PROJECT PURPOSE: This lighting improvement project will enhance roadway safety by improving lighting and visibility along the corridor.

PROPOSED IMPROVEMENTS

- Install new LED light poles along both sides of South Quadrille Boulevard to improve corridor visibility and safety.
- Enhance lighting at signalized and midblock pedestrian crosswalks to improve pedestrian visibility and safety.
- Replace sidewalk sections where lighting is installed.

CONSTRUCTION IMPACTS

- Temporary lane closures will be required during construction. Lane closures will be performed at off-peak hours.
- Access to properties will be maintained during construction.
- Temporary pedestrian paths and detours will be provided for work impacting existing sidewalks.

CONSTRUCTION INFORMATION

- Anticipated Construction Start: Fall 2027
- Anticipated Completion End: Spring 2028
- Estimated Construction Cost: \$1.7 Million

FLORIDA DEPARTMENT OF TRANSPORTATION MISSION STATEMENT

The Florida Department of Transportation's mission is to provide a safe statewide transportation system that promotes the efficient movement of people and goods, supports the state's economic competitiveness, prioritizes Florida's environment and natural resources, and preserves the quality of life and connectedness of the state's communities.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons who require special accommodations under the Americans with Disabilities Act (ADA) or persons who require translation services (free of charge) should contact Ronald Wallace, P.E., FDOT Project Manager.

ROAD DESIGN IN PROGRESS

LIGHTING IMPROVEMENT PROJECT

State Road (S.R.) 5/U.S. 1/South Quadrille Boulevard from Lakeview Avenue to Banyan Boulevard

Community feedback is at the core of all we do. FDOT works with the public to balance their community vision with the community's transportation needs. This is routine on all our project to ensure Florida's infrastructure is safe, resilient, and efficient for many years into the future.
