

FLORIDA DEPARTMENT OF TRANSPORTATION INVITES YOU TO A PUBLIC MEETING

ADD LANES AND RECONSTRUCT

Port St. Lucie Boulevard from south of Becker Road to south of Paar Drive
St. Lucie County, Florida
Financial Project ID: 431752-3-52-01

The Florida Department of Transportation (FDOT) will conduct a public meeting for the above referenced project within St. Lucie County. This public meeting will be offered in-person and virtually simultaneously. The public meeting will have representatives available to answer questions. Project information will be available for public viewing. Questions and comments may be submitted prior to the meeting by contacting the FDOT Project Manager, Vandana Nagole, P.E.. The presentation will start at 5:30 p.m. followed by a question-and-answer session. Project information is posted at: <https://d4fdot.com/future-projects/431752-3/>

PURPOSE OF PROJECT: The purpose of this project is to provide additional capacity on Port St. Lucie Boulevard to meet anticipated population and employment growth, and improve access for bicycle and pedestrian users.

PROPOSED IMPROVEMENTS

- Widen Port St. Lucie Boulevard from a two-lane undivided roadway to a four-lane divided roadway separated by an 18-foot wide median.
- Add 8 to 10-foot-wide shared-use paths on both sides of the roadway to create options for efficient travel choices like walking or biking which reduces traffic congestion, benefits the environment, and improves community health.
- Replace and upgrade signs and pavement markings to meet current standards and increase reflectivity.
- Upgrade the lighting system to enhance safety for nighttime users of the corridor.
- Beautify the corridor within the project limits by installing landscape and hardscape improvements

CONSTRUCTION IMPACTS

- Possible road closure during construction of the bridge.
- Work will be done in phases to reduce the effects of construction on the community provided at that meeting.
- Another public meeting (Construction Open House) will be held prior to construction. Detailed information about how to keep informed of potential construction impacts will be provided at that meeting.

CONSTRUCTION INFORMATION:

- Anticipated Construction Start: **Fall 2027**
- Anticipated Construction End: **Spring 2030**
- Estimated Construction Cost: **\$21 Million**

The Florida Department of Transportation's Mission Statement is to provide a safe statewide transportation system that promotes the efficient movement of people and goods, supports the state's economic competitiveness, prioritizes Florida's environment and natural resources, and preserves the quality of life and connectedness of the state's communities.

ROAD DESIGN IN PROGRESS

ADD LANES AND RECONSTRUCT

Port St. Lucie Boulevard from south of Becker Road to south of Paar Drive

- Construction of... will... se
- ... work on west and east side of the corridor to facilitate construction of new

lanes.

THIS IS HOW I ROLL

Community feedback is at the core of all we do. FDOT works with the public to balance their community vision with the community's transportation needs. This is routine on all our projects to ensure Florida's infrastructure is safe, resilient, and efficient for many years into the future.
