

# FLORIDA DEPARTMENT OF TRANSPORTATION Monthly Progress Report— June 2026

Loxahatchee Road Improvements Project  
From the Arthur R. Marshall Loxahatchee National Wildlife Refuge to State  
Road (S.R.) 7/U.S. 441  
City of Parkland  
Broward County, FL  
Financial Project ID Number: 436564-1-52-01, 02, & 03

Construction Cost: \$33,480,584

Construction Start Date: October 30, 2023

Anticipated Completion: Early 2027

## LOXAHATCHEE ROAD IMPROVEMENTS PROJECT MONTHLY PROGRESS REPORT— JUNE 2026

The City of Parkland, as the Project Sponsor, received funding through the Broward Metropolitan Planning Organization (MPO) and requested that FDOT design and construct the Loxahatchee Road Improvements Project through the City of Parkland Resolution Numbers 2016-510, 2021-011, and 2021-018.

### CURRENT MAINTENANCE OF TRAFFIC (MOT)

- **Traffic Impacts:** On Friday, May 1, eastbound and westbound traffic along Loxahatchee Road was shifted into its final configuration, separated by a median, from Bishop Pit Road to N. University Drive, with the exception of the culvert area.
- **Full Closure:** Loxahatchee Road from Parkside Drive to S.R.7/U.S. 441 is closed to traffic for phased construction improvements through Fall 2026. Traffic will be detoured via Parkside Drive, Holmberg Road, and S.R.7/U.S. 441. Please click [here](#) to view the detour flyer.
- **Upcoming: Beginning Monday July 6, through Sunday, August 9, Loxahatchee Road from N. University Drive to Parkside Drive will be closed to traffic to install curbs for the median and final friction course. Motorists will be detoured via N. University Drive, Holmberg Road, and Parkside Drive. Local access will be maintained at all times.**
- **Sidewalk Closure:** To ensure pedestrian safety, the sidewalk on Loxahatchee Road between N. University Drive and Parkside Drive will be closed for sidewalk and handrail construction.
- **Speed Limit Enforcement:** Motorists are urged to adhere to posted speed limits. Law enforcement will be present throughout the construction period to monitor compliance and maintain safety.
- Additional lane closures, traffic shifts, and detours may be implemented as needed for ongoing construction. Every effort will be made to minimize impacts, and all future closures will be communicated well in advance to keep the community informed.
- **Pedestrians and cyclists are not permitted on Loxahatchee Road at this time.**

### ANTICIPATED CONSTRUCTION ACTIVITIES FOR JUNE 2026

#### Parkside Drive and S.R. 7/U.S. 441:

- Continue guardrail installation from Parkside Drive to NW 61<sup>st</sup> Way
- Continue sidewalk installation from Parkside Drive to NW 61<sup>st</sup> Way
- Continue drainage installation east of NW 61<sup>st</sup> Way
- Continue roadway widening and asphalt placement east of Parkside Drive

#### West of North University Drive and Bishop Pit Road:

- Continue median curb installation
- Continue with Nob Hill Road roundabout construction
- Continue culvert extension installation
- Traffic separators installation for the new proposed roadway
- Continue installation of sod along new medians

Sidewalk Installation from Parkside Drive to NW 61<sup>st</sup> Way

Box Culvert Installation

As of Monday, June 1, 2026 the Loxahatchee Road Improvements Project is 80% completed. Additional information, flyers and progress photos can be found on the [project webpage](#).

Community feedback is at the core of all we do at FDOT, and we work with the public to balance the community vision with the community's transportation needs. This is routine on all our projects to ensure Florida's infrastructure is safe, resilient, and efficient for many years into the future.

### FLORIDA DEPARTMENT OF TRANSPORTATION MISSION STATEMENT

The Florida Department of Transportation's mission is to provide a safe statewide transportation system that promotes the efficient movement of people and goods, supports the state's economic competitiveness, prioritizes Florida's environment and natural resources, and preserves the quality of life and connectedness of the state's communities.

Please contact the Community Outreach Specialist, Angel Breedlove, to be added to the project email notification lists. Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status.
