**U.S. 27/State Road (S.R.) 25 Everglades Agricultural Area (EAA) Reservoir
Inflow-Outflow Canal Bridges Project**
At 27 Miles North of the U.S. 27/I-75 Interchange
In Unincorporated Palm Beach County, FL
Financial Project ID: 448136-1-52-01

U.S. 27/S.R. 25 EAA RESERVOIR INFLOW-OUTFLOW CANAL BRIDGES PROJECT

The Florida Department of Transportation (FDOT) is pleased to provide information regarding the U.S. 27/S.R. 25 EAA Reservoir Inflow-Outflow Canal Bridges Project at 27 miles north of the U.S. 27/I-75 Interchange in Unincorporated Palm Beach County. This project aims to enhance and modify the existing U.S. 27/S.R. 25 roadway to support ongoing Everglades restoration efforts.

Construction Cost: \$20.9 Million **Construction Start:** January 2026 **Estimated Completion:** Late 2028

PROJECT IMPROVEMENTS

- Dredging a new canal in partnership with South Florida Water Management District for future connection to the EAA reservoir.
- Constructing northbound and southbound U.S. 27/S.R. 25 bridges over the South Florida Water Management District canal to facilitate enhanced stormwater resiliency.
- Milling and repaving the roadway throughout the project limits to enhance infrastructure resilience and safety.
- Constructing drainage and roadside swales for stormwater treatment and storage.
- Installing guardrail and concrete barrier walls to enhance motorist safety.
- Upgrading signage and pavement markings to enhance visibility and safety.

TRAFFIC IMPACTS

- Work will occur in phases to minimize impacts to the public.
- Lane closures may occur as needed and advance-notice signage will be posted on site.
- The speed limit within the project limits will be reduced from 65 mph to 55 mph.
- Access to local agricultural fields will be maintained at all times; however, access to the south entrance of the EAA will be through the north access point during construction of the southbound bridge.
- Temporary closure of the existing agricultural bridge will be in place while construction activities are completed.
- Access to adjacent properties will be maintained at all times.
- Additional information about lane closures, detours, and pedestrian impacts will be provided in the weekly traffic report distributed by FDOT and can be viewed using the following link:
