the project limits to improve safety and enhance nighttime visibility, and installing concrete barrier walls south of Orange Drive adjacent to canal C-11 to enhance safety. For more information, please contact the Community Outreach Specialist Angel Breedlove at (786) 494-6211 or abreedlove@corradino.com.
Cost/Completion: $8,525,000/Late 2026
Traffic Impacts:

- All lanes open.

19. **State Road (S.R.) 817/University Drive Roadway Improvements Project in Pembroke Pines**

Description: Project improvements consist of milling and resurfacing the existing roadway within the project limits to ensure long-term resilience, widening northbound S.R. 817/University Drive to accommodate a 7-foot bicycle lane from S.R. 824/Pembroke Road to S.R. 820/Pines Boulevard, constructing a new 10-foot shared use path along northbound S.R. 817/University Drive from S.R. 820/Pines Boulevard to NW 13th Street and southbound S.R. 817/University Drive within the project limits to improve connectivity, upgrading the existing traffic signals at the intersections of Airport Road, French Drive, and Johnson Street with new mast arm signals to enhance resiliency, installing new light poles and upgrading existing fixtures to LED lighting to enhance nighttime visibility and safety, and upgrading sidewalk curb ramps, signage, and pavement markings through the project limits to improve visibility and connectivity. For more information, please contact the Community Outreach Specialist Angel Breedlove at (786) 494-6211 or abreedlove@corradino.com.
Cost/Completion: $42,867,937/Early 2030
Traffic Impacts:

- S.R. 817/University Drive from S.R. 824/Pembroke Road to north of Johnson Street may have up to two lanes closed in each direction, nightly as needed, 7:30 p.m. until 5:30 a.m., Sunday through Friday.
- S.R. 817/University Drive from S.R. 824/Pembroke Road to north of Johnson Street may have up to one lane closed in each direction, daily as needed, 9 a.m. until 3 p.m., Monday through Friday.

20. **State Road (S.R.) 817/University Drive Improvements Project in Davie**

Description: Project improvements consist of widening northbound S.R. 817/University Drive to accommodate an auxiliary lane onto the westbound S.R. 862/I-595 entrance ramp to improve vehicular capacity and operations; relocating traffic signal mast arms to accommodate the proposed widening; replacing an overhead sign structure within the project limits to enhance safety by improving sight distance visibility; upgrading drainage within the project limits to enhance long-term infrastructure resilience; replacing the bus shelters along northbound S.R. 817/University Drive from south of SW 24th Street/Nova Drive to Kolsky Boulevard to enhance safety, accessibility, and traffic operations for buses; installing new light poles and upgrading existing fixtures to LED lighting to enhance nighttime visibility and safety; upgrading sidewalk curb ramps, signage, and pavement markings through the project limits to improve visibility and connectivity. For more information, please contact the Community Outreach Specialist Angel Breedlove at (786) 494-6211 or abreedlove@corradino.com.

Cost/Completion: $6.85 million/Summer 2027

Traffic Impacts:

- **In observance of the Veterans Day Holiday, lane closures will be suspended Wednesday, Nov. 11.**
- Northbound S.R. 817/University Drive from south of SW 24th Street/Nova Drive to the S.R. 862/I-595 entrance ramp may have one lane closed, nightly as needed, 8:30 p.m. until 7:30 a.m., Sunday through Thursday.
- Northbound S.R. 817/University Drive from south of SW 24th Street/Nova Drive to the S.R. 862/I-595 entrance ramp may have two lanes closed, nightly as needed, 9:30 p.m. until 7:30 a.m., Sunday through Thursday.

21. **Bridge Rehabilitation Project in Dania Beach and Hollywood**

Description: Project improvements include replacing existing bridge expansion joints with new Ultra High-Performance Concrete joints (UHPC) and milling and resurfacing the asphalt over the bridge decks for long term resiliency. For more information, please contact the Community Outreach Specialist, Trisha Rangil at (754) 283-2929 or trisha.rangil@exp.com.

Cost/Completion: $2,224,462/**Project Final Accepted November 2**

Traffic Impacts:

- All lanes open.

22. **North 22nd Avenue/SW 12th Avenue Project**

Description: Project improvements along North 22nd Avenue/SW 12th Avenue from State Road (S.R.) 822/Sheridan Street to S.R. 848/Stirling Road include repaving and restriping the existing roadway to enhance structural integrity and resiliency, installing speed tables at strategic locations to reduce speeds and improve pedestrian safety, installing three raised intersections at SW 10th Street, SW 8th Street, and SW 7th Street to enhance visibility and multi-modal safety, upgrading signing and pavement markings including shared lane markings (sharrows) to support Complete Streets principles, upgrading concrete sidewalks and curb ramps to meet ADA standards and improve accessibility and installing LED roadway lighting along both sides of the roadway to

enhance safety. For more information, please contact the Assistant Community Outreach Specialist, Cindy Moshette at (786) 559-0601 or cindy@holtcommunications.net.
Cost/Completion: $2,926,111/Winter 2026
Traffic Impacts:

- **No work will be performed on Wednesday, November 11, in observance of Veteran's Day.**
- North 22nd Avenue/SW 12th Avenue between S.R. 822/Sheridan Street to S.R. 848/Stirling Road may temporarily have one lane closed as needed, from 7 a.m. to 6 p.m. Monday through Friday, and 8 a.m. to 6 p.m. on Saturday.

MAINTENANCE, UTILITY, PERMIT & ADDITIONAL AGENCY PROJECTS

For additional maintenance, utility, permit, and agency closures not listed below, please click this link: Lcisv2

INTERSTATES:

Three inside lanes on Eastbound I-595, approximately 0.57 miles east of Hiatus Road, will be closed nightly from 9 p.m. to 4 a.m. beginning Sunday, November 8, through Friday, November 13, 2026.

Closing lanes as needed from Eastbound Miramar Parkway on-ramp to Southbound I-75 from 9 p.m. to 4 a.m. beginning Monday, November 9 through Tuesday, November 10, 2026, for pavement striping. For more information, please contact Fred Schonis at 754-245-4714.

One Southbound express lane on I-75 (S.R. 93), South of Royal Palm Boulevard, from 9 p.m. to 4 a.m. beginning Thursday, November 5 through Friday, November 7, 2026. Followed by one Northbound express lane, for sign repair on structure 86B951-981. For more information, please contact Frederick Schonis at 754-245-4714.

Mobile operations on Eastbound and Westbound I-595 throughout the project limits will occur from 9 p.m. to 5 a.m. beginning Sunday, November 1, through Friday, November 13, 2026.

NORTH BROWARD: (Coconut Creek, Coral Springs, Deerfield Beach, Fort Lauderdale, Hillsboro Beach, Lauderdale Lakes, Lauderdale-By-The-Sea, Lauderhill, Lazy Lake, Lighthouse Point, Margate, North Lauderdale, Oakland Park, Parkland, Plantation, Pompano Beach, Sea Ranch Lakes, Sunrise, Tamarac, Wilton Manors)

NE 28th Court & Federal Highway, Pompano, the scope of work includes excavation at identified problem areas, followed by pipe repairs to address infiltration points and joint offsets. Once repairs are completed, all excavated areas will be backfilled using a flowable fill to ensure proper stabilization. Finally, all disturbed surfaces will be restored to their original condition to ensure the area is fully reinstated. For additional information, please contact Marlon Williams at 786-314-6896.

Mobile operations on Eastbound and Westbound State Road 84 throughout the project limits will occur from 9 p.m. to 5 a.m. beginning Sunday, November 1, through Friday, November 13, 2026.

Northbound tube of Henry Kinney Tunnel from Tuesday, November 3rd, 2026, from 9:30 p.m. to 4 a.m., traffic will be detoured via SE 7th Street westbound, right turn to NE 3rd Ave Northbound continuing with a right turn onto E Broward Boulevard eastbound to re-incorporate to U.S.1 Northbound to perform the monthly pressure cleaning. For more information, please contact Miguel Sosa at 954-788-0969.

Southbound tube of Henry Kinney Tunnel from Wednesday, November 4th, 2026, from 9:30 p.m. to 4 a.m., traffic will be detoured via E. Broward Boulevard Westbound, left turn to NE 3rd Ave Southbound continuing with a left turn to SE 7th St Eastbound to re-incorporate to U.S.1 Southbound to perform the monthly pressure cleaning. For more information, please contact Miguel Sosa at 954-788-0969.

***SOUTH BROWARD:* (Cooper City, Dania Beach, Davie, Hallandale Beach, Hollywood, Miramar, Pembroke Park, Pembroke Pines, Southwest Ranches, West Park, Weston)**

Two inside lanes of five on Northbound Florida's Turnpike (S.R. 91), approximately 1.1 miles north of Griffin Road, from Mile Marker 54.0 to Mile Marker 55.1, will be closed from 9 p.m. to 5 a.m. Thursday, November 12, through Friday, November 13, 2026. (86A624 and 86A625)

Mobile operations on Northbound Florida's Turnpike (S.R. 91), between Mile Marker 54.0 and Mile Marker 54.5, will close up to two outside lanes of five nightly from 10 p.m. to 4 a.m. beginning Monday, November 16, through Wednesday, November 18, 2026. (86A622)

I-95 Northbound South of Oakland Park Boulevard general purpose lane 2 will be closed from 10 p.m. to 4 a.m. from Tuesday, November 10, through Wednesday, November 11, 2026, to troubleshoot and repair DMS sign in the field. For more information, please contact David Rodriguez at 786-714-8810.

I-95 Southbound South of Stirling Road from 9 p.m. to 4 a.m. Monday, November 16 through Tuesday, November 17, 2026, closing the entire Southbound roadway for sign structure removal. For more information, please contact Fred Schonis at 754-245-4714.
