Broward County, FL
Financial Project ID: 445673-1-52-01/02/03 & 429576-3-52-01/02/03

LANE BALANCING ON S.R. 7/U.S. 441 FROM OAKES ROAD TO RIVERLAND ROAD

As part of the ongoing construction on the S.R. 7/U.S. 441 at S.R. 862/I-595 Interstate Ramps, and the North Fork New River (C-12) Canal Improvements Project, northbound S.R. 7/U.S. 441 from Oakes Road to Riverland Road will undergo a permanent lane configuration.

The lane reconfigurations are necessary to support the following improvements:

- Reconfiguring pavement markings from northbound S.R. 7/U.S. 441 to the S.R. 862/I-595 entrance ramp to dedicate two ramp entrance lanes, improving safety for shared-use path pedestrian crossings.
- Widening the westbound S.R. 84 exit ramp to northbound S.R. 7/U.S. 441 to support ramp merging and improve sight distance safety for shared-use path pedestrian crossings.
- Widening the eastbound S.R. 862/I-595 exit ramp to northbound S.R. 7/U.S. 441 from one lane to two lanes, maintaining an outside travel lane that converts to a dedicated right-turn lane at the S.R. 7/U.S. 441 and Riverland Road intersection.

These upgrades are designed to enhance overall safety and connectivity for the community while improving traffic operations in this area. For more information please visit: [State Road \(S.R.\) 7/U.S. 441 & Interstate Ramps, and the North Fork New River \(C-12\) Canal Improvements Project](#)
